Assignment 3: Plan for an Informational Interview

Purpose

Plan to conduct an informational interview of a faculty or professional whose career you aspire to. We will ask that you eventually record audio, or video, of the informational interview so that you can complete the next part of this activity.

Instructions:

1. Find a faculty member within your department, read their Curriculum Vitae (CV), or resume, online. Get to know the person you are interviewing and why you want to know about their career. Take note of the graduate school they attended.
2. Brainstorm questions to ask the person you will be interviewing.
