5 yards - 1 Mile Ranging Performance
500 yards to Flag

PowerBoost™ Provides 35% More Acquisitions

PinSeeker Technology for Easy Flag Acquisition

SLOPE COMPENSATION

Slope Compensation calculates and adjusts swing yardage depending on the degree of the slope. So a 150-yard uphill shot of 6° really will play 166 yards. Without Slope Compensation, you would come up 16 yards short.

Posi-Thread™ Battery Door

3-volt battery and premium carry case included.
