

INVITATION TO BID

Satellite Systems, Ground Segments and GIS Applications/Solutions

Geo-Informatics and Space Technology Development Agency invites sealed bids from interested parties for the development of the Satellite Systems, Ground Segments and GIS Applications/Solutions under THEOS-2 Project. The purpose of the THEOS-2 is to deliver values from space to Thailand beyond what achieved by the THEOS-1. Currently the THEOS-1 consists of a satellite, a number of application systems and a ground receiving station networks. The THEOS-2 is aimed to institute an integrated area-based solution enabler platform by leveraging remote sensing technology, geo-spatial technology and big data analytics to address key priorities of Thailand as mentioned in the 20-year National Strategic Action Plan (2017-2036) and the 12th National Economic and Social Development Plan. The provision of external data, solutions and applications, very high resolution satellite and small satellite systems, IT infrastructure design, capacity building and technology transfer, engineering model together with other works as defined in these Bid Documents shall be hereinafter referred to as "the Works".

The development period is 1826 days.

Interested parties may obtain further information from the office of GISTDA, at
Geo-Informatics and Space Technology Development Agency (Public Organization)

120 The Government Complex Commemorating His Majesty The King's 80th Birthday Anniversary, 5th December, B.E. 2550 (2007) Ratthaprasasanabhakti Building 6th and 7th Floor, Chaeng Wattana Road, Lak Si Bangkok 10210, Thailand

Telephone: +6621414499

Fax: +6621439603

E-mail address: theos2@gistda.or.th
