**POST-GAME QUOTES**

**HEAD COACH PAUL WEIR**

***On SDSU:***

“SDSU is a great basketball team. They are athletic and are playing very well right now, so for us, this is a good win.”

***On Keith McGee and Drue Drinnon playing point guard:***

“I thought they were exceptional tonight. They are both very talented young players who have very bright careers ahead of them. Keith was terrific offensively to start the game and kept us hanging around. Drue, in the second half, did some things down the stretch that were enormous for us.”

***On playing zone defense:***

“San Diego State was awesome to start, but over the course of the game, we got a feel for our defense. We are growing into it every day. We’ve been tinkering with our team all season, but we will keep chipping away at it.”

***On offensive performance:***

“To come out and shoot 53 percent in the game and score 83 points is a real sign that certain changes will work for us. We just have to continue to fine-tune and continue to get better offensively.”

**KEITH MCGEE**

***On earning the point guard position:***

“I’m working on it. I don’t want to say that I have earned it yet. I still have a lot to prove. I have to bring it every game, and that is what I am going to do.”

***On getting into a flow early in the game:***

“It is very important. I try to bring as much energy as possible, so if I get going, my teammates will follow.”

***On providing an early spark:***

“It feels good to know that I am helping out my teammates. Any way that I can help, I’m going to do it. It starts with getting in the gym and working on my game, and that is what I am going to continue to do.”

***On feeding off of The Pit energy:***

“We feed off (the crowd) a lot, and that is every game. We love our fans. We need our fans.”

***DRUE DRINNON***

***On performance coming back from an injury:***

“I sat out for a whole week and a half and I was ready to get back and play. It showed tonight.”

***On the team’s defensive performance in the second half:***

“We have to talk and rotate (for our defense to work). We came out in the second half, talked and got it done.”
