AN EXPLANATION OF NCAA TRACK & FIELD ALTITUDE CONVERSIONS WHEN COMPETING IN ALBUQUERQUE

Compiled by Richard J. Ceronie, Ph.D

What are NCAA Track & Field altitude conversions, and why do we have them? In the 1980's due to questions from the collegiate coaching body the NCAA Track & Field Committee started asking the question whether competing at altitude positively assisted athletes, or negatively affected them. After a comprehensive research study was undertaken it was determined competing at altitude both helped and hurt athletes depending on what events they competed in.

For athletes, higher altitudes produce two opposing effects on athletic performance. For the short dynamic, power explosive events (60 meters, 100 meters, 200 meters, 400 meters, LJ, TJ) competing at higher altitudes means there is less atmospheric pressure which results in less air resistance which by and large results in a better athletic performance. For the longer events (800 meters, 1500 meters, 1 mile, 3000 meters, 5000 meters, 10,000 meters) the main effect is at higher altitude there is less oxygen in the air (anyone who has ever gone hiking up a mountain knows it gets harder to breath as we go higher and higher) which generally negatively affects athletic performance.

Once the NCAA determined something needed to be done they looked to the International Association of Athletic Federations (IAAF), the governing body of international athletics for guidance. Since the 1950's the IAAF has recorded any performance made 3000 feet (914.4 meters) above sea level with an "A" after it to signify it was made at altitude. So the NCAA adopted that threshold and any college at 3000 feet above sea level or higher will have athletic performances converted when competing in that locale. Currently there are 38 designated colleges that fit into the NCAA Conversion protocol, and they come from Colorado, Wyoming, Arizona, , Texas, Montana, Idaho, Utah, Nebraska, South Dakota, and North Carolina.

The indoor track at the Albuquerque Convention Center is at 4958 feet above sea level. There are different conversions for different altitudes. For example, Texas Tech University in Lubbock, Texas has an altitude of 3195 feet above sea level, while Adams State University in Alamosa, Colorado is at 7544 feet above sea level. So if an athlete competes at Texas Tech and runs a 5:00.00 mile, that performance will be converted to 4:56.54 when recorded in the NCAA rankings. If an athlete runs 5:00.00 at Adams State that performance will be converted to 4:47.35. So there are 38 different NCAA "conversions" as every college has their own based on the altitude in that locale.

NCAA CONVERSIONS IN ALBUQUERQUE

In the **Men's & Women's 60 meters and 60 meter Hurdles** you must **ADD** .02 to the final actual performance

- If an athlete runs 6.70 in the men's 60 meters the official NCAA performance will be listed as 6.72.
- If an athlete runs 8.55 in the women's 60 meter Hurdles the official NCAA performance will be 8.57.

In the **Men's & Women's 200 meters** you must **ADD** .07 to the final actual performance

- If an athlete runs 21.50 in the men's 200 meters the official NCAA performance will be listed as 21.57.
- If an athlete runs 24.86 in the women's 200 meters the official NCAA performance will be listed as 24.93.

In the **Men's & Women's 400 meters** you must **ADD** .11 to the final actual performance.

- If an athlete runs 49.00 in the men's 400 meters the official NCAA performance will be listed as 49.11.
- If an athlete runs 55.11 in the women's 400 meters the official NCAA performance will be listed as 55.22.

In the **Men's & Women's 4x400 Relay** you must **ADD** .44 to the final actual performance.

- If a men's relay team runs 3:15.00 the official NCAA performance will be listed as 3:15.44.
- If a women's relay team runs 3:50.00 the official NCAA performance will be listed as 3:50.44.

In the **800 meters, 1 mile, 3000 meters, 5000 meters, and Distance Medley Relay** (1200, 400, 800, 1600) you must **SUBTRACT** time from the final actual performance to get the official NCAA performance.

- This calculation is dependent on the actual time itself and must be calculated separately using either the NCAA online calculation tool or a conversion chart.

LOBOS IN THE OLYMPICS

30 Lobo Cross Country / Track & Field alumni have reached the world's biggest stage in the Olympic games dating back to 1960, with at least four Lobo alumni competing in each of the last three Olympics held (Paris 2024, Tokyo 2021, Rio De Janeiro 2016) and at least one former Lobo medaling in each of the last two. In total, UNM alumni have won six Olympic medals, with four of those in the past four Olympic games.

