## HOME OF HOCKEY VALLEY: PEGULA ICE ARENA

**Pegula Ice Arena**, which opened on September 9, 2013, features two ice surfaces: a main rink, home to Penn State's varsity hockey programs, and a community rink. The main arena seats 5,704 fans, including a 1,000-seat student section.

The two-sheet facility is home to the Nittany Lions. The building hosts a 5,000-square foot weight room, hydrotherapy training room, steam room, team lounge and locker room area. It has the best of amenities for student-athletes and coaches alike.

When visitors come to Hockey Valley, they will experience some of the best amenities college hockey has to offer. Pegula Ice Arena has an interactive history of Penn State Hockey, as well as concession stands, suites, loge boxes and club seats.

Additionally, the arena's ability to house state-of-the-art media and broadcasting facilities will allow it to host National Hockey League and American Hockey League games, bringing hockey's best to Hockey Valley. September 26, 2016 will serve as the first NHL event inside Pegula as the Buffalo Sabres will host the Minnesota Wild in an exhibition game.

The Centre County community is also able to take advantage of the community rink, which will be open nearly 360 days per year for public use. The rink seats 300 fans and features eight locker rooms in order to host local youth hockey, university recreation and skating programs.

2016-17 PENN STATE HOCKEY

## GUY GADOWSKY

HC

Head Coach • Fifth Season • Colorado College '89

### 2014-15 BIG TEN COACH OF THE YEAR

- Overall Record: 233-266-47 (.467)
- Penn State Record: 60-68-10 (.469)
- Developed Penn State's first NHL player, Casey Bailey (Toronto Maple Leafs)
- Inducted to the Alaska Nanook Hall of Fame in September 2014
- Entering 21st season of head coaching
- 2007-08 ECAC Hockey Coach of the Year at Princeton
- 2001-02 CCHA Coach of the Year at Alaska Fairbanks

### MEET COACH GADOWSKY

**Guy Gadowsky**, the 2014-15 Big Ten Coach of the Year, will guide the Nittany Lions in his 17th collegiate season at the helm of an NCAA Division I program in 2016-17. Gadowsky is currently coaching his fifth Penn State varsity team.

### AT PENN STATE

In 2015-16 the Nittany Lions rise continued as Gadowsky led Penn State to their best finish since making the leap to NCAA Division I status. The Lions secured their first 20-win season, finishing third in the Big Ten with a 21-13-4-1 overall record.

Penn State rose to as high as 14th in the uscho.com National Poll during the 2015-16 campaign. On February 6th the Nittany Lions earned their first-ever victory at Minnesota's Mariucci Arena as they defeated the Gophers 5-3.

PSU secured a 5-2 triumph over Wisconsin in the Big Ten quarterfinals before bowing out to eventual champion Michigan 7-2 in the semifinals.

Of his 24 players on the 2015-16 roster, eight signed professional contracts in the off-season ranging from the ECHL, AHL, NHL and Europe.

Those 2015-16 Nittany Lions also set numerous single-season team records on offense including most goals (140), assists (226), points (366), shots (1,579), goals/gm (3.68) and shots/gm (41.55) to go along with those program-best 21 victories.

His 2014-15 Nittany Lions exceeded expectations all season, garnering a winning season in overall action (18-15-4) and Big Ten play (10-9-1-0), while earning the program's first national ranking. Despite being picked sixth in the preseason, Gadowsky's team was in the hunt for a Big Ten title up until the final weekend of the season.

Under Gadowsky's tutelage, junior Casey Bailey led the Big Ten in scoring and parlayed his outstanding season into a two-year contract with the Toronto Maple Leafs, eventually scoring his first NHL goal in the season finale. Bailey was an All-Big Ten First Team honoree, while six other Nittany Lions earned honorable mention by the league coaches.

The 2014-15 season also saw Gadowsky reach the 200-win plateau in historic fashion when his Lions knocked off No. 4 UMass Lowell, 4-1 on Nov. 15, 2014. The program's rise from its first year in the Big Ten to its sophomore campaign had gains of 10 wins overall and seven wins in conference play. Additionally, his Lions earned wins over every Big Ten team during the season including a season sweep of perennial power Wisconsin and a first win over Big Ten champion Minnesota on THON Night.

