

LP GLOBAL NETWORK
COMPENSATION PLAN

BY FOR YOU

LifePharm Global Network is a sister company of LifePharm, Inc. which has been involved in the development, marketing and distribution of premium nutraceutical and cosmeceutical products since 2001.

LifePharm's products are currently available in over 1300 retail outlets throughout six Asian countries.

In creating this compensation plan, we did not hire a specialist or consultant who naturally tends to create a plan beneficial to the company. Instead, we sat down with various networking business leaders from the US and various international countries such as yourselves and let 'you' have a free reign on creating what would be a money making plan entirely from your point of view.

Our aim was to come up with a totally unprecedented, yet simple, straight forward and easy to achieve compensation plan, unequalled and unparalleled to any companies out there.

We are proud to unveil a totally new approach in compensation plan, which we believe to be the first and only plan in the world that was created entirely by 'you', our distributors and associates, with the main objective of ensuring you never fail in the networking business again.

CODED BONUS

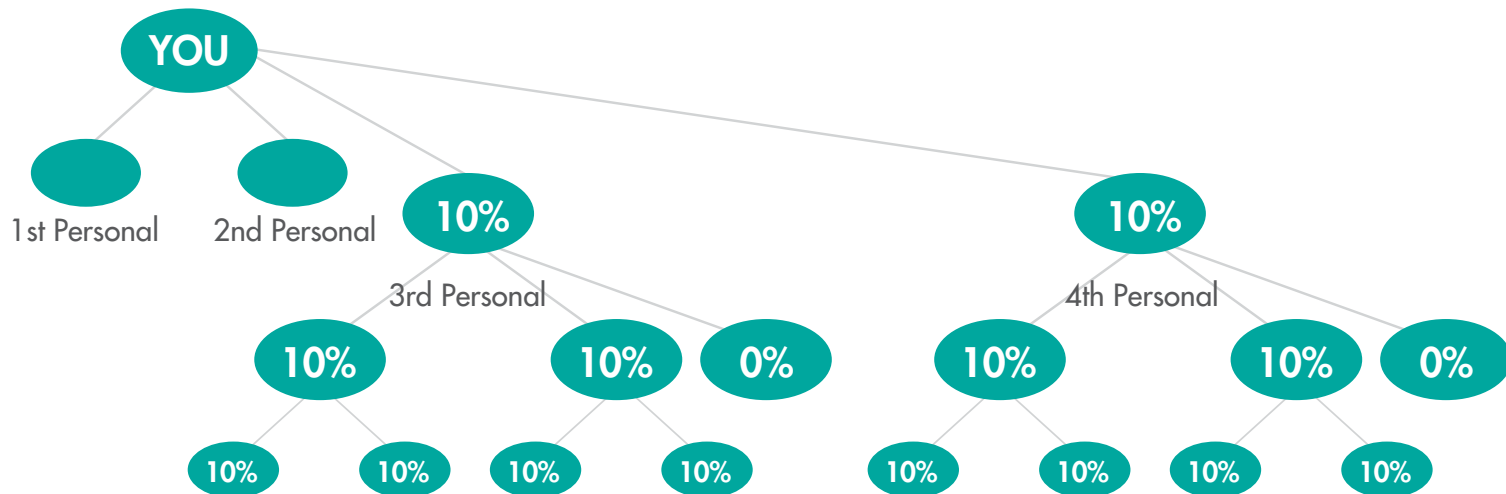

The coded bonus pays "Infinity Wide" beginning from the 3rd distributor you personally enroll and each one you personally enroll thereafter. The coded bonus percentage is based on your Rank:

Builder - 2%

Leader - 6%

Premier - 10%

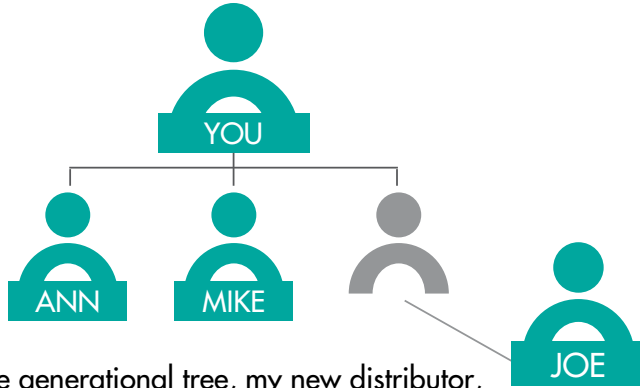

The coded bonus also pays Infinity Deep. Beginning with your 3rd personally enrolled distributor, and their first 2 personally enrolled and their "First Two" and their "First Two" and their "First Two" and so on Infinity Deep. Please see the next 2 pages for diagram explanation.

