alle also coached Chris Bready to the 2017 NCAA Championships, marking the first time a UC male swimmer qualified since 2010. The men's team had a historic season under Commons-DiSalle in 2018 when it won its first American Athletic Conference Championship and she was named Male Swimming Coach of the Year. She then backed that up with a men's repeat championship in 2019 and the women's team finished runner-up at the conference championship for the second straight season, along with another Men's Swimming Coach of the Year honor. Cincinnati also has collected a total of 52 individual titles at the American Athletic Conference championships and 30 school records during Coach DiSalle's tenure.

Coach Commons-DiSalle guided the men's team to a second place finish and the women's team to a fourth-place finish at the AAC Championships. Blake Hanna won the 200 backstroke for the second year in a row and Michael Balcerak was named AAC Male Swimmer of the Year. A total of 13 Bearcats found places on the podium throughout the meet.

In 2021, DiSalle guided four Bearcats as they competed at the 2020 Olympic Swimming Trials in Omaha, Nebraska. Blake Hanna qualified in the 100m and 200m backstroke, finished second in Wave 1 with a time of 2:00.11 to earn his way into Wave 2. Hunter Gubeno qualified in the 100m and 200m backstroke and the 200m individual medley. Kevin Leibold qualified for the 200m butterfly and Connor Funke qualified in the 200m breaststroke.

Under head coach Commons-DiSalle, the men's team finished second and the women's team third at the 2021 AAC Championships. The Bearcats finished with a record number of American Athletic Conference podium finishes with a total of 36, with eight of those being conference champions. The men swept the podium in the 500 Free for the third consecutive year, and Michael Balcerak won all three of his individual events (500 free, 100 butterfly, 200 butterfly) to earn American Athletic Conference Men's Swimmer of the Year.

The 2020-21 season was also highlighted with a total of 42 All-Time Top Ten Times in school history and six school records broken: Blake Hanna in the 100m breaststroke and 200 breaststroke, the men's 200m freestyle relay, the men's 400m freestyle relay, the men's 200m medley relay, and

the men's 400m medley relay.

Commons-DiSalle also led the Bearcats to academic success, with the highest men's and women's GPA in program history. The men finished the year with a 3.459 GPA and the women with a 3.727 GPA. There were also three UC One Team Award winners, with Matea Sumajstorc earning Newcomer of the Year, Camryn Streid the Student Athlete Award Winner, and Zach Baecker earned the Nancy Hamant Scholar-Athlete of the Year Award.

At the 2020 AAC Championships, the men's swimming & diving finished first runner-up, taking home the silver with a total of 5 podium finishes, while the women's team finished third with 1 podium finish. Men's swimming & diving also continue to excel not only in the water but in the classroom as well by earning 20 AAC All-Academic Team selections and the women's team earning 26. Din Selmanovic brought home multiple awards including scholar-athlete-of the year, postgraduate leadership award, UC's 2020 Presidential Leadership Medal of Excellence, and was given the Jimmy Nippert Award at the 2020 One Team Honors. His success continues to bring light to the men's swimming & diving team and head coach Commons-DiSalle.

At the 2019 AAC Championships, ten men took home gold medals with a total of 24 podium finishers. Din Selmanovic became the first Bearcat to be named Most Outstanding Male Swimmer. The women maintained success with another runner-up finish after a big final-day push to jump to the second spot on the leader board. Outside of the pool, 29 women and 14 men received a spot on the AAC All-Academic Team. The women's team earned the AAC Team Academic Award after posting a program record 3.671 GPA in the spring. Once again, Commons-DiSalle saw the program recognized by the CSCAA for academic excellence. The women's spring GPA sat just outside the top-ten nationally while the men barely missed the highest GPA in the conference.

Commons-DiSalle led the Bearcats to one of its most historic seasons during the 2017-18 school year and was tabbed the AAC Men's Swimming Coach of the Year for her efforts. The men's team won the conference tournament title and the women placed second at the AAC meet for one of the best postseason performances in school history. 25 Bearcats were named to the All-Conference Teams following the meet with eight athletes earning individual championships. The men won their first relay championships in UC's AAC history.

Academic achievements also broke records during the 2017-18 school year. Both the men and women's teams posted their highest GPA's in program history in the spring. The women's team tied for the 15th-highest GPA in the nation. 13 individuals were recognized for strong academics by the CSCAA, more than any other program in the conference. The AAC honored 29 women and 21 men with AAC All-Academic Team distinction. Senior Chris Bready was named the American's Male Scholar-Athlete of the Year for swimming and diving, making it two Bearcats in a row to earn the honor.

