

TUMI TIGER's FAQs

(Frrrequently Asked Questions)

How do I get a Tumi Tiger? Contact Megavoice or GRN (see below for contact emails).

Is the player sold with the soft toy? Yes – they are shipped together.

What languages can Tumi speak? Tumi speaks English, Afrikaans and is learning new languages all the time. Contact us about the language you need.

Can I load my own content? Tumi is usually pre-loaded with chats. Audio Bibles can be added if requested. Your own content can be added using the Megavoice secure USB cable. These can be purchased with the player.

How long does Tumi talk? Tumi's chats play for a total of 4 hours.

How often does Tumi's battery need charging? The player with a fully charged battery will play for 12 hours non-stop before it will need a recharge.

How long does it take for the battery to charge? Battery takes 8 hours to charge with the solar cell. It takes 1.5-2 hours to charge using AC power via a USB Cable.

Is Tumi Tiger available in places other than Southern Africa? Megavoice and GRN will ship Tumi Tiger worldwide. Check postage rates when ordering.

Trauma Recovery

Experience shows that stuffed animals can bring physical and emotional comfort to children and adults who have gone through trauma and pain. Tumi can be a buddy to help children of poverty, disease, and disaster to feel loved.

Life Orientation

Tumi shares important knowledge, values and skills, that are essential for the personal, social, intellectual, emotional and physical growth of ALL our children. Every child can benefit from a friendship with Tumi.

Tumi tiger is:

Simple and Practical

A special pocket/pouch in each animal holds the audio player that is Tumi's voice box. The controls are easy for a child to use and give access to all Tumi's chats. The player is solar rechargeable and can be recharged hundreds of times.

Child-focused/child safe

The tiger soft toy is child certified, as well as the audio player device. These soft toys are washable, hypo-allergenic and passed all the safety tests.

A Joint Project

This is a joint project with Global Recordings Network Southern Africa (GRNSA) as audio producer, partnering with Home of Creativity and Megavoice.

Claude Vosloo from Home of Creativity wrote the script. Megavoice designed and manufactured the animal.

Suitable for children of all ages

The age of children can benefit from this tool. We have from 2 year olds up to 12 year olds who appreciate a Tumi hug while listening to the tiger tales.

"Remember you have power to let go – from the thing eating you inside (forgive others and be free)"....TUMI

A Team Player

Tumi has proven to be effective serving as a co-member of staff on medical teams, in police trauma rooms, counsellors or children's homes and child hospices.

Comprehensive

Tumi's stories are carefully developed to make a long-lasting impact on children. The child learns and is guided through Tumi's adventures and mistakes on crucial matters. Nobody's perrrfect, right? Tumi views, addresses and engages the child as a playmate and a tiger as well (or a human 'cub').