*Must maintain personal CV sales volume assigned to each rank per month.

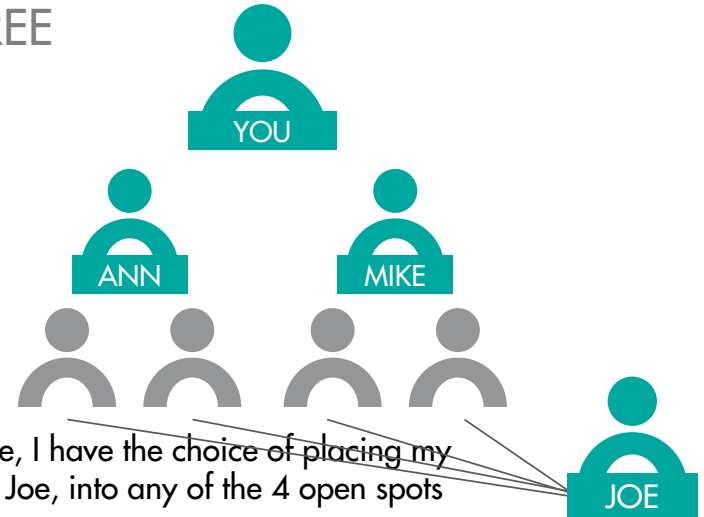

GENERATION TREE & MATRIX TREE

GENERATIONAL TREE

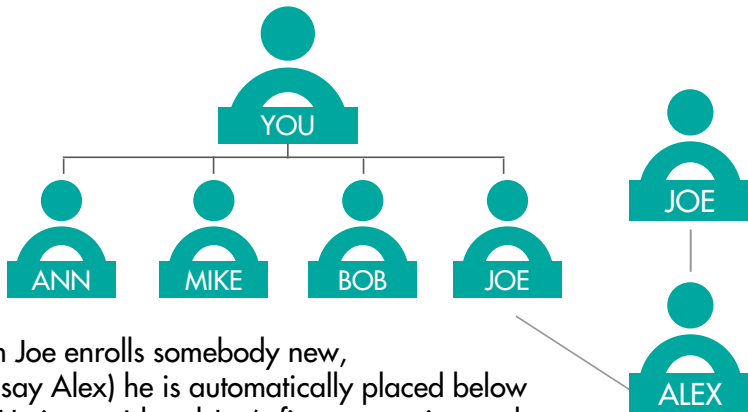

In the generational tree, my new distributor, Joe will Automatically fall in my First Generation.

MATRIX TREE

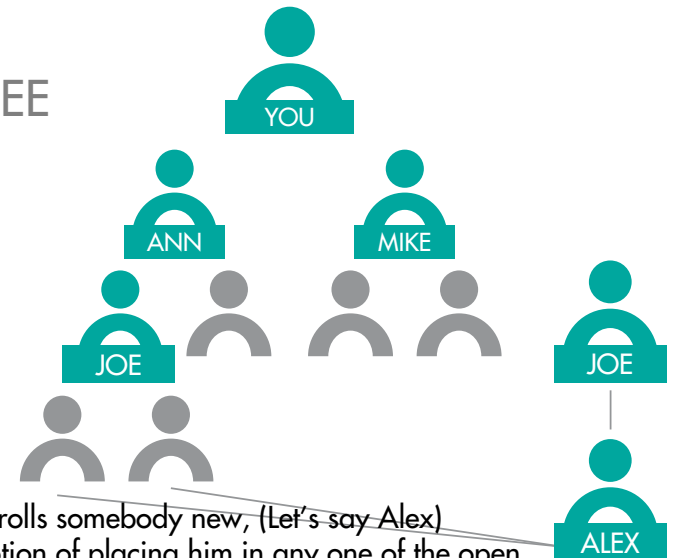

In the matrix tree, I have the choice of placing my new distributor, Joe, into any of the 4 open spots on level 2.

GENERATIONAL TREE

When Joe enrolls somebody new, (Let's say Alex) he is automatically placed below Joe. He is considered Joe's first generation and my second generation

MATRIX TREE

When Joe enrolls somebody new, (Let's say Alex) he has the option of placing him in any one of the open spots under him, as long there is someone located above that open spot in the matrix.

