78CM INDUCTION COOKTOP WITH STAINLESS STEEL FRAME
4 COOKING ZONES AND HIDDEN SLIDER WITH WHITE LED

Exclusive Metal Framses

Exclusive optional metal framses in Stainless Steel, Carbonio, and Gold enhance the cooktop’s distinctive look, adding a layer of refinement that seamlessly blends with any kitchen decor. These finishes are meticulously crafted to provide both durability and aesthetic appeal, ensuring a timeless and premium appearance.

The Future of Cooking

Combining precision engineering, refined Italian craftsmanship, and innovative technology, Bertazzoni induction cooktops redefine the cooking experience. With their outstanding performance and sophisticated design, they transform everyday meals into effortless and enjoyable culinary moments.

New Bertazzoni made-in-Italy induction cooktops

Bertazzoni introduces a new Premium and Super-Premium induction cooktop line-up, made in Italy, marking a milestone in the brand's history. These cooktops combine cutting-edge technology, superior performance, and an elegant minimalist design, setting new standards for modern kitchens.

Distinctive Italian Design

The hidden user interfaces and minimal serigraphies contribute to a clean and refined aesthetic, blending seamlessly into modern kitchen environments. When the cooktop is powered off, the interface remains completely invisible, preserving the minimalist design. When activated, the hidden slider control provide an intuitive and sophisticated user experience.

Unmatched Cooking Performances

The Flexi-Zone Technology enhances cooking flexibility by linking adjacent cooking zones, enabling the use of larger cookware or griddles while maintaining uniform heat distribution. The octagonal induction elements optimize energy efficiency and eliminate hot spots delivering consistently superior results.

GENERAL CHARACTERISTICS

Control type	Hidden single slider with white led
Control position	Front
Power limitation	Yes
Child lock	Yes
Residual heat indicator	Yes
Overflow security	Yes
N° Cooking Zones	4
N° Multizone	1 Multizone
Grill function	Yes

COOKING ZONES
