Children First - Vision and Values

Children First is Scotland's national children's charity. We stand up for every child because all children should have a safe childhood. We protect children from harm and support them to recover from trauma and abuse through our national and local services. We help children, their families and the people that care for them by offering emotional, practical, and financial support. We give children hope and a safer, brighter future.

Our core values guide how each one of us works in our individual day to day job:

- With love, we put children first.
- With purpose, we transform children's lives together.
- With strength, we do whatever it takes to protect Scotland's children.

Diversity Equity and Inclusion

At Children First, we are committed to building a representative, inclusive and authentic workplace open to applications from all sections of society. We believe in the potential of everyone regardless of; sex, race, religion or belief, ethnic origin, ability, family structure, socio-economic background, age, nationality, marital status or civil partnership, sexual orientation, gender identity, or any other aspect that makes you who you are.

We envision a diverse and inclusive Children First where we cultivate a true sense of belonging and connection for and between our teams, children, young people, families, and communities we work with.