ALBUQUERQUE CONVENTION CENTER

The indoor track at the Albuquerque Convention Center has emerged as one of the preeminent indoor track & field facilities in the nation over the last decade. In concert with the Albuquerque Convention & Visitors Bureau and the Albuquerque Convention Center, has capitalized on its unique venue and prime training location with the indoor track at the ACC. The facility has hosted 14 MWC Indoor Track & Field Championships, nine USATF Indoor National Championships, and five NCAA Division I Indoor Track & Field Championships — the first in NCAA history hosted at altitude. The ABCC has also hosted the NJCAA Indoor National Championships (2015) and NCAA Division II Championships (2012).

The most recent surface at the ABCC was unveiled in Mar. 2021 and cost \$3 million in total, with renovations that helped solidify the city's ability to attract and keep hosting national meets that bring the best competition to Albuquerque. Since 2005, 102 indoor track meets have been hosted at the ABCC — 16 being national Champ. events at either the collegiate or national level — and indoor track has generated over \$30 million in revenue for the city of Albuquerque in that span.

The track — a state-of-the-art WSTY Mondo, the same surface used at the 2020 Olympics in Tokyo — is a 200-meter, 60-degree banked track with 60-meter straightaways running the entire length of the facility. It also includes men's and women's jumping runways and pits, as well as areas for shot put, pole vault and high jump events. The surface of the track is striped with cherry red and turquoise to reflect UNM's colors and the state color of .

"Every time there is an Olympic Games we try to improve the formulation of the material and Tokyo has been no different," said Andrea Vallauri, the track's designer. "The track is very thin, 14mm. But we have added a new element: these rubber granules.

"In the lower layer of the track is this hexagonal design that creates these small pockets of air. They not only provide shock absorption but give some energy return at the same time a trampoline effect. We have improved this combination and this is why we are seeing the track

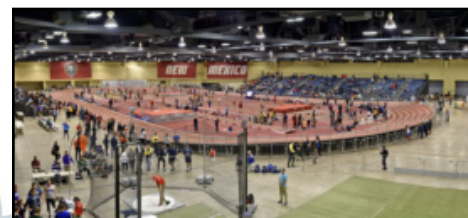

has improved performance."

Bringing indoor track to Albuquerque was a confluence of good timing, a proactive city council and an irresistible sale. In spring of 2004, Albuquerque city leaders learned of a \$1 million unused and undamaged indoor track sitting in storage in Canada that could be purchased for a mere \$500,000. The state-of-the-art Mondo track had originally been ordered, then later declined, for use in the Los Angeles Staples Center arena.

That track finally found a home inside the Convention Center in downtown Albuquerque and made its debut on Jan. 15, 2005 for the inaugural Albuquerque All-Comers meet, ending a 20-year absence of an indoor track in the Duke City. It was the facility's primary surface until it was replaced in Mar. of 2021.

The Albuquerque Convention Center's first indoor track surface, operated from 2005-2021.

The Albuquerque Convention Center's first indoor track surface, operated from 2005-2021.

Nearly identical to the track used by the University of Arkansas at the Randal Tyson Track Center, the first iteration of Albuquerque's new indoor facility received rave reviews from athletes, coaches and fans. Like the Arkansas facility, which has hosted a number of NCAA Indoor Championships in the new millennium, Albuquerque and University of officials believed the city would become a destination for some of the nation's premier events — and they were right.

The Albuquerque All-Comers meet marked the University of 's first indoor competition at home since hosting the 1987 Western Athletic Conference Championships in Tingley Coliseum at the State Fairgrounds. The Lobos under former Head Coach Joe Franklin and current Head Coach Darren Gauson now regularly host between four and six indoor meets per year, not only giving the Lobos a home track advantage but bringing in countless numbers of teams, participants, and fans that have pushed the economic impact of the track beyond the original estimates.

