From the ID,

It is a great privilege and blessing to be part of something that enables people to hear God's message in a language that speaks to their heart. By God's grace in 2018 GRN was able to do just that. I want to say a heartfelt thank you to our dedicated staff, our many ministry partners and those who support the ministry through prayer, finance and giving their time.

This report provides a small snapshot of what has been done but only eternity will reveal the impact. May God bless and encourage you as you read this report.
