THE UNIVERSITY OF CINCINNATI

ABOUT UC

We've got a lot to share. The University of Cincinnati offers students a balance of educational excellence and real-world experience. UC is a public research university with an enrollment of more than 45,000 students and has been named "Among the top tier of the Best National Universities," according to U.S. News & World Report.

Today, more than a quarter-million living alumni count themselves as Bearcats — united not just by their loyalty to our nationally known sports teams, but by their common love of the place, the people and the ideas that make up the University of Cincinnati.

THE PLACE

Of course, nothing beats walking our campus and seeing it for yourself. Come and see why Forbes Magazine says UC is among the world's most beautiful campuses. Schedule a visit, and we think you'll agree with the New York Times that UC has the "most ambitious campusdesign program in the country."

THE PEOPLE

UC is so much more than inspiring architecture and a stunning campus. We are a premier academic institution and a public research powerhouse where more than 45,000 undergraduate and graduate students are empowered daily to challenge and change the world through some serious real-world learning opportunities.

THE IMPACT

As the largest employer in the region, UC's economic impact is \$4 billion. But it's our connection to the community that truly makes a difference. From medical students volunteering their time in local clinics to undergrads participating in service learning to faculty and staff working side by side as part of UC Serves, we are everything but an ivory tower.

THE IDEAS

Founded in 1819, our urban university has inspired countless transformative ideas. Over the years, UC people have defeated polio, invented Benadryl and even dreamed up the very idea of cooperative education. And it is that sort of innovation that drives hundreds of programs here, dozens of which are ranked in the Top 50 by U.S. News and World Report.

WE CALL IT HOME

Our home is an enormous part of our identity at the University of Cincinnati. As Bearcats, we live and learn on a campus that's internationally distinguished in terms of its stunning architecture and design. Our urban campus is interwoven into a thriving city full of career opportunities, cultural diversity and memorable experiences. More than anything though, it is our people that make it home.

OUR CAMPUS

We love talking about our inspiring campus, but don't only take our word for it. Forbes Magazine says UC is among the world's most beautiful campuses. We think you'll agree with the New York Times that says UC has the "most ambitious campus-design program in the country."

Our built environment and our buildings may be internationally known, particularly those designed by some of the world's top architects. The real beauty of the campus, however, extends well beyond impressive buildings with big-name designers.

The diverse academic settings, the cutting edge labs, the open green spaces and pavered pathways all have been designed intentionally to both arouse intellectual curiosity and prompt a healthy social culture. People thrive on our campus because it is a place where they can learn, problem-solve, collaborate with one another or simply have meaningful and memorable college experiences.

DIVERSE STUDENT BODY

The University of Cincinnati is made up of a large and diverse community where tens of thousands of students, faculty and staff from all across the globe come together each day to learn and live with one another. This is a premier academic institution and a public research powerhouse, yet it is the people who make it so.

We have more than 45,000 undergraduate and graduate students across multiple campuses, and our faculty and staff are here to empower them to challenge and change the world.

Experiential learning drives us here. From co-ops nearby to service learning overseas, we tend to learn by doing, and our students and faculty tote that real-world knowledge back onto campus where it informs our classrooms. It's absolutely part of who we are.

ADMISSIONS

Go beyond your "must-have" list. And get out your "it-would-be-great-if-it-had" list.

Because it's all here.

A fabulous campus, classrooms without boundaries and unlimited opportunity. It's everything to make your college experience unmatched. The University of Cincinnati continues to gain national and international recognition for outstanding academic programs, world-class faculty and successful co-op partnerships around the globe.

But don't just take our word for it. Schedule a visit, and see our beautiful campus for yourself.

THE CITY OF CINCINNATI

OUR CITY

Amidst the gently rolling hills along the Ohio River, Cincinnati spreads from the southwestern corner of Ohio into Northern Kentucky and southeastern Indiana.

Whether you are looking for professional opportunities, creative inspiration or just a great place to make memories with friends, you are in for something special in Cincinnati. It is a city in the midst of an exciting urban revival and a place known for its love of the arts, passion for sports and for its seriously impressive local food.

