  - (G) ENTRANCE GATES
  - (H) EXISTING GRASS
  - (I) EXISTING TREES
  - (J) SCRUB VEGETATION
  - (K) HEDGEROW: HEATHROW HEDGE
  - (L) ORCHARD TREES [1-23]
  - (M) ROOT PROTECTION ZONE
- Features in red are fixed and to be retained, all other features may be relocated within the site as part of the proposal.

(1-19) The orchard contains a variety of important heritage apple trees, including the Cox's Orange Pippin which was cultivated nearby. The orchard trees have been adopted by individuals, MPs and organisations who oppose airport expansion - for species and more information see the competition brief.

(20-23) Newly planted trees which may be relocated within the site as part of the proposal.
