# OneScreen™ Lessn

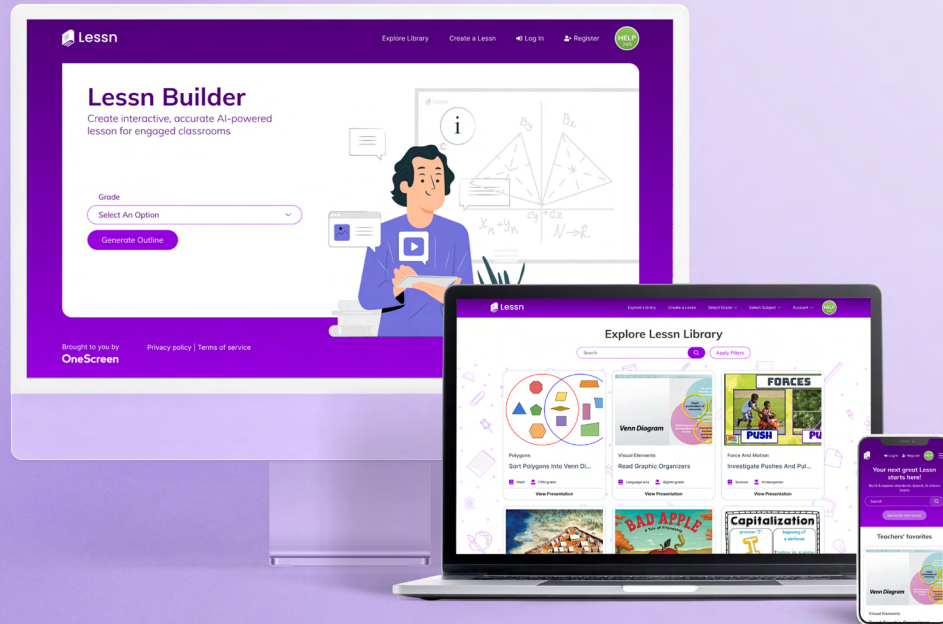

Build & explore standards-based, AI-driven lessns

Spend more time on your students, less on lesson plans. Teach smarter with Lessn's AI engine that provides a solid foundation for your lectures, ensuring you're delivering the most effective and engaging content.

- Leverage a repository of thousands of pre-made lessons for grades K-12

- Exciting visuals, simple and easy to understand content and teacher's notes

- Generate exciting visuals and easy to understand content, packed with teacher's notes

- Easily integrate your generated content with Google Slides

OneScreen™

Your next great Lessn starts here!