As the center of culture and commerce for a region of more than 2 million people, the Queen City is an important hub of the Midwest. The area is home to nine Fortune 500 companies and lays claim to one of the most vibrant startup ecosystems in the nation. People here experience big-city amenities — professional sports teams, major museums, pristine parks and cultural attractions — while enjoying a small-town friendliness and a collaborative vibe.

Our city is diverse, our heritage is largely German and our landscape is covered by hills — many of which offer a beautiful view of the scenic Ohio River. In recent years, Cincinnati has experienced an impressive renaissance of its urban core —from The Banks entertainment district and the downtown business corridor to the trendy Over-the-Rhine and Uptown neighborhoods near campus.

GETTING METROPOLITAN

The metropolitan Cincinnati population is 2.1 million. The metro area consists of Hamilton, Clermont and Warren Counties in Ohio; Boone, Campbell and Kenton Counties in Kentucky; and Dearborn County, Indiana. The city's population is about 356,000 and covers an area of 77.2 square miles.

CINCINNATI FORTUNE 500s

Cincinnati added another company to the Fortune 500 list this year, bringing the Queen City's total to 10 on the annual ranking of the largest public companies in the U.S. with another four in the top 1000.

Cincinnati USA employs more than 60,000 marketing, brand management, design, research, advertising and data-analytics professionals, making it an increasingly attractive region for diverse and millennial talent.

The office of Student-Athlete Support Services (SASS), along with members of the Student-Athlete Advisory Committee (SAAC), brought together all University of Cincinnati athletics teams for its annual ONE Team Honors event on April 18.

Tobler Time: Kaleigh Piscioneri (W-SOC).

Ben Flick Memorial Award: Constance Stormzand (LAX).

Dr. Simon Anderson Faculty Award: Dr. Daniel Carl, Associate Professor in the Department of Rehabilitation, Exercise and Nutrition Sciences.

Newcomer of the Year: Dominic Polling (M-SWIM/DIVE), Cane Broome (MBB).

Helen Norman Smith Award: Sara Wanasek (W-SWIM/DIVE).

Jimmy Nippert Award: Alex Bloom (M-T&F/XC).

Nancy Hamant Scholar-Athlete of the Year:

Vanessa Gilles (W-SOC), Adrian Valles (M-T&F/XC).

Jean Stephens Memorial Award: Gary Clark (MBB), Ana Owens (WBB).

ONE Team Student-Athlete Award: Gary Clark (MBB).

COMMUNITY SERVICE

The Cincinnati Bearcats take pride in their athletic and academic accomplishments. They also hold a unique place for their Cincinnati community and express that through engaging outside of sport. Each of our 19 teams do their part each year to give back to the community that supports them.

During the 2017-2018 academic year, UC student-athletes completed over 3,200 hours of community service, visiting mor than 20 separate sites. Some partnerships that were made include the Boys and Girls Club, Bearcats Dash & Bash, National Girls and Women in Sports Day, Special Olympics, Cincinnati Reds Urban Youth Academy, Cincinnati Children's Hospital, Jose Cerda Swim Clinic, Habitat for Humanity, Operation School Bell, Girls on the Run, UC Dance Marathon, UCATS Thank-A-Thon, Ronald McDonald House, YMCA Relay for Life, Free Store Food Bank and Light the Night Walk.

» DURING THE 2017-2018 ACADEMIC YEAR, UC STUDENT-ATHLETES COMPLETED OVER 3,200 HOURS OF COMMUNITY SERVICE.

Within the athletic department we have two annual community engagement initiatives that are organized by UC student-athletes.

One of the major events sponsored by UC studentathletes is Gatorade Pong. Put on annually by the Student-Athlete Advisory Committee (SAAC), the tournament style event includes raffles, prizes and food. All of the proceeds go to Mother's Against Drunk Driving to promote education and safe driving. The event includes representation from all of our teams as well as faculty, staff and the Cincinnati community.

The Bearcats partnered with the Ronald McDonald House this year with both athletes and members of the Athletic Department staff held a gift drive to benefit the children and their families.

STRENGTH & CONDITIONING

<u>^</u>

Strength and conditioning is one of the most important ingredients of any successful college athletic department. To help the Bearcats' student-athletes maximize their athletic potential, UC combines a modern, comprehensive facility with the latest techniques in sports performance.

