Season Guide

Rewards are mailed to the player after the end of the season.
Rank rewards also include previous rank rewards.

*Must end the season as Ascendant rank.
Minimum CP for Ascendant is 1500.

WORLDS

The height of competition in Grand Archive TCG. This invitational event sees the world's most skilled players face off for a chance at being crowned the World Champion. This event happens only once each year.

The Gauntlet

A last chance qualifier for Worlds. Players that finish just outside the Worlds qualification slots at Nationals will be invited to participate in this event. The Gauntlet will happen once each year, immediately prior to the World Championships.

NATIONALS

The culmination of an entire year of play. Players who have earned enough points to qualify will compete for the ever limited spots at Worlds. There is one National Championship in each major region each year (NA, EU, OCE, SEA).

ASCENT

Open entry, large scale events that happen two to three times each season. Ascents are the bread and butter of competitive Grand Archive, awarding high ranking players with Nationals Qualifier Points, and special unique trophy Spirit cards to the top 8.

Store Championship

Entry level competitive events held in stores. These smaller events are available once a season to all qualifying OMNIDEX stores. They have unique foil promos for attendees, and the winner gets an exclusive prize card worth points for the next Nationals.

Regional Championship

These mid-sized events offer a great place for competitive players to grind out points for Nationals, while earning a number of exclusive items. Each season, about 50 partners will be selected to host these events.

OMNIDEX Ranked

Stores that are registered on OMNIDEX can run all events as Ranked locals, which allow players to earn points towards Nationals qualification, as well as unique end of season promo cards based on their end of season rank.

New Sapphire Packs

Season Guide

New DTR Sapphire packs are available at Regionals!

Each pack contains a foil from among the exclusive Starter Deck cards!

Packs are given on entry and to top players.

National Qualifiers

Win qualifier cards to help you enter Nationals 2026!

Nationals Qualification in 2026

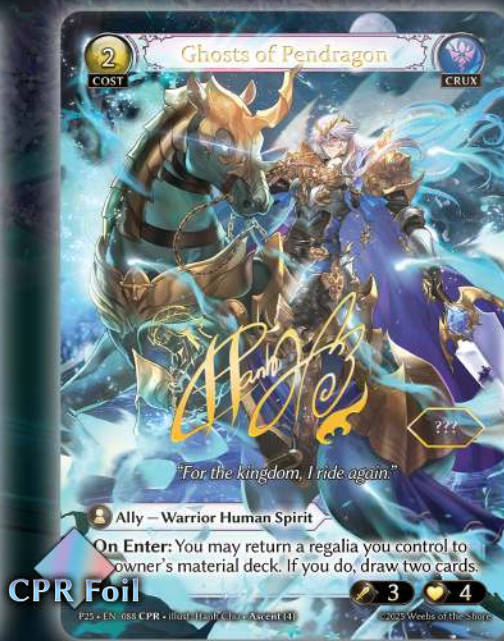

Players will need Nationals Qualifier Points (NQP) to enter. The amount of NQP needed to enter a Nationals event is different based on region:

- North America - 12 NQP
- Southeast Asia - 12 NQP
- Oceania - 10 NQP
- Europe - 8 NQP

Players earn NQP based on their Omnidex rank during the time of the Nationals event. In addition, players can use uniquely named copies of Nationals Qualifier cards from the HVN, DTR, and PTM seasons to get NQP for that event. Store Championship cards grant 2 NQP each, Regional cards grant 3 NQP each, and Ascent cards grant 4 NQP each. Qualifier cards must be used at the appropriate Nationals event as specified on the card. Each invite card can only be used once.