During the 2013-14 campaign, the bench boss guided the Nittany Lions during the Big Ten Conference's first season. Penn State, which faced seven NCAA tournament teams and three Frozen Four participants, capped its season with a 2-1 double-overtime victory against Michigan in the Big Ten quarterfinals.

In 2012-13, Gadowsky led the Nittany Lions to a 13-14-0 record during their inaugural NCAA Division I season. He guided the squad to several marquee victories, including wins against three future Big Ten teams (Michigan State, Ohio State, Wisconsin). Penn State also topped Vermont in front of the largest crowd to watch a college hockey game in an NHL arena (19,529).

In 2011-12, Gadowsky steered Penn State's final season in the ACHA, while recruiting for the future. That team went 29-5-0.

### AT PRINCETON

Before coming to Happy Valley, Gadowsky served as Princeton's bench boss for seven seasons. In his first five years as head coach, the Tigers improved their win total in each season. In 2008-09, Princeton captured a program-record 22 victories and earned its second straight NCAA tournament appearance.

During the 2007-08 campaign, Gadowsky, who inherited a program that had won a combined eight games in the two seasons prior to his arrival, guided Princeton to both the ECAC Hockey tournament and Ivy League crowns. The team earned its first NCAA tournament berth since 1998, and Gadowsky garnered ECAC Hockey Coach of the Year honors and was a finalist for the Spencer Penrose Award, presented to Division I hockey's top coach. He was also

named Inside College Hockey National Coach of the Year.

While at Princeton, Gadowsky had more than 20 players go on to sign professional contracts, with Kevin Westgarth playing for the Stanley Cup champion Los Angeles Kings in 2011-12. Gadowsky also coached two ECAC and Ivy League Players of the Year as Lee Jubinville (2008) and Zane Kalembe (2009) each won the award in their junior seasons.

**AT ALASKA**

Prior to Princeton, Gadowsky spent five seasons as head coach of Alaska (1999-2004), where he inherited a team that had not won more than 14 games in the previous five seasons since joining the then-Central Collegiate Hockey Association. After two rebuilding seasons, the 2002 CCHA Coach of the Year led the Nanooks, who were ranked 11th nationally at the end of the season, to their only 20-win campaign since joining the conference. He followed that up with 15 wins in 2002-03 and 16 victories his last season.

In addition, Alaska twice hosted the first round of the CCHA playoffs in a three-year span, a feat never accomplished prior to Gadowsky's arrival. During his tenure with the Nanooks, his teams set school records for team grade-point average, wins and game attendance.

**BEFORE COLLEGE COACHING**

Before joining the collegiate ranks, Gadowsky spent three seasons (1996-99) as head coach and director of hockey operations for the Fresno Falcons of the West Coast Hockey League. He led the squad to the playoffs in each season and left the team as the winningest coach in franchise history. In his first season, Gadowsky posted a 38-win campaign as he garnered WCHL Coach of the Year accolades.

**PLAYING CAREER**

The Edmonton, Alberta, native played collegiately at Colorado College from 1985-89, serving as team captain as a senior, while also earning the team's Rodman Award, given for outstanding leadership and sportsmanship. The three-time WCHA All-Academic Team member collected 46 points in 134 career games.

Upon graduation, Gadowsky embarked on a seven-year professional career that included stops with the ECHL's Richmond Renegades, the IHL's San Diego Gulls and the AHL's St. John's Maple Leafs and Prince Edward Island Senators. Gadowsky saved his best season for last as he totaled 52 goals and 29 assists for the Fresno Falcons in 1995-96. He earned league MVP and first-team all-star recognition.

In addition, Gadowsky spent a portion of the 1993-94 season competing with the Canadian National Team and also played professionally in Austria, The Netherlands and Sweden.

**PERSONAL LIFE**

Gadowsky and his wife, Melissa, have two sons, Mac and Magnus, and a daughter, Mia.

### MEET COACH FISHER

Keith Fisher enters his fifth season with the Nittany Lion varsity program for the 2016-17 season. Fisher has 18 years of coaching experience in college and junior hockey.

### AT PENN STATE

Fisher's recruiting and coaching acumen has been vital to the recent rise of Penn State hockey including its first 20-win campaign in 2015-16. With a team of Fisher's and fellow assistant Matt Lindsay's recruits, the Lions have improved their win total each of the past three seasons while advancing to the Big Ten semifinals twice in those three years.