The goal of the strength and conditioning program is to develop the total athlete. The strength and conditioning staff works with UC student-athletes in the following areas: strength/power, agility/skill development, nutrition, mental toughness, speed, flexibility, conditioning and injury prevention to lead to total athlete development.

No area is given greater attention and emphasis than strength and conditioning.

With the opening of the Richard E. Lindner Athletics Center, the Bearcats utilize a 22,000-square-foot strength training facility, one of the largest in the nation. The facility includes state-of-the art equipment and an artificial turf warm-up area, trimmed in the same surface UC plays on at Nippert Stadium, Gettler Stadium and Marge Schott Stadium.

In 2013, the mirror-covered space received an overhaul, including painting, new Olympic weights, 36 racks and a new top-of-the-line flooring system.

Space within the weight room was also redistributed in a more efficient manner, allowing multiple teams and groups to work out at the same time.

In the summer of 2014, a nutrition bar was added; ensuring UC student-athletes will have access to pre- and post-workout nutritional shakes and NCAA-regulated supplements.

Brady Collins heads up the football strength and conditioning staff and is assisted by Danny Folino, Parker Showers and DeAndre Ward.

Mike Rehfeldt oversees the men's basketball program while Kelly Powers leads the women's basketball and Olympic sports effort along with the help of Lauren Kelly, Tommy Chadwell and Orlando Smith.

UNDER ARMOUR APPAREL

UNDER ARMOUR.

The University of Cincinnati Department of Athletics officially welcomed Under Armour to the family as the global performance brand began its tenure as the official outfitter for UC's intercollegiate athletics program starting July 1, 2015.

The long-term partnership was originally announced on April 2, 2015.

As part of the multi-year agreement, Under Armour exclusively designs and supplies the footwear, apparel and equipment for training and gameday uniforms for each of UC's 19 men's and women's varsity athletic teams beginning in the 2015-16 season.

In addition to outfitting the Bearcats, the brand integrates the University into its wide-ranging storytelling efforts, including global marketing campaigns, social media initiatives, in-store promotions and grassroots activations.

"Our talented players, coaches and staff are excited to share this relationship with our dedicated fans and demonstrate how two hot brands will take the Bearcats to new heights," Director of Athletics Mike Bohn said. "Under Armour has made a significant commitment to UC which allow us to strive for even more significant achievements. We share a passion to provide our student-athletes with all the cutting edge tools to compete at the highest level."

The affiliation further expands Under Armour's leadership in providing proven performance benefits to college athletes on all playing fields. Cincinnati became the brand's 15th Division I all-school partnership.

SPORTS MEDICINE

The University of Cincinnati's sports medicine program is responsible not only for helping student-athletes make speedy recoveries from injuries, but in preventing injuries from occurring.

UC's sports medicine program is a comprehensive approach to the injury care and the wellness of the University's over 500 student-athletes, utilizing state-of-the-art diagnostic and treatment equipment with the latest methods in the care and prevention of injuries.

Its objectives are simple: to prevent injuries, to rehabilitate injuries, to adjust to the stress following injuries and to educate student-athletes about various wellness issues. Athletic trainers are present at every practice and event to monitor the health of the student-athletes and respond to injuries.

The goal is to get UC's athletes back in the classroom and on the playing field functioning at 100 percent capacity. New student-athletes are carefully examined before they participate to detect potential problems. All student-athletes are afforded state-of-the-art therapeutic care.

During the summer of 2011 and following an extensive departmental review, UC made the decision to outsource it sports medicine operation to Select Medical, the parent company of NovaCare Rehabilitation, which is UC's longtime provider of rehabilitation services.

Under the direction of Associate AD/Sports Medicine Bob Mangine, UC's athletic trainers are the backbone of the sports medicine program. Mangine, drawing on more than three decades in the sports medicine and physical therapy fields, supervises a staff of 12 athletic trainers and two physical therapists.

UC has some of the top doctors in the country on staff, led by Head Team Physician Dr. Jon Divine and Director of Orthopedic Services Dr. Angelo Colosimo.

Cincinnati is on the forefront of concussion prevention and management thanks to Dynavision Training. In 2010, wanting to address the prevention and management of concussions in its own athletes, UC called on medical researchers at UC to develop a Concussion Prevention Program. What resulted is a training program that helps athletes improve their peripheral vision and neurovisual performance to protect themselves from potentially violent collisions. Since the introduction, UC athletics has seen an 80 percent drop in concussions.

