

Geotab for Small Business

Smart tools for growing businesses

Save time, money and create a safer business with Geotab

Small businesses have big needs. Getting work done and keeping customers happy is a full-time job, and then some. Let Geotab help you with vehicle management and finding cost savings, so you can focus on growing your business.

Geotab Small Business Plan

Manage and optimize your vehicle use from one, user-friendly platform. Geotab is easy to install and use.

Benefits:

- Reduce costly repairs by scheduling vehicle maintenance reminders.
- Lower fuel costs with visibility into fuel consumption.
- Simplify payroll with accurate driver start and end times.
- Create safer drivers and reduce collisions. Set up in-vehicle alerts for speeding, harsh braking, seat belt use and more.

How can we help?

With Geotab for Small Business, you get just what you need, with room to grow.

GPS vehicle tracking

Engine data