In 2015-16 the Nittany Lions set numerous offensive records including most goals (140), assists (226), points (366), shots (1,579), goals/gm (3.68) and shots/gm (41.55) to go along with those program-best 21 victories.

In 2014-15 Fisher was also able to witness the best individual single-season performance for a Nittany Lion as Casey Bailey tallied 22 goals and 40 points to lead the Big Ten in scoring. Bailey parlayed his successful junior season into a two-year NHL contract with the Toronto Maple Leafs.

During the 2013-14 campaign, Fisher helped guide the Nittany Lions during the Big Ten Conference's first season. Penn State, which faced seven NCAA tournament teams and three Frozen Four participants, highlighted its season with a 2-1 double-overtime victory against Michigan in the Big Ten Quarterfinals.

In 2012-13, the assistant coach helped lead the Nittany Lions to a 13-14-0 record during their inaugural NCAA Division I season. Fisher helped guide Penn State to several marquee victories, including wins against three future Big Ten opponents (Michigan State, Ohio State, Wisconsin).

### AT PRINCETON

Before his time at PSU, Fisher spent the previous six seasons on the staff at Princeton from 2005-2011. With the Tigers, he helped lead the team to a pair of NCAA tournament berths (2008, 2009) and the 2008 ECAC and Ivy League Championships. The 2009 Princeton Tigers also set the school-record for wins in a season with 22, a record which still stands to this day.

The Minnesota native headed up the Princeton recruiting which saw three All-Americans, two Hobey Baker Award Finalists, two ECAC Player of the Year recipients (the only 2 in the history of the program), one ECAC Rookie of the Year, one ECAC Defenseman of the Year and one ECAC Goaltender of the year come through the program.

Fisher's teams also combined for 48 Academic All-ECAC players, five NHL players, four First-Team All-ECAC players and three First-Team All-Ivy players.

### BEFORE COLLEGE COACHING

Prior to his time at Princeton, Fisher spent five years with the USHL's Omaha Lancers' coaching staff, helping the team to the Clark Cup championship in 2001 and Anderson Cup regular-season championships in both 2002 and 2005.

In Omaha, he served as the team's recruiting coordinator and academic advisor, in addition to other responsibilities of on-ice coaching, video breakdown and game analysis.

Fisher helped coach and recruit NHL first-round draft picks Keith Ballard and Nick Petrecki, 11 NHL players, including Matt Carle and Paul Stastny, and USHL Goaltender of the Year and USA Hockey Junior Player of the Year Jeff Lerg. He also helped develop 54 NCAA Division I scholarship players and 12 NHL draft picks and served as associate coach for Team USHL at the USHL Prospects/All-Star game during his final season.

Prior to his arrival in Omaha, Fisher served two seasons with St. Cloud State University's hockey program as an undergraduate assistant coach. During his time with the Hus-

kies, Fisher helped develop five players for the NHL and in 2000 they advanced to just the second NCAA tournament in program history.

### PERSONAL LIFE

A graduate of St. Cloud State University, Fisher has a bachelor's degree in communications. Prior to coaching, Fisher played two seasons at Hibbing Community College, participating in the NJCAA national tournament during his tenure there.

Fisher and his wife, Kristi, reside in Port Matilda with their two daughters, Anna and Emily.

## HOCKEY VALLEY TIMELINE

### EARLY YEARS

#### LATE 1800s-EARLY 1900s

Many of Penn State's 300 students play pickup hockey on flooded outdoor rinks.

#### 1906-09

Students primarily from the Pittsburgh area organize a hockey team with the intent to seek official approval for an intercollegiate varsity team by the University's Athletic Association, which oversaw all Penn State sports.

#### DECEMBER 1909

On Christmas night, the first Penn State hockey team, led by captain **Herb Baetz**, plays its first-ever intercollegiate game against Carnegie Tech at the Duquesne Gardens in Pittsburgh. Less than a week later, Penn State travels to the Duquesne Gardens once more, and falls to Pittsburgh, 2-1.

#### JANUARY 21, 1910

University's Athletic Association rejects an official bid to sponsor ice hockey as an official varsity sport. Penn State students fight to elevate the program for the next two decades.

#### WINTER 1938

Eight members of the Sigma Phi fraternity form an independent hockey team.