UC's state-of-the-art sports medicine facility caters to the needs of UC's student-athletes. Features of the training room include over 4,000 square feet of space for treatment and taping, spacious office suites for training staff and physicians, hydrotherapy areas, a physicians' exam area and x-ray facilities.

UC Health provides nationally-recognized specialists who are immediately accessible. University of Cincinnati Medical Center, a nationally recognized medical center, is immediately adjacent to UC's campus, providing Bearcats student-athletes the absolute best in health and medical care. UC Health Imaging Centers has an MRI diagnostic center within the Richard E. Lindner Varsity Village complex.

COLDSTREAM COUNTRY CLUB

<u>^</u>

Coldstream Country Club serves as the backdrop for the annual Bearcat Invitational, Sept. 25-26, 2017, in Cincinnati. The facility is one of Cincinnati's premier private clubs, situated on 190 idyllic acres, featuring an elite, championship 18-hole golf course. It has hosted numerous Ohio amateur and open championships as well as USGA qualifiers.

PRACTICE **FACILITY**

The privately funded project completed in Spring 2018 features a 2,300-square-foot short game area with two greens for chipping and pitching along with three bunkers; a 15,000-square foot wedge area includes a tee with three target greens, allowing the Bearcats to hit shots from 40-90 yards; and a new driving tee with target greens spread through the range.

GOLF SIMULATOR

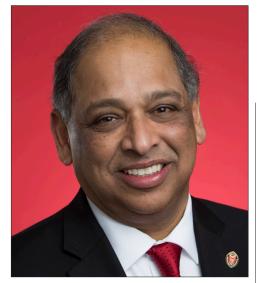

In 2012, the University of Cincinnati golf programs introduced a virtual golf simulator as a practice and training tool for their student-athletes. The simulator is an aboutGolf Indoor Golf Simulator, based out of Toledo, Ohio, and is endorsed by the PGA Tour. This state-of-the-art, technologically advanced simulator reads out balance points in the user's feet so that it becomes a great teaching tool. It allows the Bearcats to do everything from driving, to full-swing shots, chipping, short-game shots, and putting to simulate play on the course.

CINCINNATI ADMINISTRATION

eville Pinto was appointed by the University of Cincinnati Board of Trustees to serve as the university's 30th President. He took office on Feb. 20, 2017.

Recently, President Pinto served as acting president and professor of chemical engineering at the University of Louisville. He has spent his entire career as a university teacher, researcher and administrator. Prior to joining the University of Louisville, Pinto served for 26 years on the faculty in chemical engineering at the University of Cincinnati, where he established the Adsorption and Ion Exchange Laboratory, which focused on research in biochemical and environmental engineering. His research included purification of genetically engineered drugs, the study of bio-membranes, and air and water

NEVILLE G. PINTO

UNIVERSITY OF CINCINNATI PRESIDENT

purification. His laboratory attracted over \$6 million in external research funding and trained 32 graduate students including 16 PhD students, many of whom have moved on to become leaders in industry and academia.

<u>^</u>

Earlier in his career at the University of Cincinnati, Pinto held a number of administrative posts, including Department Head for Chemical Engineering, Assistant Dean for Graduate Studies in the College of Engineering, and, most recently, Vice Provost and Dean of The Graduate School. As Dean, he had a leadership role in attracting major external awards totaling over \$10 million to the University of Cincinnati to support graduate and STEM education.

Pinto joined the University of Louisville as Dean of the I.B. Speed School of Engineering in 2011. While dean, his accomplishments included overseeing a major expansion in the enrollment of the college and spearheading the development of the Belknap Engineering and Applied Sciences Research Park. He significantly strengthened the university's relationship with GE, to develop a partnership that has led to significant educational and career opportunities for students and encouraged the company to bring its FirstBuild microfactory to campus. This effort earned the Silver Fleur-de-Lis award from Greater Louisville Inc. in 2015.

Between May 2015 and July 2016, Pinto served as Interim Executive Vice President and University Provost at U of L. During this period, he finalized the 21st Century University Plan and launched major initiatives to strengthen educational excellence, student success and access, research and community engagement. He was appointed Acting President in 2016.

