

**Penn State Women's Basketball  
Student-Athlete Postgame Press Conference  
vs. Fordham – November 13<sup>th</sup>, 2019**

Anna Camden | F | Fr./Fr.

*Q: Anna before tonight you only played four minutes this season and today you were almost perfect 4-for-4 from downtown. What was going through your mind tonight playing over 20 minutes?*

A: There were some things I needed to change before I got my minutes up, so I've just been working with my coaches a lot and I felt prepared, I felt excited, and I knew once I got into the game I could hit those shots. I knew my work paid off and my teammates got me the ball so credit to them for that.

*Q: Playing under veterans like Siyeh [Frazier] out there, as well as Kamaria [McDaniel] making those double-digit performances game in and game out. What's it like playing under their leadership and wanting to respond to that same energy?*

A: Yeah, it's amazing. Siyeh, Kamaria, [Lauren] Ebo they all set amazing examples for us. They lead us, they correct us but it's always positive, and I'm so blessed to have been taken under their wing for the beginning of this season.

Siyeh Frazier | G | Sr./Sr.

*Q: Siyeh you started off a little slow tonight, but then responded to some of the energy Coach was talking about on the court tonight. How do you evaluate your performance tonight as well as seeing a younger player like Anna [Camden] set up and step up help set the tone when needed?*

A: I think as far as our play, it's just doing what coach asked us to do. Getting into the plays has been a point of emphasis for us. Being supportive of my teammates, that's huge in my role and I think that's most important.
