

FACILITIES MANAGER

FACILITIES MANAGEMENT PATHWAY

LEVEL 4 APPRENTICESHIP STANDARD

BUILD HIGH-PERFORMING WORKPLACES. LEAD OPERATIONAL EXCELLENCE. DRIVE CONTINUOUS IMPROVEMENT.

This apprenticeship develops confident Facilities Management professionals who can lead people, manage operational performance, oversee compliance, and deliver value across buildings, estates, and workplace environments.

Combining strategic facilities management knowledge with leadership, sustainability, asset management, and operational excellence, the programme equips learners to make informed decisions, improve service delivery, and create safe, efficient, and resilient workplaces.

FOR INDIVIDUALS

Develop the leadership capability, commercial awareness, and operational expertise needed to progress within Facilities Management, Estates Management, Property Services, and Workplace Leadership roles.

FOR EMPLOYERS

Develop FM leaders who can improve operational performance, strengthen compliance, and drive value across your organisation's estate and workplace environments.

PROFESSIONAL RECOGNITION

The IWFM Professional Recognition, recognised across the FM sector, demonstrates commitment to industry standards and professional development.