Pinto was elected Fellow of the Graduate School of the University of Cincinnati based on outstanding scholarly attainment and was elected to the National Academy of Inventors in recognition of U.S. patents awarded. He has variously been active in the American Institute of Chemical Engineers, American Society for Engineering Education, American Chemical Society and is a member of the Tau Beta Pi Engineering Honor Society. He is also the recipient of numerous outstanding teaching and service awards.

Pinto was born in Mumbai, India. He was educated at the Indian Institute of Technology, New Delhi, where he earned his bachelor's degree in chemical engineering. He earned his MS and his PhD in chemical engineering at Penn State University.

CINCINNATI ADMINISTRATION

ike Bohn was named the director of athletics at the University of Cincinnati on Feb. 6, 2014. Bohn's career spans 30-plus years and includes record-setting achievements at multiple institutions.

His time in the Queen City has been impactful on and off the field. Bohn oversaw the opening of the \$86-million Nippert Stadium Renovation & Expansion project, is spearheading an \$87-million fundraising campaign to renovate Fifth Third Arena and has positioned UC as one of the top schools in the American Athletic Conference under his 'Class of the League' initiative.

Bohn has also implemented facility improvements at Gettler Stadium, Marge Schott Stadium and the Trabert-Talbert Tennis Center.

Academically, student-athletes have achieved recordsetting GPA's, achieving a 3.0 mark in 2014, 3.1 in 2014 and 3.2 in 2016. Bearcats student-athletes have hit the 3.0 GPA mark or better as a whole in 17 consecutive grading periods. UC's APR sits a four-year average of 983 with a most recent scored of 987 from 2014-15.

Four athletics programs, men's track & field, women's cross country, tennis and volleyball, received Public Recognition Awards from the NCAA based upon their academic excellence from the most recent multiyear Academic Progress Rate (2015-16). Each of the four teams carry APR scores that rank among the Top 10 percent of their respective sports.

The veteran athletics administrator has been active in the community and is one of the most sought-after speakers in Cincinnati, often sharing his message of team building and collaboration with everyone from Fortune 500 companies to numerous student organizations on campus.

He is active with the Cincinnati YMCA, helping to establish a partnership between the department of athletics and organization to provide basketball and soccer equipment to young athletes. He served as the 2016 chair of the Salvation's Army's local campaign and also works with the local chapter of the USO on initiatives.

MIKE BOHN

DIRECTOR OF ATHLETICS

<u>^</u>

In 2015, Bohn was honored as an active member of Pi Kappa Alpha's Alpha Xi Chapter for his efforts in bringing college athletics and greek life closer together. The chapter has since established the Mike Bohn Leadership Award, presented annually to an active member for excellence in leadership.

Bohn hired football head coach Luke Fickell in December 2016 and also tabbed Mandy Commons-DiSalle (swimming and diving), Maureen Housom (dance), Susan Seaton (track and field) and Eric Toth (tennis) to run their respective programs during his tenure.

UC received a certificate of excellence from the Tucker Center for Research on Girls & Women in Sport at the University of Minnesota and is the only institution to receive an "A" grade from the Women in College Coaching Report Card in each year from 2014-17.

He has helped establish a long-term partnership with Under Armour to serve as UC's official apparel provider, was instrumental in bringing USL soccer club FC Cincinnati to its current home in Nippert Stadium, negotiated off-site playing agreements for the men's basketball team at Northern Kentucky's BB&T Arena and the women's basketball and volleyball squads at St. Ursula Academy's Gymnasium and Convocation Center during the 2017-18 season and has expanded a beneficial relationship with longtime UC partner Pepsi, who owns pouring rights in UC's athletics venues.

As director of athletics at the University of Colorado from 2005 to 2013, Bohn successfully led its transition to the Pac-12 Conference. CU won four conference championship titles within two years, including the first for men's basketball in over 43 years. Meanwhile, Bohn enhanced academic support for scholar-athletes, resulting in departmental highs for APR and GPA.

He oversaw several multi-million dollar capital projects and facility upgrades, as well as secured the largest corporate sponsorship in school history. In 2008, CU garnered national attention for launching the first zero-waste stadium initiative at the college or professional level. In 2013, CU was named the most economically efficient athletics department in the nation by the Laboratory for the Study of Intercollegiate Athletics at Texas A&M.