#### FEBRUARY 1938

On Feb. 12, the team plays an exhibition game against Lakemont, an independent amateur team, in Altoona, Pennsylvania, with **Al Hook**, a physical education professor, serving as team coach. Ten days later, the squad suits up for its first intercollegiate game against Pittsburgh at the Duquesne Gardens, losing 4-0.

#### 1938-39 SEASON

Prior to the start of the 1938-39 campaign, **Dr. Carl P. Schott**, Dean of the School of Physical Education and Athletics, approves appropriations of \$100 for the team.

**Dr. Arthur F. Davis**, who also coached the first four seasons of varsity hockey at Penn State, is named the team's head coach. In the beginning of the season, the team practices indoors at the Armory building or outside on the pond at Whipple Dam, and plays three games.

#### 1939-40 SEASON

Penn State joins the Pennsylvania Intercollegiate League with the University of Pennsylvania, Hershey Jr. Cubs, Lehigh and Lafayette.

During the season, Rec Hall becomes the team's indoor practice facility. The team's "home" rink was more than 100 miles away in Hershey. Penn State plays its first true home

contest Jan. 27, when the team was finally able to play on flooded tennis courts. Three hundred bleachers were also put in for the event.

The team competes in 11 games during the season and compiled a 3-8-0 record.

### THE FIRST VARSITY ERA

#### MARCH-MAY 1940

Hockey and skiing are put before the students at the All-College Elections. Two months later, hockey is voted as an official varsity sport as the Athletic Association approved the measure by a 651-35 majority vote.

#### DECEMBER 6, 1940

Penn State plays its first game as a varsity sport at the Shaffer Ice Palace in Johnstown, Pennsylvania. The Nittany Lions defeat Carnegie Tech, 3-1, with **John Dufford** scoring the first goal in Penn State varsity history.

After the first season, the University's Athletic Advisory Board granted hockey full status with full financial support. Up until that time, the team was able to make its own schedule and handle its own finances. The team uses Rec Hall as its practice facility as several attempts for an outdoor rink throughout the years is unsuccessful.

#### 1940-44 SEASONS

Although there is on-ice success, the United States' involvement in World War II, combined with the lack of availability of ice on campus,

has a devastating effect on the viability of Penn State Hockey.

With many teams dropping the sport, Penn State only plays four games during the 1942-43 season, including just two collegiate contests.

Ravaged by the war, Coach Davis and Penn State prepares for the 1943-44 season with only three members from the previous year's squad after losing most of its members to military and civilian enrollment.

With the effects of the war being felt throughout the University, the Athletic Association announces that the suspensions of six sports as a war-time economy measure: hockey, cross country, swimming, gymnastics, tennis and golf.

#### 1946-47 SEASON

Following the end of World War II, the team returns for one final season. **James O'Hora**, a new addition to the football coaching staff, is selected to lead Penn State for the 1946-47 season. The Nittany Lions are scheduled to play seven games, but four contests are eventually cancelled due to warm weather.

Following the season, the Athletic Association drops hockey once more, citing limited facilities.

It will be 25 years until organized hockey returns to Penn State.

It is announced that Pegula Ice Arena will host it's first NHL contest as Terry Pegula is bringing his Buffalo Sabres to Hockey Valley to face-off with the Minnesota Wild in a preseason contest on September 26, 2016.

**THE PEGULAS**

On Sept. 17, 2010, Penn State graduate, Terry Pegula, and his wife, Kim, donated \$88 million to his alma mater—the largest private gift in the history of the school—to fund a state-of-the-art, multi-purpose arena and to help elevate the University’s men’s hockey program to the NCAA Division I level. In April 2012, the Pegulas announced they would increase their donation to the Nittany Lion hockey program to \$102 million.

Thanks to their generosity, Penn State added both men’s and women’s varsity hockey, with both teams beginning play at Pegula Ice Arena in 2013-14. The building includes two ice sheets and serves as the only major ice facility within an 80-mile radius of State College. In addition to providing hockey and figure skating opportunities for the entire Central Pennsylvania region, it is also used for a broad range of campus and community activities.

A native of Rochester, New York, Kim Pegula is a 1991 graduate of Houghton College with a degree in communications and was involved with East Resources since 1991. In 2011, Kim donated \$12 million to her alma mater to support the construction of new athletic facility, the Kerr-Pegula Sports Complex.