In the mid-60s Albuquerque was one of the nation's elite indoor track and field locations. At this time, Albuquerque's colleges would often enlist businesses to sponsor international athletes to make the trip and compete in Albuquerque, to great support from the community — Tingley averaged over 13,000 in attendance per meet over its time of operation. The 1966 AAU Indoor Nationals (now known as the USA Indoor Track & Field Championships) drew a two-day total of nearly 20,000 fans to Tingley Coliseum and was featured on the Mar. 14 cover of Sports Illustrated. Albuquerque officials were able to lure the meet away from its regular home at Madison Square Garden in New York City that year.

DARREN GAUSON

HEAD COACH / DIRECTOR OF TRACK & FIELD / CROSS COUNTRY

Darren Gauson was named UNM's Head Coach for Track & Field / Cross Country on June 30, 2023.

In his first season at UNM, the Lobo men won their first MWC Champ. since 2014, and Gauson was named MW Men's Coach of the Year. Led by a Mountain Region individual title by freshman Habtom Samuel, the Lobos finished third at regionals — their best finish since 2013 — and qualified for the NCAA Champ. race

as a team for the first time since 2014. They went on to finish 18th in the nation, with Samuel finishing as a national runner-up and Evans Kiplagat also earning All-American honors. Nicola Jansen, a Bradley transfer who followed Gauson to Albuquerque, qualified as an individual and finished 36th at the National Champ. race to become the third XC All-American of Gauson's tenure.

In the first meet of the 2023-24 indoor season, Samuel broke the indoor 5,000m record and Lukas Kiprop broke the 3,000m record at the Sharon Danville-Colyear Season Opener. In Gauson's short tenure so far, the Lobos have already seen seven marks that ranked among the Top 10 in their respective events in the indoor all-time list.

PRIOR TO UNM

Gauson has spent the last eight years as the head coach of the track and field and cross country programs at Bradley University in Illinois. He led the Braves to 10 Missouri Valley cross country titles, six by the men and four by the women, including this past year when Bradley swept both the men's and women's titles at the 2022 Missouri Valley Championships. Prior to arriving in Peoria, Gauson was the cross country coach and assistant track and field coach at Lamar University, where he guided the Cardinals to back-to-back Southland Conference men's and women's cross country titles in 2013 and 2014.

"It's an incredible honor to join a storied program and become the next head track & field and cross country coach at the University of , " said Gauson. "UNM has developed into a Champ. program and I am excited to build on the tradition established at the school. Albuquerque is a place where athletes dream of coming to train and develop into national champions and Olympians. I want to thank Athletic Director Eddie Nuñez, Deputy Athletic Director David Williams and Senior Woman Administrator Amy Beggin for their faith in me and their desire to continue to elevate the program to new heights. I also want to thank Bradley University for all that they've done for me in my career. I can't wait to get to work at and develop high-character student-athletes in the classroom and on the track."

During his time at Bradley and Lamar, in addition to the 14 team conference titles, Gauson has coached 75 conference champions,

14 conference athletes of the year and 15 conference freshman of the year. He has mentored four All-Americans and six conference outstanding track performers.

A 10-time Missouri Valley Coach of the Year and the 2018 USTFCCCA Midwest Region Men's Coach of the Year, Gauson build Bradley into a powerhouse. His teams included a record-setting performance by the men's cross country team in 2019, when the Braves had the top four finishers at the conference meet to set the modern-day Missouri Valley

scoring record with 17 points. A year earlier, Bradley qualified for the NCAA Men's Cross Country Champ. for the first time in program history, finishing 24th at the 2018 meet. The Bradley women's team had the second-lowest score in MVC history in 2017, when it had five runners in the top eight en route to the conference title.

On the track, Gauson coached the first individual outdoor and indoor MVC champions for the BU men in 30 and 34 years, respectively, during the 2016 and 2017 championships. Additionally, the Bradley women won their first distance medley relay crown in school history in 2019. Bradley set school records for points scored at the MVC Indoor and Outdoor Championships by both the men and women over the past five seasons. In 2017, Daniel Gagne became the first BU man to qualify for the NCAA Track and Field Champ. in 42 years, where he earned second-team All-America honors in the 1,500m run in 2017. In 2021, Wilma Nielsen became the first Bradley freshman to qualify for the NCAA Champ. and finished the campaign as the nation's third-ranked rookie in the 800m. Earlier this month, Tiana LoStracco earned honorable mention All-America honors as she qualified for the NCAA Outdoor Champ. in the 1500m.

