HEATHROW EXPANSION

WHAT DO WE DO IF THE WORST
COMES TO THE WORST AND
THE GOVERNMENT SAYS 'YES'?

The Camp for Climate Action in association with residents' campaign group HACAN Clearskies, and Greenpeace UK presents:

SATURDAY 26TH JULY

A conference to discuss a plan of action if the Government gives BAA the green light for expansion.

The conference will bring together people who are against Heathrow expansion – local residents, climate campaigners, noise campaigners, and many more. It will be a very different sort of conference, where all ideas are welcome from mass letter-writing to mass direct action. The conference will run from 12 noon to 5pm at a venue close to Heathrow.

The next day the Climate Camp caravan will leave from Sipson at the start of its journey to Kingsnorth in Kent.

Check www.climatecamp.org.uk or www.hacan.org.uk for further details.
