the unexpected guest®

## Who we are!

Our company is Wambool Dreaming Pty Ltd trading as The Unexpected Guest. The two names have significance and illustrates our worldview and the importance of strong values. The logo we created is rooted in our experiences of growing up on country where there was an abundance of wildlife, and the kangaroo was and is a prominent feature. Our logo, the kangaroo paw represents this prominence and the dots flowing through the paw is the Wambool River (aka Macquarie River) in Wailwan Country, Central West, New South Wales Australia.

## What we do!

We make products with clean, healthy, and unrefined ingredients sourced from Australian businesses, farmer's and food producers. Our goal is to produce Australian Certified Organic breakfast muesli / granola and premium snack products infused with Australian Indigenous ingredients. The artwork on our packaging helps you to know the products inside are tasty and nutritional plus versatile. Our Health Bars are a perfect fit for when you are going on long drives, sitting with friends, going on walks, cycling, or swimming at your favourite beach, waterhole or river.
