

Features & Benefits

- Accepted Anywhere**
Our protection plans are accepted by all licensed repair facilities nationwide.
- Free Towing**
Sign & Drive towing (to the selling dealer) up to 50 miles or to the nearest qualifying repair facility.
- Roadside Assistance**
 - 24-hour roadside assistance
 - Flat tire change
 - Vehicle jump start
 - Lockout key recovery
 - Emergency fuel, oil or coolant delivery
- Rental Reimbursement**
If you're in need of a rental vehicle due to covered repair work, we will provide rental coverage reimbursement with no deductible for up to 5 days at \$50 per day.
- Trip Interruption**
If your vehicle breaks down due to a covered component, and you're more than 100 miles away from home, we will reimburse you for your meal and/or lodging expenses for up to 5 days at \$200 per day.
- Fully Transferable**
Any remaining coverage can be transferred¹ to the new owner, should you sell your vehicle.

¹\$50 transfer fee (\$40 in FL; \$25 in NV)

Additional Coverage Options

- Business Use/Rideshare:** Provides coverage for any vehicle used for the business purpose of providing rideshare services (Uber, Lyft, etc.), farming or ranching, pushing, pulling or hauling material of any kind, route work, job site activities, service or repair work, or which has been issued commercial plates in the state in which it is titled or is used for a commercial enterprise. Vehicles used commercially for snow removal must be equipped with factory installed or factory authorized snowplow package.
- Lift Kit:** Provides coverage for vehicles equipped with oversized/undersized tires (not to exceed the maximum tire width allowed by the lift kit manufacturer), body lifts and suspension lifts (maximum 6" combined lift) that are installed by the selling dealer or authorized facility at time of vehicle sale.
- Snow Plow Equipped:** Provides coverage for vehicles used for snow removal, provided they are properly equipped for such use and are not used commercially unless the Business Use/Rideshare surcharge is also selected.

Overview

Next to your home, your vehicle is most likely one of the largest investments you'll make. Safeguard it with the best protection available – a Janus Vehicle Service Contract!

With over 10,000 components on the average vehicle, and the increased complexity of many of those components, the odds of a mechanical malfunction are not only greater than ever – but also more expensive. Walk into the service department of a typical automobile dealership and you won't see too many "mechanics" anymore, you'll see "technicians" licensed and certified to work on the computers and electronics that control almost every aspect of the operation of today's cars. It's no wonder repair costs continue to rise every year.

Regardless of whether you're planning on long-term ownership or looking to enhance the resale value of your vehicle, Janus vehicle service contracts are the ideal way to keep your vehicle in top-operating condition while keeping your out-of-pocket repair costs to a minimum!

Chances are you have health and dental insurance, and will get car insurance on the vehicle you're buying.

But did you know that, over the life of your vehicle, you're three times more likely to use a service contract than have a major claim for medical, dental or car insurance?

Janus Automotive Administrators is a leading provider of vehicle service contracts specifically designed to enhance your vehicle buying and ownership experience. We cover the costs of unexpected, often catastrophic, repairs providing you with peace of mind you expect and deserve.

VEHICLE PROTECTION PLAN

Protection for the Next Millennium™

Comprehensive Coverage

Includes all listed components in **BLACK**, **BLUE** and **GREEN**

Engine (Gas or Diesel): All internally lubricated parts within the engine plus the cylinder heads, engine block, engine mounts, flex plate, flywheel and ring gear, harmonic balancer, intake and exhaust manifolds, water pump, oil dipstick and tube, oil pump, oil pump drive sprocket, timing chain/belt and timing chain tensioner. The oil pan and valve covers are only covered if damaged by an internally lubricated part.

Hybrid Electric (HEV) Components: Inverter/converter transformer units including all internal components and cover; continuously variable transmission (CVT) and all internal components; power split device and all internal components; reduction/reducer box and all internal components; onboard battery charging system including charge controller, plug in outlets, plug in cable and trickle charge cable; electric air conditioning compressor and motor, and seals and gaskets for the above listed components. HEV battery (nickel-metal hydrate or lithium-ion drive propulsion battery) including the case and mounting hardware are specifically excluded.

Turbo/Supercharger: All internally lubricated parts. Housing is only covered if damaged by an internally lubricated part.

Automatic Transmission: All internally lubricated parts, torque converter, transmission mounts, vacuum modulator, all gears, governor, oil pumps, clutch plates, shafts, internal valves, rings, servo units, friction and steel drums, bearings and bushings, and bands. Transmission case is covered if damaged by an internally lubricated part.