Besides Keire and Bready making waves at the NCAA Championships, the 2016-17 saw a lot of success for the Bearcats. Nineteen student-athletes earned All-Conference recognition for the Bearcats with a total of 41 conference accolades. Keire was named the Most Outstanding Swimmer following the conference meet, making her the only athlete, male or female, to win the award for three consecutive years in league history. UC won six events at the conference meet including its first-ever women's relay victories. Academically, Connor Davis was named the 2016-17 Scholar-Athlete Sport Excellence Award winner for men's swimming from the conference and also earned CoSida Academic All-District honors. 43 members of the swimming and diving program were placed on the AAC All-Academic Team for achieving a GPA of 3.00 or higher.

The 2015-2016 season was a historic one for the Bearcats with 34 program Top-10 times, 14 NCAA B cuts, 11 school records, five individual American Conference titles, one NCAA zone qualifier and one NCAA A cut. There also were a record 18 new school record holders, with 15 of those

record holders returning for the 2016-2017 season.

Commons-DiSalle also led the Bearcats to academic success, ending the year with a cumulative 3.401 team GPA. In total, 46 athletes were nominated to UC's honor roll, 31 of which also were on the Dean's List. Additionally, 36 individuals earned a spot on The American All-Academic Team and four earned NCAA Academic All-America titles.

The Bearcats continued their successful 2015-16 season into the summer where Commons-DiSalle helped produce junior Gege Huffner to a 13th-place finish in the 200 breaststroke and a 6th-place finish in the 100 breaststroke at the French Olympic Trials. She also led Keire to a 6th-place finish in both the 100 and 200 freestyle at the Canadian Olympic Trials, placing her just shy of qualifying for the 2016 Canadian Olympic Team. In addition to the team's international athlete, Coach Di-Salle also had sophomores Ryan DePietro (400 IM) and Chris Bready (400 & 1500 FR) qualify for the United States Olympic trials. Former Bearcats student-athletes and 2010 NCAA national champion Josh Schneider also competed in both the 50 and 100 freestyle events at the U.S. Olympic trials, capping his career with a 5th-place finish in the 50 freestyle under the coaching of Commons-DiSalle.

Before being appointed as the head coach for Cincinnati on July 1, 2014, she spent five seasons as an assistant coach for the team from 2010-14. During her time as an assistant, Commons-DiSalle served as the recruiting coordinator for both the men's and women's programs. She was responsible for recruiting the eagerly anticipated 14-member signing class for the 2014-15 season which added depth to the UC roster in several events.

"Cincinnati is a great swimming town," Commons-DiSalle says. "There are great youth programs, which I was a part of growing up, strong high school teams and a wealth of prospective student-athletes and fans. We are going to do our best to keep those kids in Cincinnati while reaching out nationally and internationally to put together the best team we can."

Prior to arriving at UC she spent one season as a coach with the Cincinnati Marlins, developing swimmers aged 6-14, and two years as the owner of Varsity Athletic Consulting, a firm designed to help guide Cincinnati-area athletes through the college recruiting process.

Before entering the private sector, Commons-DiSalle began her collegiate coaching career as an assistant at the University of Toledo. While with the Rockets, she coordinated the budget, team travel and scholarship distribution while helping oversee the program's fundraising efforts.

Commons-DiSalle swam collegiately at Clemson where she was a four-time NCAA Championship qualifier, earning Honorable Mention All-America status in 2001 and 2002. She also was a National Strength & Conditioning All-American in 2000. She majored in economics with a minor in human resource management, receiving her degree from Clemson in 2003. She earned an MBA while coaching at Toledo.

Commons-DiSalle was a three-time Ohio High School Athletic Association (OHSAA) state champion at Sycamore High School, where she is enshrined in the school's athletic hall of fame. She and her husband, Eric, reside in Cincinnati.

KEATING AQUATICS CENTER

The University of Cincinnati opened the Keating Aquatic Center in early 2006. The Keating Aquatics Center is named after Bill Keating, Sr., who was a Bearcats student-athlete (BBA 1950, JD 1950), member of the UC Athletic Hall of Fame, a recipient of the NCAA Silver Anniversary Medal, and a former Chairman of the Board of the University of Cincinnati Board of Trustees.

Part of the \$113 million Campus Recreation Center, the natatorium features an eight-lane, 50-meter swimming course with an integrated diving well. The pool contains 12,000 square feet of water surface and includes a movable bulkhead that will provide a high degree of flexibility in training course configuration.

In March 2013, UC's Campus Recreation Center was ranked the No. 1 most amazing campus student recreation center in America by bestcollegereviews.org.

The Campus Recreation Center, as well as the natatorium, was designed locally by KZF Design, Inc., working with internationally renowned architect Thom Mayne of Morphosis, based out of Santa Monica, Calif. It was built by Turner Construction, and features a leisure pool as well as the varsity pool, a six court gymnasium, locker rooms, recreation offices, a food court, a juice bar overlooking the gym, a study lounge, administrative offices, weight/fitness areas and a climbing wall.

In the 2022-23 season the Bearcats are set to hold four home meets, three in the spring season. The meets not ticketed and attendance is free. Seating is first come, first serve.
