3rd Leg - Oregon

CW 4x100 Championship of America

On her first experience at Penn Relays: "It's exciting with the crowd. I like the energy and getting to be here with my team and do what I love doing most." On the race and winning: "A win is always good. We just wanted to come out here and run a good relay. I normally

run first leg, but today I had to step up and be third leg this weekend and it wasn't different, I just went out there and did what was best for the team." On breaking records: "We're just taking it one meet at a time. We're hopefully going to break more records this season, but we're just taking it meet by meet."

Kassidy Ellis

Anchor - San Diego State
 What was going through your head in the last leg with South Carolina right on your tail? How's your experience with the Penn Relays? How did it feel to get a big win in this environment?

LAST LEG: "I was just thinking trailing, trailing, trailing--just try to stay tight and fast because if I would've gotten long (the SC runner) would've caught up to me. I just wanted to stay fast and cross the line before her." PENN RELAYS: "It's amazing. We don't go out to huge meets too often, and it's really nice to see a huge crowd cheering for us and everyone." WINNING HERE: "Oh my gosh, I was just...I didn't want to think about it until I crossed the finish line, but I'm so happy. My sisters actually just surprised me, so this is really special to me."

Ayaina Gains and Gabby Collins

Athlete - Western Michigan
 To Gains: How was your first time? How did it feel to have a lead when it was your turn? To collins: You helped build the nice lead in the second position. What was going through your mind? To Both: How does it feel to perform in this big event?

Gains: "That was the first time I ran hurdles, the 110 hurdles. It feels great to get this opportunity at this meet and with good competitors." Collins: "In my mind, I was just thinking just wait until they get to the line, our team was gonna come through because we've got really good hurdlers this year and we are just proud to be here. It's really an accomplishment to be here, and I am really proud we made it all the way."

Tohya Noell and Toria Levy

Athlete - Boston University
 To Levy: It was a tight race between Boston and Rider. As the second leg what were you focusing on? To Noell: You kinda pulled away in the anchor position what was your thoughts? To both: How was the environment to you?
 Levy: "My teammate gave me a good lead, and I knew my job was just to get us into the best position possible which is first though. It was my job and my objective. It was a really good race and I am proud of everyone." Noell: "I saw my teammate coming and saw they were still kind of close, and I wanted to get out and get to the first hurdle first. Then I could get the rest of the race great." Levy: "Awesome. She's from Philly so..." Noell: "Yeah, I came home for one of my favorite races!"

NEW PENN RELAYS, FRANKLIN FIELD AND NATIONAL COLLEGIATE RECORDS:
Oregon sets three new records with the effort of 3:39.05 shaving more than 2 1/2 seconds from the previous mark by Tennessee set at this meet in 2004.
Unfortunately, just about 4 minutes later, A&M bettered their Collegiate time in a meet at LSU by one-hundredths of a second!

Raevyn Rogers

Athlete - Oregon

Raevyn Rogers from the University of Oregon winning team.

"My secret to resilience is practicing hard. It's a struggle between being talented, having to balance being in school, knowing you have a target on your back, and still staying in control. Our coaches help us stay in balance and don't put a lot of pressure on us."

Dannielle Gibson

Athlete - Penn State

CW Triple Jump Championship

On her experience at Penn Relays: "I've been at Penn Relays for about 5-7 years now, so it's nothing new to me. Whether it's rain or shine at Penn, I just realize that everyone has to go through the same conditions and just having the willingness to go out and compete." On her first win at Penn Relays: "It feels like a sense of relief, like your hard work is actually paying off. It feels truly great to win among such a great group of girls who I will be competing against at nationals and regionals with. I'm very grateful for it." How winning at Penn Relays builds confidence for the rest of the season: "Just to stay composed to execute my jump, make sure I'm not rushing anything, realize I am fully able and capable of doing what I set out to do and leaving nothing out there and every time I step out on the track I give it my all."

Yann Randrianasolo

Athlete - South Carolina

Winner in the CM Long Jump, 7.76

I was excited to be here today because it is pretty famous meet. I really wanted to win today. I told my coach yesterday I would win, and I did. So I'm happy. I did work today, but I have more work to do. Back in France I jumped 7.82, and before today my best in the US was 7.74. This is my first Penn Relays."