In addition to success on the course and on the track, Bradley also had success in the classroom under Gauson. He has coached seven Academic All-Americans and 11 MVC Elite 17 Award winners. Bradley has earned USTFCCCA All-Academic Team honors in each of year of his tenure. The men ranked as high as fourth nationally in team GPA (2019 and 2021), while the women peaked at fifth in 2017.

Gauson came to Bradley from Lamar University, where he guided both the Cardinals men's and women's cross country programs to consecutive Southland Conference championships in 2013 and 2014. In addition to the Champ. success of the cross country teams at Lamar, Gauson coached the Cardinals runners to 29 individual Southland Conference championships in cross country and track in just three seasons. Among his star runners, Gauson helped Matt Johnsen to a 33rd-place finish at the 2012 NCAA Cross Country Champ. and the first All-America honor for the Cardinals since 1969. Additionally, Sam Stabler posted the second-fastest 5,000m time in the nation in 2015 to go along with Academic All-America honors.

A 2006 graduate of Napier University in Edinburgh, Scotland, with a degree in sport and exercise science, Gauson competed two years at Butler University where he was coached by former UNM head coach Joe Franklin. He earned a master's of science degree in education from Butler in 2008. With the Bulldogs, Gauson earned a Horizon League title in the 1,500m during his final year of eligibility in addition to claiming Scottish national championships in the event in both 2004 and 2005.

Following graduation, Gauson was also an assistant cross country/track and field coach at Butler for four seasons. The Butler men were able to extend their streak of consecutive conference cross country titles to 14 during Gauson's time in Indianapolis and the team finished 29th at the NCAA Champ. during his first season on the coaching staff. Butler boasted four All-Americans overall during his tenure at the school.

COACHING STAFF

BRIAN MATY ASSISTANT COACH: DISTANCE

A native of Palos Heights, Illinois, Maty joined the UNM staff in the Summer of 2023. Maty assists with all facets of all six programs, focusing on distance running with both indoor and outdoor teams as well as serving as the assistant cross country coach.

In 2022, Maty was part of the staff that led Bradley to a sweep of Missouri Valley Conference titles in men's and women's cross country. Bradley's women basically lapped the field, scoring 22 points to outpace second place Belmont by 53 points. He also coached Wilma Nielsen, who turned in the NCAA's No. 2 time all-time in the 1,000m (2:38.95) at the Dr. Sander Invitational in New York City. She also earned first team All-American 800m indoor honors. He

also coached Tiana LoStracco and honorable mention All American Tiana LoStracco 1500m in Austin, TX. That came after a 2021 season that saw Bradley runners claim nine conference track titles in his first season on campus, while the Bradley women also set school records for most points at the Missouri Valley Conference meet, tallying 70 at the 2022 Indoor Champ. and 84 points at the 2022 Outdoor Champ..

Prior to joining the Braves, Maty spent the 2021 fall semester as a graduate assistant at Eastern Illinois. The EIU men's and women's cross country teams both posted record-setting seasons with Maty's assistance, highlighted by sweeping the Ohio Valley Conference individual cross country titles. The Panthers boasted a total of nine All-OVC performers (six men & three women) in addition to setting school records in the women's 6K and men's 8K.

The EIU men's team also claimed the OVC title, with Dustin Hatfield going on to become the first NCAA Champ. qualifier from Eastern Illinois in 20 years. On the women's side Lindsey Carlson became the first female all-region performer in school history, following a 20th-place individual finish at the NCAA Midwest Regional Champ..

Maty graduated from Loras College in 2021. He spent the 2020 indoor track & field season as an intern at the University of Portland where he assisted with videography, recruiting, coaching, social media management and home meet setup. Maty's indoor season with the Pilots was highlighted by a school record in the men's mile (3:59.61).

In Jan. 2019, Maty completed an externship under Danny Mackey and the Brooks Beasts Track Club in Seattle, Washington, that featured instruction on running physiology and biomechanics, along with focusing on the facets of marketing such as brand advertising and social media management.

