- The **winter system** allows also to follow the ambient climatic conditions from 0 to 32°C
- Shelves made from Sapele, a **durable and rot-proof hardwood**, with a high chargeability (up to 52 bottles* for a fixed shelf)
- **Available accessories** to adapt your cellar to your needs (fixed or sliding shelves, presentation kit, reversible COLLECTOR shelves, etc.)

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 10°-32°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 5 shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.