Together, the Pegulas have expanded their interests in the sports field by acquiring Atlanta-based France AllPro Athlete Management, a high-profile NFL player agent firm headed by Todd France, in December 2011. The Pegulas also own Impact Sports Performance, an elite athletic training facility in Boca Raton, Florida.

Beyond the sports world, Terry and Kim also founded Black River Entertainment, a country music label based in Nashville, Tennessee.

Terry and Kim currently reside in Boca Raton, Florida, and have five children: Michael, Laura, Jessica, Kelly, and Matthew.

**EAST RESOURCES**

In 1983, 10 years after he graduated from Penn State, Terry Pegula borrowed \$7,500 from family and friends to establish East Resources Inc., an independent oil and gas exploration and development company.

Over the next 27 years, he built it into one of the largest privately held companies in the United States. In July 2010, Royal Dutch Shell purchased the assets of East Resources Inc. for \$4.7 billion. That sale allowed the Pegulas to make their first foray into the hockey world with their transformational gift to Penn State.

**BUFFALO SABRES**

Back in 1983, Terry Pegula told his business partner, Robert H. Long Jr., “If I ever have more than two nickels to my name, I’m going to buy the Buffalo Sabres one day.” Almost 30 years later, Pegula’s dream came to fruition.

On Feb. 22, 2011, Pegula became the fourth owner in Buffalo Sabres franchise history. The day Pegula was introduced as owner, the Sabres were 27-25-6 and sat in ninth place in the Eastern Conference—five points out of a playoff spot. Pegula’s purchase not only reenergized the fan base, but the players as well. With Pegula now at the helm, the Sabres went on a 16-4-4 run over the final 24 games of the season to finish seventh in the East. This included a 9-1-2 record at home, with every remaining home game selling out.

The momentum of the new era would stretch well into the offseason as the home of the Sabres—renamed First Niagara Center

TERRY PEGULA

in August 2011—began a multi-million dollar facelift. The renovations, which were completed in time for the 2011-12 season, included a new, state-of-the-art locker room with updated training and rehabilitation areas, player lounge and coaching offices. Along with the locker room transformation, First Niagara Center underwent several other upgrades with a focus on providing a first-rate environment for players and fans quickly earned Buffalo the label of ‘Hockey Heaven.’

In 2012, Pegula looked to make an even bigger impact on the City of Buffalo, using hockey as a catalyst. On Aug. 29, it was announced that the city had selected Pegula and his development team to develop and construct HARBORcenter, a \$172 million multipurpose facility that sits directly across from First Niagara Center in the city’s Canalside District. HARBORcenter is anchored by two new NHL-size ice rinks that are open for community use and a 200-room, full-service Marriott hotel. In addition to the ice rinks and hotel, there’s an upscale, hockey-themed sports bar and restaurant, additional retail space and a parking structure.

HARBORcenter is now home to Canisius College hockey and helped host multiple international tournaments including the 2015 IIHF U-18 Women’s Championship. It is expected to draw more than 500,000 people to downtown Buffalo annually and, coupled with First Niagara Center, will provide a premier destination for hockey fans, right in the heart of ‘Hockey Heaven.’

**BUFFALO BILLS**

On Oct. 11, 2014, exactly a year after Pegula Ice Arena debuts, the Pegulas purchased the NFL’s Buffalo Bills for \$1.4 billion, saving the franchise from relocating.

## PENN STATE UNIVERSITY

OLD MAIN

sylvania legislature designated Penn State the Commonwealth's sole land-grant institution. The lawmakers in effect bestowed on the privately incorporated college a public character. In return for state support, the institution assumed obligations of teaching, research and service that are normally associated with publicly owned land-grant universities in other states.

By the 1890s Penn State was making its mark. It ranked among the nation's 10 largest undergraduate engineering schools, a distinction it still holds. It established one of the nation's first collegiate agricultural experiment stations, and Professor Whitman Jordan's pioneering research on using fertilizers for soil enrichment had global impact on crop yields.

Penn State in 1871 became one of the first land-grant schools in the Northeast to admit women, graduated its first international student in 1890, and its first African-American student in 1905.