MATCHING CODED BONUS

You will be paid a matching coded bonus on each distributor you enroll and each distributor he/she personally enrolls down 5 generations.

You will be paid a matching coded bonus as long as you remain active. This bonus is paid weekly and standard compression applies.

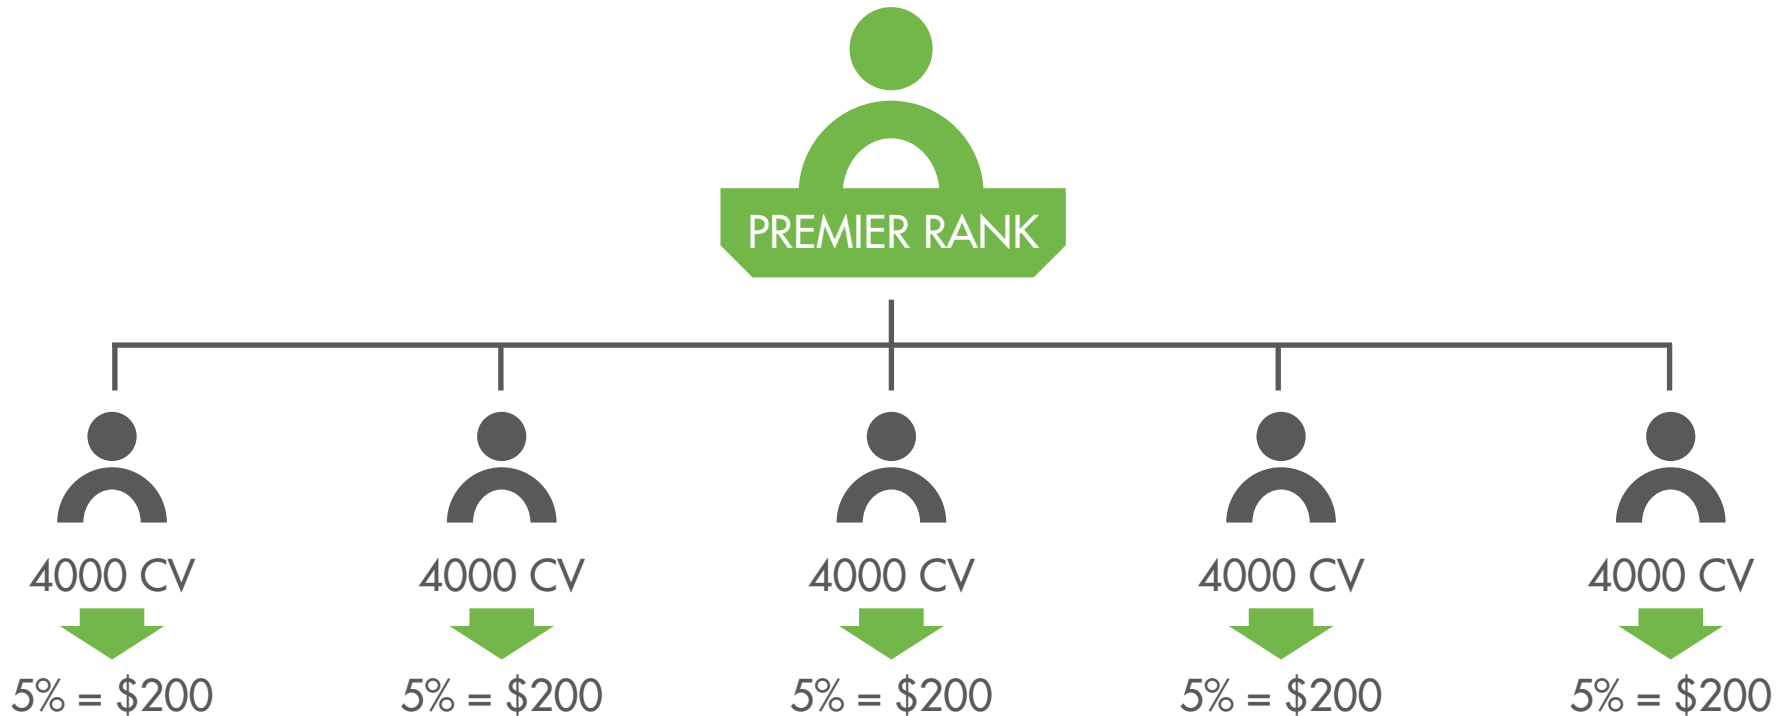

This bonus pays out differently depending on your rank

See next page for more explanation of this bonus
