Protecting Vulnerable Groups Scheme (PVG) Information for applicants who wish to work with Link

People who work on a regular basis with vulnerable groups will be required to join the Protecting Vulnerable Groups (PVG) Scheme. This Scheme replaces the Enhanced Disclosure Scotland checking process for organisations and it is a mandatory requirement of working within Link.

As well as strengthening safeguards for children, the PVG Scheme will improve protection for adults because, for the first time in Scotland, there will be a list of those who are barred from working with protected adults - there is already a list of those who are barred from working with children. A protected adult is a person, aged 16 or over, who receives one or more type of care or welfare service either regularly or for a short period of time.

People who work, on a regular basis, with vulnerable groups will join the PVG Scheme and from then on, their membership records will be automatically updated if any new vetting information arises. Vetting information is conviction information retrieved from criminal justice systems and nonconviction information held by the police that is considered relevant.

Link will meet the cost of any new PVG scheme membership or scheme record update.

For further information please refer to the disclosure Scotland website - <http://www.disclosurescotland.co.uk/pdf/protecting-vulnerable-groups-scheme.pdf>