JENNA SCHWARTZ ASSISTANT COACH: DISTANCE

Jenna Schwartz joined the Lobo XC/T&F staff as an assistant coach in August of 2024.

Originally from Waterloo, Ill., Schwartz joins the Lobos after a four-year career at Missouri, where she recently completed her Graduate Certificate in Positive Coaching and Athletic Leadership along with a Bachelor of Science in Business Administration with an emphasis in management. Competing in cross country and track for the Tigers from 2019 to 2024, Schwartz ranks No. 4 in program history in the Indoor 5000m (16:25.20), No. 6 in the Outdoor 10,000m (33:56.58) and No. 9 in the Outdoor 5000m, earning a spot on the SEC Academic Honor Roll in every

semester during her time in Columbia.

"I'm incredibly excited to join such a historic program and work with an incredible staff," Schwartz said. "Albuquerque is an outstanding place to train at an elite level and I'm humbled and grateful to do whatever I can to keep our successes going."

JARED BERRYMAN ASSISTANT COACH / DIRECTOR OF OPERATIONS

Berryman came to UNM in the Summer of 2023 from Bradley, where he was a part of Darren Gauson's staff as an assistant coach.

Among various duties as director of operations for both XC and track, Berryman is UNM's co-meet director along with Kyra Mohns.

During his season in Peoria, the Braves won the Missouri Valley women's cross country Champ. and had individuals qualify for the NCAA Indoor and Outdoor Track and Field Championships. Berryman spent the 2021-22 season as an intern at his alma mater, Cal State East Bay, assisting with the program's recruiting, meet management and social

media.

A native of Long Beach, Calif., Berryman is a 2022 graduate of CSUEB, where he earned a bachelor's degree in kinesiology with an emphasis in sport nutrition and wellness. He ran three seasons for the Pioneers and was a two-year captain of the Cal State East Bay track & field team.

RYAN CONAN ASSISTANT COACH: JUMPS / MULTIS

Ryan Conan was named Assistant Coach for Jumps and multis in July 2024.

Conan – who joins the Lobos by way of Southern Utah, where he has been a part of the Thunderbirds' staff for the last seven seasons – will be primarily responsible for coaching long jump, triple jump and high jump athletes at UNM. Conan was an all-conference sprinter/hurdler for SUU during his time as an athlete from 2014-17 and coached in a volunteer/part time capacity for the Thunderbirds for the next four seasons before becoming a full-time coach ahead of the 2021-22 season.

In his last three seasons at SUU, Conan coached 19 All-Conference athletes, 14 NCAA regional qualifiers and five

All-Americans, with his athletes breaking 28 school records in that span. He also coached UNM outdoor and indoor program record holder Lizzie White to her first All-American honors in the long jump in 2022 before she transferred to UNM the following season.

"We're so excited to add Coach Conan to this key role on our staff. After conducting a national search, Ryan rose to the top of our list. He's done an incredible job of developing national level jumpers at Southern Utah and is a proven commodity."

Most recently in 2023-24, Conan's sprinters and Jumpers combined to score 99.5 points – with 79.5 from the men – at WAC Indoor Championships to help the Thunderbirds to win the conference title on the men's side, coaching three conference champions as well as Astley Davis, who finished as an All-American in the triple jump for the second time in as many years.

Originally from Idaho Falls, Idaho, Conan graduated from SUU with a Bachelor's degree in Exercise Science in 2017 and a Masters degree in Sports Conditioning and Performance in 2020.

KYRA MOHNS

ASSISTANT COACH: SPRINTS/HURDLES

Kyra Mohns, a former UNM student-athlete and Albuquerque native, joined the staff as a full-time assistant coach in August 2021. She works primarily with the sprints, hurdles and multis and serves as co-meet director alongside Jared Ber

Since joining the coaching staff as a graduate assistant in 2019, Mohns-coached athletes have produced nine school records indoors and five outdoors.

In 2022, she guided a women's 4x400m squad to break the women's indoor and outdoor school records, and Tianna Holmes (indoor and outdoor 200m and 400m), McKenna Watson (60m sprint), Rivaldo Leacock (400m hurdles) and Rebecca Grieve (600m) all set new program records under

Mohns. Leacock and Holmes both qualified for NCAA West Region Preliminaries.

