

Questionnaire

For PHD/Mtech/Btech Teaching Assistants

- Group 3

Question: How did you come to know about the teaching assistant's post in IIIT-Delhi? Was it via mail or through fellow students?

Question: How did you proceed for it? Was it easy for you to apply?

Question: Were you able to get all the information regarding the course you wanted to teach?

Question: Did you know about all the work which you would be required to do in that particular course?

Question: Were you aware of all the inadequacies (time table clashes/ workload/ time issues) which you would be forced to face once you get selected for the teaching assistant's post?

Question: How was this post allotted to you? Were you asked to provide your different course preferences? Or did they randomly assign a course to you?

Question: How did you interact and exchanged information with the coordinators/ course instructors/ other applicants? Was it via emails/spreadsheets or just using some hard copies?

Question: Could you please tell us about some other problems which you faced during the allotment process?

Question: Would you like it if this process gets converted into an automated system which would allot all the courses to teaching assistant candidates in a very transparent way? If yes, what would you prefer - whole process in a small mobile application or a website?

Question: Any other suggestions? What other changes would you prefer in the current allotment system?
