

## ***POST-GAME QUOTES VS. OMAHA***

***NOVEMBER 14, 2017***

### ***COACH WEIR:***

“I thought in the second half we kept our defensive energy up and our offensive energy ended up coming around. I was much more pleased with our defensive energy in the second half.”

“As far as our style of play, it’s how we want to play and it went the way we wanted it to. We were able to shoot the way we wanted to and hopefully we continue playing this way going forward.”

“I want to say thank you to Nike for being a part of N7. It was a really cool event and I thought our uniforms were awesome. Being a part of something like this is really neat and I’m honored to be a part of it. Thank you to every single fan that came through the doors tonight, including our students.”

“We’ve been spending a lot of time on rebounding in practice and I’m really glad that we were finally able to break through. We watched some clips of Oklahoma rebounding a little bit just to kind of give them a little push in that way. When Sam, Joe, Jachai and Troy really go to the glass, I think they’re athletic, active and they can make some things happen.”

“As long as our offense is moving, and playing at a really good pace, even if we’re not scoring, were hopefully wearing down the opponent so that we’ll be able to go on some runs later in the game.”

### ***ANTINO JACKSON:***

“Everyone contributed tonight. We just played hard. Our coaches told us to move the ball and keep the rhythm but also keep playing defense.”

“Joe’s one of my favorite guys. He brings the energy and makes all of us go in his own way. We love Joe.”

“We feed off the crowd and they gave us a lift in the second half. It was great.”

### ***TROY SIMONS:***

“I was happy and feeling the energy from the crowd.”

“We run everything in practice, and we’re used to running it, so when we saw them getting tired, we knew we had to move.”

“I feed off the crowd and my teammates encouraged me to shoot the ball. I love my teammates and I love the crowd.”