In 2023, the UNM women broke the indoor and outdoor 4x400m relay records yet again. Victor Akhalu matched the UNM 100m program record in the outdoor season, clocking a 10.28 at MW Outdoor Championships to finish as runner-up. Five women and two men coached by Mohns qualified for NCAA West Region Prelims.

Athletes coached by Mohns record 14 new personal bests that rank among the Top 10 in their respec-

tive events across the indoor and outdoor season in 2024, with Lou-Anne Pouzancre Hoyer running the second-fastest indoor 400m and 200m bests in program history en route to All-MW honors and Brodie Young closing his season with the third-fastest 400m in history at NCAA West Region Prelims. Along with Young, Victor Akhalu also qualified for NCAA Prelims in the 100m.

A graduate of Eldorado High School, Mohns specialized as a combined athlete for the Lobos during her time from 2015-18. She currently holds the 4th best score all-time in the pentathlon with 3807 points and the 4th result all-time in the heptathlon at 5391 points. In addition, she doubled in the 400-meter hurdles, an event that she currently holds the sixth best time in program history. She also ranks 9th all-time in the 100mH, 9th in Javelin, and 9th in the 60mH.

During her time at UNM, Mohns consistently performed at a high level. She secured third-place finishes in the pentathlon in both 2017 and 2018 and took third in the heptathlon in 2018, as well as a fourth-place finish in 2017 at the MWC Championships. Her excellence extended to the 400-meter hurdles, where she secured a second-place finish in 2018 and a third-place finish in 2017.

Her achievements earned her a place on the All-MWC Indoor Team in 2017 and 2018 in the Pentathlon and on the All-MWC Outdoor Team in 2017 for her performance in the 400m hurdles. In 2018, she once again earned All-MW honors, this time in the 400m hurdles and the heptathlon.

In 2018, Mohns graduated with a degree in elementary education, and in 2021 with a master's degree in special education from UNM.

GABRIEL BROWN

VOLUNTEER ASSISTANT COACH: POLE VAULT

Brown joined the Lobos' coaching staff in the summer of 2023. He coaches UNM's pole vaulters.

A UNM alum who competed for the Lobos during the 2019-20 and 2020-21 seasons, Brown's 5.20m (17'0.75") personal best in the pole vault in 2021 ranks No. 6 on the outdoor UNM all-time list — that season, he placed fourth at MW Indoor Championships.

Brown's first season coaching UNM's vaulters has seen unprecedented success. In the Lobos' first indoor meet of the 2023-24 season, three UNM pole vaulters notched PR's that put them on the UNM Indoor All-Time Top 10 list in the event, with Maja Gebauer's 4.10m (3'5.25") mark ranking No. 2 to lead the way. Alyssa Gregory cleared

4.04m (No. 3 all-time) and Kiara Quezada-Arzate cleared 4.00m (No. 9 all-time) — the first time since

2014 that three UNM women's vaulters have joined the 4.00m club in the same season as well as the first time that three women's vaulters cracked the all-time Top 10 in the same season. UNM's women's pole vault squad ranked No. 13 in the nation in that season's initial USTFCCA #EventSquad rankings and ranked No. 14 at the conclusion of the season.

At 2024 MW Indoor Championships, Kiara Quezada-Arzate became the first Brown-coached vaulter to get on the conference podium with a third-place finish — the first Lobo woman to do so since 2014.

In the outdoor season, UNM ranked among the Top 25 women's pole vault programs in the nation in the USTFCCA's #EventSquad rankings for six weeks, concluding the regular season ranked NO. 23 in the nation. Maja Gebauer matched the UNM outdoor program record with a 4.06m vault at the Don Kirby Invitational and Alyssa Gregory jumped 4.02m at the Bryan Clay Invitational for the fourth-best outdoor mark in program history — they're the only entries on the list from the same season.

At MW Outdoor Championships, the duo both cleared 3.98m to finish first and third, respectively — Gebauer became UNM's first outdoor women's pole vault champion since 2009, with two podium finishers for the first time since 2013.