### THE MISSION

Penn State's historic mission of teaching, research, and public service—launched under the most modest of circumstances more than 150 years ago—now reaches into virtually all parts of Pennsylvania. Consider, for example, that the University now has 24 campuses across the Commonwealth, putting a Penn State education within practical reach of nearly every Pennsylvanian. In fact, nearly 75 percent of Penn State's undergraduates are Pennsylvania residents.

Penn State is Pennsylvania's largest non-governmental employer and has employees and expenditures in every one of its 67 counties. The University generates a total economic impact across the Commonwealth that surpasses \$8.5 billion annually.

Part of that impact is derived from Penn State's research program, which brings more than \$500 million in federal funds to Pennsylvania each year, and an additional \$100 million from private industry.

Penn State's outreach and online programs—ranging from 4H to Cooperative Extension, from summer camps to public broadcasting—provide educational and service programs to more than a million Pennsylvania households annually.

### THE BEGINNING

The University's presence throughout Pennsylvania today contrasts sharply with its humble beginnings. Chartered as a college of scientific agriculture, the institution was located in rural Centre County after James Irvin, a partner in the Centre Furnace iron works (remains of which can be seen today along East College Avenue), offered to donate 200 acres of farmland for a campus.

Founding President Evan Pugh wanted the fledging institution to embody a new approach to higher education that blended classical studies with subjects that had practical value. He joined similar visionaries in other states in convincing Congress to pass the Morrill Land-Grant Act in 1862. The act gave individual states tracts of federal land to sell; the proceeds supported colleges that agreed to include engineering, science and the liberal arts as well as agriculture in their course of studies. In 1863, the Penn-

### THE 20<sup>TH</sup> CENTURY

In the early 1900s, President Edwin E. Sparks supported a number of efforts to "carry the college to the people," as he liked to say. Technical institutes were established in various locations statewide for engineering education, beginning with an evening school in Allentown in 1910. In 1912, Penn State helped create a system of county agents in agriculture and home economics. Today, the Penn State World Campus, with its "anywhere, anytime" learning through the Internet, builds on that outreach tradition.

THE HINTZ ALUMNI CENTER

**PENN STATE UNIVERSITY**

But undergraduate education remained foremost. Enrollment surpassed 5,000 students by 1936, including those attending several undergraduate centers that were created for students who, in the depths of the Great Depression, could not afford to leave their hometowns to get a college education. The centers offered the first year of baccalaureate studies and were the predecessors of today's statewide system of campuses. Thanks to this innovative approach to higher education, Penn State in the 1930s became Pennsylvania's largest single source of baccalaureate degrees, a distinction it holds to this day.

**POST-WORLD WAR II**

Following World War II, Penn State underwent unprecedented expansion, first to meet the needs of returning military veterans and later to accommodate the Baby Boom generation. Total enrollment at all Penn State campuses climbed to 40,000 by 1970.

The University also emerged on the national scene as a research powerhouse in fields as diverse as dairy science, acoustics, psychology, and diesel engineering. The expansion of research went hand in hand with a steady increase in the number of graduate students. The University awarded its first graduate degree—a master's degree in scientific agriculture—in 1862, and the Graduate School was established in 1922. But overall graduate enrollment remained modest until the 1950s, then swelled steadily. In the past ten years alone, Penn State had awarded more than 30,000 master's, doctoral, and other advanced degrees.

**TODAY**

The University Park campus is Penn State's administrative and research hub. In addition, there are 19 primarily undergraduate campuses; Penn State Milton S. Hershey Medical Center, including the College of Medicine; the Pennsylvania College of Technology; the Penn State Dickinson School of Law, Carlisle campus; the Penn State Great Valley School of Graduate Professional Studies; and the Penn State World Campus.

To date, Penn State has awarded nearly 750,000 degrees, hallmarks of an educational experience second to none in quality. In addition, Penn State alumni—including 327,000 in Pennsylvania alone—have job- and social-networking opportunities that no other college or university in the Commonwealth can surpass.

**NITTANY LION LEGEND**

Penn State's athletic symbol, chosen by the student body in 1906, is the mountain lion which once roamed central Pennsylvania.

H.D. "Joe" Mason, a member of the Class of 1907, conducted a one-man campaign to choose a school mascot after seeing the Princeton tiger on a trip with the Penn State baseball team to that New Jersey campus. A student publication sponsored the campaign to select a mascot and Penn State is believed to be the first college to adopt the lion as a mascot.

