"There are many ways we feel togetherness here at Grace Bible College. It may be by laughing, crying, praying, sharing, or just being together that we feel togetherness. It is like two pieces of contact paper stuck together. Nothing can come between them. When two people learn to know and love each other, they should let nothing come between them."

"There are many of us here at G.B.C. There are abundant paths that we each choose to follow. Many times our paths meet. It's called togetherness. My soul becomes entwined in yours. We learn acceptance, understanding, care. Like pushing a car out of a snowdrift, it takes effort. Sometimes agonizing effort that is prompted and powered only by the Lord. But when an oasis emerges at the junction of our paths, we are refreshed. We have learned togetherness."

"Togetherness is a word which describes a unique relationship. It's more than just friendship, and yet it doesn't have to be like 'two peas in a pod.' Togetherness is not so much BEING TOGETHER all the time as it is the special way two people FIT TOGETHER, completing each other just as single notes are blended to make harmony."

"Togetherness is simultaneous cooperation amongst a group, giving and taking where need be, to provide healthy, well-balanced relationships."

"Togetherness is people sharing and spending time with each other, moving and growing together like a shadow moving along the wall. Here at Grace Bible College is a comparison to a warm, loving family. We have concern for each other like a mother has for her sixteen-year old daughter on her first date."
