Definitions:

Network – an association of independent firms that performs services under their own names. Members are listed on the association’s website with contact details: lawyers, email, address and firm description.

Law Firm/Verein – an organization which operates under a common brand. This would include vereins which are organizations composed of financially independent firms.

Global – More than 100 offices in 50 or more countries

International – More than 50 offices in 25 countries