Since Penn State is located in the Nittany Valley at the foot of Mount Nittany, the lion was designated as a Nittany Lion. In regional folklore, Nittany (or Nita-Nee) was a valorous Indian princess in whose honor the Great Spirit caused Mount Nittany to be formed. A later namesake, daughter of chief O-Ko-Cho, who lived near the mouth of Penn's Creek, fell in love with Malachi Boyer, a trader. The tearful maiden and her lost lover became legend and her name was given to the stately mountain.

**LION SHRINE**

Penn State's Nittany Lion shrine was dedicated on Oct. 24, 1942, during Homecoming Weekend. Animal sculptor Heinz Warneke and stonecutter Joseph Garatti molded a 13-ton block of Indiana limestone into the most recognizable symbol of Penn State. The shrine was chosen from six models submitted by

Warneke.

The shrine is a gift of the Class of 1940 and rests in a natural setting of trees near Recreation Building. The site was chosen because of its accessibility, the surrounding trees and the fact that the sculpture would not be dwarfed by nearby buildings.

**BLUE & WHITE**

Penn State's student-athletes are instantly identified by their blue and white uniforms — but those weren't the original school colors. A three-member committee representing the sophomore, junior and senior classes was appointed in October of 1887 to develop color options from which the student body would select the school's official colors. Dark pink and black was the unanimous choice of the student body after considering the color combinations presented by the committee.

Soon many students and the baseball team were sporting pink and black striped blazers and caps. However, problems arose when the pink faded to white after several weeks of exposure to the sun. The students then opted for blue, rather than black, and white. The official announcement of the new choice was made on March 18, 1890.

## ERIC J. BARRON

President • Third Year • Florida State '72 (B.S.) • University of Miami '76 (M.S.)  
University of Miami '80 (Ph.D.)

- Hired as Penn State President Feb. 17, 2014
- Led Florida State as president
- Served as dean of PSU's Earth & Mineral Sciences

**Eric J. Barron** took the helm of Pennsylvania's flagship public university on May 12, 2014, arriving from Florida State University, where he had been president for four years. No stranger to Penn State, he had served on the faculty of the College of Earth and Mineral Sciences from 1986-2002 and as dean of the college from 2002-06.

Dr. Barron returned to Penn State from his presidency at Florida State, bringing with him nearly 35 years of leadership experience in academic administration, education, research and public service, and a track record as a talented manager of fiscal policy within large and complex institutions. Dr. Barron led Florida State to two consecutive U.S. News and World Report rankings as the nation's "most efficiently operated" institution of higher education.

Dr. Barron earned a bachelor of science degree in geology at Florida State in 1973 before moving on to the University of Miami, where he earned master's and doctoral degrees in oceanography, in 1976 and 1980, respectively. Dr. Barron spent 20 years of his career at Penn State, serving as dean of the College of Earth and Mineral Sciences from 2002-06, and as founding director of the Earth System Science Center, one of the first major initiatives focused on the total study of Earth as a system, from 1986-2002. He also had a simultaneous appointment as director of the Earth and Mineral Sciences Environment Institute from 1998 to 2002. In 1999, he was named Distinguished Professor of Geosciences at Penn State, and during his tenure as director, *Industry Week* magazine ranked him among "50 R&D Stars to Watch."

An accomplished scientist with a long background in atmospheric research, Dr. Barron served as director of the National Center for Atmospheric Research (NCAR) from 2008-10 and as dean of the Jackson School of Geosciences at the University of Texas at Austin from 2006-08. Early in his career he was a postdoctoral research fellow and scientist at

the National Center for Atmospheric Research in Boulder, Colorado, a federal research center focusing on atmospheric and related science issues. Over the decades, Dr. Barron has lent his significant expertise in the areas of atmospheric science and the geosciences to many national committees and federal organizations. As leader of Penn State, Dr. Barron oversees a research enterprise of more than \$800 million and 24 campuses, including two law schools and a College of Medicine in Hershey, Pa., as well as an internationally recognized online educational enterprise known as the World Campus. Penn State's current enrollment is approximately 98,000 students, and it boasts the world's largest dues-paying alumni association.

During his tenure as president of Penn State, Dr. Barron has made access and affordability; student engagement; economic development; job creation and student career success; technology and diversity and demographics priorities. His Invent Penn State initiative aims at ramping up investment in economic development and student career success. By leveraging the size and broad research strengths of the University, Dr. Barron has made it a goal that Penn State will be a driver for job creation, entrepreneurship, and economic development, and will accelerate the transfer of new ideas into useful products and processes that encompass a broad range.

