

Rehabilitation

Whether inpatient, outpatient, or in your home, our goal is your goal: to help you get better and back to your active lifestyle, doing the things you love. Rehabilitation at Genacross Lutheran Services is an important part of our commitment to wellness. We take a multi-faceted approach to therapy that makes you stronger, helps improve muscle tone and coordination, and increases self-management and prevention.

With programs that are designed to strengthen the body, engage the mind, and enliven the spirit, we help our patients achieve their highest level of independence. Our spacious therapy gyms and dedicated unit for short-term patients help us set the standard for excellence in rehabilitation.

Our Program at a Glance

- Physical, occupational and speech therapies
- Personalized care plans with a focus on returning patients to home
- Leading-edge treatment approaches in:
 - Orthopedic injury/post-surgical care
 - LSVT Parkinson's therapy
 - Cardiac rehabilitation
 - Pulmonary rehabilitation management
 - Neurological and stroke rehabilitation

150 YEARS OF HELPING OTHERS

Genacross Lutheran Services, formerly known as Lutheran Homes Society, has been serving and inspiring people in need for over 150 years. We first opened our doors to orphans, then seniors, and eventually to people of all ages and backgrounds. We now serve more than 3,600 people throughout northwest Ohio and southeast Michigan.

A Christian organization supported by nearly 170 Lutheran congregations across the region, we care for people throughout all stages of life's journey. Our services for seniors include affordable housing, independent living, assisted living, nursing care, complex medical care, memory care services, and more, but our most important offering to older adults is respect for their dignity and worth as human beings.

OUR MISSION

Inspired by the Christian faith, we embrace individuals and families with compassionate care and services throughout life's journey.

OUR VISION

Through our faith and work, we strive to be a forward-thinking, compassionate organization that improves the lives of current and future generations.

OUR VALUES

Faithfulness to Christ	Integrity
Equality and Justice	Quality of Service
Wholeness of Life	Stewardship of Resources

GENACROSS LUTHERAN SERVICES WOLF CREEK CAMPUS

Located on 46 scenic acres in Lucas County, our Wolf Creek Campus offers a beautiful and welcoming place for seniors of all faiths to call home, whether it's for a short rehabilitation stay or a more long-lasting living arrangement. The Wolf Creek campus features a full continuum of residential and health care services, from independent living to assisted living and medical care and therapy services.

Our caring, dedicated staff creates a welcoming and homelike environment, with compassionate care that will exceed expectations. The scenic campus offers paved, lit walking paths, gazebos nestled in picturesque garden settings, a beautiful chapel for worship, and a wide range of social activities to engage residents and enhance their lives.

Creekside Independent Living

Creekside offers elegant and gracious residences for seniors who wish to live independently without the worry and care of maintaining a home. Individuals can purchase or lease the condominiums, which come in one-, two-, or three-bedroom layouts. Each condo also features a spacious living area with a full kitchen and a private patio or balcony. An underground parking garage provides protection from the elements year round.

Services and amenities include exterior and interior maintenance, four-season grounds care, a formal dining room overlooking a wooded landscape, a private family dining room, a library, and a well-equipped exercise room. This vibrant community also offers many social opportunities for seniors to embrace life, along with the peace of mind that comes with having additional levels of care available on campus.

Forestview Assisted Living

An independent lifestyle with just the right amount of assistance, surrounded by warmth, caring and compassion – that is what our assisted living team strives to accomplish for each resident. We also provide a comfortable home where residents can decorate their apartments with personal touches and furnishings to make it their own.

Residents have the support of professional staff to ensure they remain as active and independent as possible. We offer varying levels of care options – from moderate to more comprehensive assistance. Residents receive individualized services and an array of activities tailored to their interests and abilities.

Pineview Health Center

Whether the need is for short-term, post-acute nursing care and rehabilitation, or long-term care, our services combine compassion with advanced nursing competency to meet the needs of individuals, and those who love them. Our team of professionals places you and your needs at the center of everything we do. We create individual care plans that promote independence and lead to better outcomes – all in a comfortable, homelike setting.

Residents in skilled nursing can receive: post-surgical care, orthopedic rehabilitation, stroke rehabilitation, IV therapies, wound care services, nutritional expertise, pain management, and care coordination.

Memory Support: When memories of bygone days eclipse the immediate past, home becomes more than a place. For those affected by dementia and memory loss, home needs to evoke feelings of warmth, security, and unconditional acceptance. Genacross is creating such homes through its memory support program. We provide therapeutic environments, creative activities, and well-trained staff who help residents feel secure and valued.

Spiritual Support: Offering spiritual care to those living in our communities and to their families is an essential part of what we do every day at Genacross Lutheran Services. Available 24 hours a day, our chaplains are specially trained to provide for the emotional and spiritual needs of older adults and their loved ones.

Medical Team: Genacross partners with a team of physicians and nurse practitioners who work with residents. These health care professionals have the opportunity to spend quality time with each individual to get a complete understanding of his/her unique situation.

Respite Care: When you care for someone at home, Genacross can provide you a break and a safe, enriching place for your loved one to stay for a few days, or sometimes longer. Our respite care services provide your loved one with engaging social activities, healthy meals, medication management, personal care, and more.
