WORLD ATHLETICS / USATF CHAMPIONSHIPS QUALIFYING:

New World Athletics and USA Track & Field policies require that marks to be considered for qualification to their championships (2023 outdoor championships) may only come from competitions that are sanctioned through World Athletics / USATF and abide by their rulebook. While this meet will be conducted under NCAA rules, it is also sanctioned by World Athletics and USATF. Results will be reported both to TFRS (the NCAA results reporting system) and to World Athletics / USATF, with notations of any rule violations from the World Athletics rulebook.

The two areas in which NCAA rules and World Athletics/USATF rules differ, where result notations (disqualifications) may be submitted to World Athletics are:

1. Lane Violations: World Athletics / USATF and NCAA rules differ in number of steps permitted on or over the lane line. An athlete could potentially be disqualified by World Athletics / USATF rules but not NCAA rules. Results will be submitted to each organization accordingly.

2. Footwear: World Athletics / USATF requires that all shoes be in compliance with their approved shoe list (<https://www.worldathletics.org/about-iaaf/documents/technical-information>). Shoes will be randomly checked for compliance at clerking and field event check-in. Those athletes not in compliance with the approved shoe list will be noted and result will be disqualified from World Athletics / USATF. Once again, an athlete could potentially be disqualified by World Athletics / USATF rules but not NCAA rules. Results will be submitted to each organization accordingly.