Over the past year, Invent Penn State has resulted in the launch of 20 entrepreneurial centers and innovation hubs across Pennsylvania.

AD

Director of Athletics • Third Year • Wake Forest '81 (B.A.) • Massachusetts '83 (M.S.)  
Northwestern '91 (M.B.A.)

- Hired as Penn State Director of Athletics Aug. 18, 2014
- Previously led Cal and Tulane as athletic director

**Sandy Barbour** began her leadership of the Penn State Intercollegiate Athletics program on Aug. 18, 2014. President Eric J. Barron named Barbour the Nittany Lions' ninth Director of Athletics on July 26, 2014 after serving 10 years as Director of Athletics at the University of California.

Barbour brings to Penn State more than 30 years of varied experiences as a collegiate administrator and coach, with a demonstrated record of championships, academic success, innovation, facility modernization and revenue growth.

Barbour directs Penn State's 31-sport, broad-based program that supports approximately 850 student-athletes and an Intercollegiate Athletics staff of more than 300.

Serving as the Director of Athletics at Cal since 2004, Barbour guided the Golden Bears through one of the most successful periods in school history. Under her direction, the athletic department became one of the consistently elite programs in the country. Barbour's 10-year term as AD was the longest tenure for the department since men's and women's athletics merged into a single entity in 1992.

During her tenure overseeing Cal's 30-sport program, the Golden Bears won 20 team national championships, 97 individual national titles, finished in the top 10 in the annual Learfield Sports Directors' Cup standings six times, including a program-best third in 2011, and reached record levels in ticket sales, sponsorships and fundraising.

Cal student-athletes continued their high academic achievement in 2013-14, with numerous programs earning public recognition from the NCAA on the Academic Progress Rate and Graduation Success Rate metrics with 100 percent scores. New coach Sonny Dykes led a resurgence in the football program's academic achievement with a 969 APR score, 18 points higher than the Division I football average, and a record-setting program GPA.

Under Barbour's leadership, the average grade-point average for Cal's 30 teams was nearly 3.0 and the women's golf team achieved the highest team GPA in Cal's recorded history when it posted a 3.54 GPA during the fall 2013 semester. More than 175 student-athletes annually earned academic all-conference notice, and 17 teams received national recognition for their NCAA Academic Progress Rates over the last five years.

Prior to moving to Berkeley, Barbour was the deputy director of athletics at Notre Dame, serving as the university's senior athletic administrator from July 2002 to September 2004. She previously held an associate athletic director position there starting in 2000.

Barbour's career in intercollegiate athletic administration spans more than 30 years, beginning as a field hockey assistant coach and lacrosse administrative assistant at the University of Massachusetts in 1981. She has since served as assistant athletic director at Northwestern and in 1991 was recruited to Tulane as an associate athletic director.

In 1996, Barbour was appointed Tulane's director of athletics at age 36, and during her three years overseeing the program, Green Wave teams won 12 conference championships. In her first year in the position, the school captured four conference titles, a feat never before accomplished in Tulane history. She also hired Tommy Bowden as head football coach during her first year. Bowden proceeded in 1997 to post the Green Wave's first winning season (7-4) in 16 years, and then directed the school to a 12-0 record, a Conference USA championship and a No. 7 national ranking the following season as the 1998 Liberty Bowl champions.

Born Dec. 2, 1959, in Annapolis, Md., Barbour grew up in a military family. Her father was a career aviator in the U.S. Navy, and her family lived in various U.S. locations as well as in Western Europe during her childhood.

Barbour graduated cum laude in 1981 with a B.S. degree in physical education from Wake Forest, where she was a four-year letterwinner and served as captain of the field hockey team. She also played two varsity seasons of women's basketball.

Barbour earned advanced degrees at both Massachusetts (an M.S. in sports management in 1983) and Northwestern's Kellogg School of Management (an M.B.A. in 1991). Between master's programs, Barbour served as assistant field hockey and lacrosse coach at Northwestern from 1982-84. She also held the position of director of recruiting services during that period, before being promoted to assistant athletic director for intercollegiate programs in 1984, a position she held until 1989.
