Changes to Nationals Qualification in 2025

Starting at Nationals in 2025, players will need National Qualifier Points (NQP) to enter. The amount of NQP needed to enter a National event is different based on region:

- North America - 12 NQP
- Southeast Asia - 10 NQP
- Oceania - 10 NQP
- Europe - 8 NQP

Players earn NQP based on their Omnidex rank during the time of the National event. In addition, players can use uniquely named copies of National Qualifier cards from the ALC, MRC, and Set 5 seasons to get NQP for that event. Store Championship cards grant 2 NQP each, Regional cards grant 3 NQP each, and Ascent cards grant 4 NQP each. Qualifier cards must be used at the appropriate National event as specified on the card. Players receive their Qualifier cards back as well as CPR versions of those cards after the event.

Judge Program