Prior to the University of Colorado, Bohn served as director of athletics at San Diego State University. Under his watch, SDSU football increased season ticket sales by 27 percent and game-day attendance by 59 percent, in addition to setting a SDSU single-game attendance record of 57,000 against Idaho State. The SDSU baseball team set a NCAA single-game attendance record of 40,000.

As director of athletics at the University of Idaho from 1999 to 2003, Bohn successfully led their transition to the Division I-A ranks from the Big Sky Conference. Under Bohn, UI began construction on the Vandal Athletics Center, the first athletic facilities improvement in two decades. Additionally, he spearheaded a 20 percent increase in the Vandal Scholarship Fund and a \$350,000 surge in annual corporate support.

Bohn spent three years at Colorado State University as associate director of athletics. At CSU, he was responsible for all external revenue-producing operations, including: ticket sales; fundraising through the Greater Ram Club; licensing; corporate sales; signage; capital campaigns; broadcasting rights fees; and special events.

Prior to CSU, Bohn served as Director of Marketing for the College Football Association. The CFA, the precursor to the current Bowl Championship Series, consisted of six major football conferences encompassing 67 universities. Bohn assisted with the CFA's administration of a \$67 million television package involving ABC, ESPN and ESPN2.

He began his athletic administrative career at the Air Force Academy, where he played a major role in increasing football season ticket sales from 6,000 to 20,000 and in implementing a fundraising campaign that generated \$16 million for stadium improvements.

Bohn received a bachelor's degree from the University of Kansas, where he was recruited as a quarterback and also played baseball, and a master's degree in sports administration from Ohio University.

He is married to the former Kim Zeren, and they have a son, Brandon, and a daughter, Michaelyn Tynan, along with a son-in-law, John Tynan and grandsons, Chase and Luke Tynan.

2018-19 CINCINNATI MEN'S GOLF

MEET THE **BEARCATS**

COACHING STAFF

The profile of Cincinnati men's golf continues to rise under the direction of 13th-year head coach Doug Martin.

After joining the program as an assistant coach for the 2006-07 campaign, Martin has served as Cincinnati's head coach for the past 12 seasons. Coupled with an ambitious vision and determined work ethic, Martin has parlayed the program's recent fullyfunded status into newfound growth.

During the past five seasons, the men's golf team has registered 24 top-5 finishes and won three tournaments (2013 Clevland State Invitational, 2014 Bearcat Invitational and 2016 Firestone Invitational) while continuing to build respect nationally.

In 2017-18, the program reached a new height when two players - Austin Squires and Davis Baxter - were named all-conference performers in the American Athletic Conference.

Squires went on to qualify for the 2018 U.S. Amateur and advanced to the quarterfinals, the deepest run by a Bearcat in the nation's top amateur tournament in school history.

In 2016-17, the Bearcats caught the league by surprise, tying for second place at the American Championship. It marked Cincinnati's best finish at a conference tournament since claiming back-to-back Great Midwest Conference titles in 1993 and 1994. The Bearcats completed the year with their highest national ranking in program history (No. 92).

DOUG MARTIN

HEAD COACH | 13TH SEASON

Individually in 2016-17, Squires was named The American's Player of the Year and tied for 21st place at the West Lafayette NCAA Regional, marking the best NCAA Tournament finish by a Bearcat in school history. His 71.92 stroke average at year's end was the lowest in program history.

The Bearcats took their first measurable step toward national recognition under Martin in 2013-14, posting nine top-5 finishes while ranking as the nation's most improved team. By season's

end, the Bearcats rewrote the record books, recording the program's best scoring average (291.06), posting the most birdies (505) in a season and achieving its best national ranking (93). UC also won its first team title since 2008 after claiming the Cleveland State Invitational during the fall season. UC ended the year by finishing sixth at the inaugural American Championship.

Martin's UC teams also enjoyed success as members of the BIG EAST Conference in his previous four seasons as head coach, recording a pair of top-6 finishes at the BIG EAST Championship. Three players posted top-10 finishes at the league championship and three players earned AII-BIG EAST accolades.