Manual Transmission: All internally lubricated parts, all gears, all bearings, main drive gear, internal shifting components, synchronizing drum, shafts and spacers, main shaft and bushings. Transmission case is covered if damaged by an internally lubricated part.

Drive Axle Assembly (Front & Rear): All internally lubricated parts within the drive axle housing plus the center carrier bearings, constant velocity joints, double offset joints, drive shaft/yokes, four-wheel drive actuator, locking hub mechanisms, propeller shafts and universal joints. The drive axle housing is only covered if damaged by an internally lubricated part.

Transfer Unit: All internally lubricated parts within the transfer case. Transfer case is only covered if damaged by an internally lubricated part.

Seals & Gaskets: Are covered on all components listed under each coverage plan.

Electrical: Alternator, voltage regulator, starter drive, starter motor and starter solenoid, distributor, pick-up coil, ignition module, integrated power distribution module (IPDM), fuel pump relay, crankshaft position sensor, camshaft position sensor, power antenna motor, wiper motor(s) (front & rear). Convertible top motor, cruise control module, cruise control engagement switch and servo, electronic instrument cluster, electronic level control compressor, electronic level control sensor, main wiring harness, power mirror motor, power seat motor, power sunroof motor, power window motor, power window regulator, washer motor, wiper circuit board, coil pack, coil(s), manifold air temperature sensor (MAT), coolant temperature sensor, idle air control valve, idle speed control motor, knock sensor, oxygen sensor, and throttle position sensor. Analog gauges, engine control unit (ECU), engine control module (ECM), body control module (BCM), manifold absolute pressure sensor (MAP), mass air flow sensor (MAF) and power door lock actuators, all manually operated switches, and wiring harnesses for listed covered components.

Fuel Delivery: Fuel injectors, fuel injection pump, primary fuel pump, secondary fuel pump, fuel level sending unit and metal fuel lines.

Air Conditioning & Heating: Compressor, compressor clutch, compressor clutch coil, condenser, evaporator, serpentine belt tensioner and blower motor. Accumulator, compressor pulley, expansion valve, heater core, high/low cutoff switches, orifice tube and receiver/dryer.

Brakes: Master cylinder, wheel cylinders, disc brake calipers, vacuum assist booster, proportioning valve, hydraulic lines and fittings. ABS control module, ABS pump, ABS sensors, ABS accumulator, ABS motor and rear actuators.

Front & Rear Suspension: Upper and lower control arms, control arm shafts and bushings, upper and lower ball joints, king pins and wheel bearings. Radius arm and bushings, torsion bars, mounts and bushings, stabilizer bar,

links and bushings, struts, strut bearing plates, spindle and spindle support, pannard bar, track bar, suspension bumpers, leaf springs, leaf spring shackles and hardware.

Steering: Power steering pump, rack and pinion and all internally lubricated parts within the rack and pinion assembly. The steering box is only covered if damaged by an internally lubricated part.

Cooling: Cooling fan clutch, cooling fan blade, cooling fan motor, radiator and thermostat.

Technology Package¹: (Available Upgrade). Provides coverage for the following parts/components including: Factory installed hands-free voice activated accessories; back up camera and sensors; video display screen (excludes pixel damage); blind spot sensors; power tailgate lock; illuminated visor vanity; mileage computer; emergency trunk release; automatic climate control programmer; GPS/navigation system (does not include programming or updates); factory installed TV/VCR/DVD players; audio/video equipment, internet access systems, all touch screen and/or voice activated accessories including related display screens and heads up displays on windshields, electronic transmitting/receiving devices, voice recognition systems and remote control consoles.

¹The components listed are only covered if the Technology Package is selected and paid for.

This is a general outline of coverage for marketing purposes only and does not constitute your contract. Actual terms and conditions may vary by state. See your contract for complete provisions, exclusions and limitations.

Exclusionary Coverage

The Janus Exclusionary Protection Plan provides the highest level, most comprehensive coverage available. It is so extensive that it's a lot easier to just list what's NOT covered!

The following parts/components are excluded, including (but not limited to): Battery including cable/harness, battery pack on hybrid vehicles, body sheet metal and panels, brake rotors, drums and hardware, bright metals including chrome, bumpers, carburetor, circuit breakers, catalytic converters, frame and structural body parts, friction clutch disc and pressure plate, glass, handles, knobs or dials lenses, light bulbs, manual and hydraulic linkages, moldings, outside ornamentation, paint, radar detection devices, sealed beams, standard/ manual transmission clutch assembly, throwout bearing, tires, trim, upholstery and carpet, weather strips, wheels/rims, vinyl and convertible tops including any convertible top assemblies, hardware or linkages. External nuts, bolts and fasteners are not covered except where required in conjunction with a covered repair.
