

Field Partner Program

Become a Field Partner to earn rewards for bringing Bitcoin adoption and financial empowerment to your circular economy.

Field Partners are local trust layer for local initiatives

They find, onboard, and support credible local projects on the ground – through their local network, workshops, activities. And they get rewarded for it.

A collaboration to bring Bitcoin financial tools and funding opportunities to local realities

By joining forces and creating the right aligned incentives we can unlock ways to accelerate Bitcoin adoption and financial empowerment in local realities.

Geyser brings

the tools, contributor community, and capital

Field Partners bring

local trust, context, on the ground operations.

Bitcoin capital, tooling and trust

We can enable local realities to get access to Bitcoin capital, financial tooling & community.

What Field Partners receive

Being a Geyser Partner pays you for projects you help to on-board to Geyser, gives you added trust, and gives you access to 0% interest capital you can allocate to your circular economy.

Ongoing Earnings

- 5k sats per on-boarded project
- 10% of all contributions to on-boarded projects

Credibility & Reputation

- Create projects on behalf of beneficiaries.
- Earn Field Partner Badge, Impact Fund page, mentions in quarterly reports.

Access to 0% capital

Access to "Recoverable Grants" capital with 0% interest - similar to micro-lending.

The ask is simple and dynamic

Simply uphold and grow your reputation and share updates on your Geyser projects. These will help us feature your project in our quarterly Impact Fund reports.

The more projects you on-board the more we will feature you and reward you in Sats per projects on-boarded.

See the Field Partner Leaderboard:

MONTHLY

Project updates

ALWAYS

Uphold reputation

ONGOING

On-board local projects, host workshops, etc.

Trusted hubs should already show local traction.

We are looking for partners who are already active, trusted, and connected locally.

Debt-free capital that can return and be reused.

Recoverable Grants are debt-free recoverable grant capital for local entrepreneurs. When a business succeeds, capital can be returned and reused to support future local projects.

KEY PROBLEM

Local entrepreneurs need growth capital, but funders need trusted local context.

Field Partners provide the trust layer, participant sourcing, follow-up, and local insight that make reusable grant capital practical.

Get started on Geyser

Only Field Partners have access to Recoverable Grants. Get started by creating your first Recoverable grant in the creation flow and Geyser will follow up with next steps.