During the 2012-13 season, Martin helped guide David Tepe to medalist honors at the BIG EAST Conference Championship. Tepe received All-BIG EAST accolades and became the fourth Bearcat in school history to participate in the NCAA Championships.

Martin also led the Bearcats to a strong finish at the 2011 BIG EAST Championship, placing sixth. Joe Kastelic and Tepe each posted top 10 finishes at the conference championship, with Kastelic taking home All-BIG EAST honors.

Martin tutored Alberto Fernandez, who became the second Bearcat in program history to earn all-league honors at the 2009 BIG EAST Championship.

Four Bearcats also have participated in the U.S. Amateur during Martin's UC tenure - Davis Baxter, Kastelic, Squires (twice) and Tepe (twice).

Martin joined the UC program as an assistant coach prior to the 2006-07 campaign and was promoted to head coach three seasons later.

PRIOR TO CINCINNATI

Martin has found success on all levels of golf, beginning with his days as a junior golfer in the mid-1980s. During that time, Martin was a two-time AJGA All-American and was ranked No. 1 in the nation in 1984. He moved on to more success on the amateur level, ascending to the No. 1 national ranking in 1989.

From there, Martin moved on to a successful collegiate career at the University of Oklahoma. While at OU, Martin won five individual titles and was a three-time All-American. Martin enjoyed a memorable moment in 1989 when he finished second in the NCAA Championship to current PGA star Phil Mickelson.

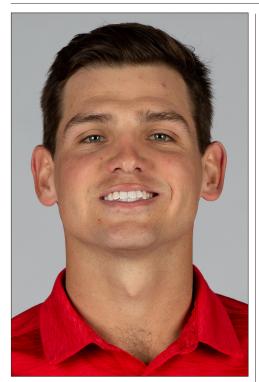

Following college, Martin played for eight years on the PGA Tour, and earned a pair of professional victories. In 1995, Martin lost a five-hole playoff to Vijah Singh at the Buick Classic.

Since retiring from the tour in 1999, Martin has been involved in golf instruction and course set-up. He is also manager and part-owner of The Golf Ranch in Burlington, Kentucky.

Doug and his wife Amy share a growing family: Cody (Kentucky, 2016 graduate) and Carly (Cincinnati, 2016), Macy (Cincinnati, 2018), Andy (Cincinnati, 2018), Alexandra (Cincinnati, 2018) and Samantha (Cincinnati, 2019). Macy's daughter, Gwendolyn, is Doug and Amy's first grandchild.

COACHING STAFF

AUSTIN FRICK

ASSISTANT COACH | FIRST SEASON

Austin Frick joined the University of Cincinnati men's golf program as an assistant coach in June 2018.

Frick's duties include assisting with practices, recruiting, evaluating players, golf fitness programming, club fitting and helping with oncourse education during tournaments.

Frick comes to Cincinnati after spending the past two seasons as a graduate assistant coach at the University of Tennessee. While in Knoxville, Frick assisted the Volunteers coaching staff, tracked and organized statistics and managed all performance and training equipment. He received his Master's degree in Kinesiology with a specialization in sports psychology and motor behavior from Tennessee in April 2018.

Since 2016, Frick also has worked as a mental skills coach using sports psychology training while consulting professional and amateur golfers as well as minor league baseball players.

Frick played Division I collegiate golf as a four-year starter at Francis Marion University in South Carolina where he earned Academic All-America honors his senior campaign. He earned his undergraduate degree in psychology from Francis Marion in 2015. He later served as a professional caddie for the Nordea Golf Tour in Sweden in 2015.

"The opportunity to join Coach Martin's staff and work with these incredibly talented players is one that I could not be more excited about," Frick said. "The environment and energy surrounding this program is truly something special and I look forward to facilitating these players in any way I can to help them reach their goals.

"My own personal objective is to not only grow great athletes, but all around excellent young men that can be successful at whatever they choose," Frick added. "My belief is that athletes perform their best on the course, when they first become the best overall versions of themselves."

2018-19 ROSTER & SCHEDULE

2018-19 Cincinnati Men's Golf. (L-R): Jack Kunkel, Clay Amlung, Andy Mayhew, Tommy Sullinger, Austin Squires, Paul Huber, Jake Fox, Nicolas Osterburg, Sam Jean and Mason Lenhart.
