Q: What do you think was the biggest difference in the second half? Was it just a matter of being more confident, was it just a matter of being more comfortable of things? Why were you guys able to turn it around like that?

A: We had a really good talk at halftime. We kind of regrouped and I think, I don't know exactly what it was, but we just kind of made that feel like it was a different type of energy out there. Coach speaks a lot about confidence, and we came out of there with confidence and I think that was the biggest thing. You play confident and you'll have better results so that's what happened.

Q: What do you think this team learned about itself today?

A: We can play with anybody and we are a good team. We are a very good team. We do what Coach asks us to do. They do a very good job of giving us a game plan and telling us how to attack and score. I think when we follow game plans and are confident in ourselves and confident in each other, we are a very good team.
