Nest Pro

The smart home is smart business.

Google Home brings together a portfolio of smart home devices in a single app – so it's easy for you to bundle products and services and open up new revenue streams.[1] And with a Google Home Premium subscription, customers can access advanced features built with Gemini, Google's most capable AI – making their homes smarter, safer, and more comfortable.[2]

Nest Learning Thermostat (4th gen)

Our premium model is the same beautiful thermostat customers love on the outside, now re-engineered on the inside for the fastest setup yet on a Nest thermostat – on the device or on the app. It's simpler to service and compatible with high-end systems up to 5H 3C, including heat pump, ventilation, and central humidifiers and dehumidifiers. Choose from the original SKU (bundled with a Nest Temperature Sensor) or the new trade-exclusive Nest Learning Thermostat Pro.

Five-year extended warranty with professional installation.

Nest Thermostat

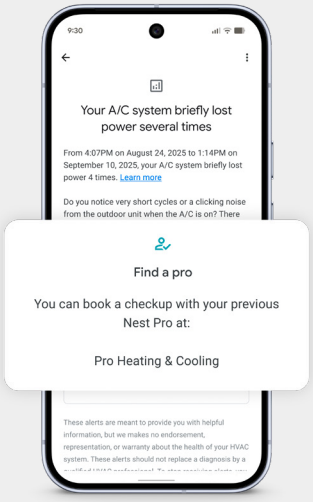

With energy-saving features, app control, and a flexible schedule, the Nest Thermostat keeps your customers comfortable – all at a budget-friendly price. And it's compatible with 85% of 24V systems, including 2H 1C or 1H 2C conventional and heat pump systems.

Three-year extended warranty with professional installation.

Grow customer loyalty with HVAC System Health Monitor.

It looks out for issues, tracks performance over time, and lets customers know if something might be wrong. Your techs just have to enter your Nest Pro ID at installation, and your company name and contact info will appear right on the alert screen. One-tap contact makes it easy for customers to get in touch, routing high-priority service calls directly to your business.[5,6]

1 Compatible devices required, sold separately. 2 Requires Google Home Premium Advanced plan (sold separately), Google Home app, Wi-Fi, and internet connection. Features subject to change; available in select countries and languages. Gemini features work independently of Gemini apps. Check responses for accuracy; results may vary. 3 Compared to Nest Learning Thermostat (3rd gen). 4 Google Home app required. 5 List of eligible HVAC systems is available at g.co/nest/hvac-monitoring. Alerts can notify users of a potential issue with an eligible HVAC system. They're meant to provide helpful information, not an endorsement, representation, or warranty of any kind about the health of an HVAC system. HVAC System Health Monitor is only available to registered Nest Pros. A person with legal signing authority for the Pro company can register for a Pro ID at g.co/nestpro. HVAC system alerts will surface the information of a Pro company if the Pro company is enrolled in HVAC System Health Monitor and a Pro ID is entered on the thermostat.

Nest Doorbell (wired, 3rd gen)

The smarter and sharper doorbell camera offers 2K HDR video, a wider, taller field of view, and enhanced home security with Gemini.[2,7,8] And with the improved pro installation flow for new builds, you can conduct a manual chime test without Wi-Fi, enabling it to pass inspections.

Three-year extended warranty with professional installation.

Nest Doorbell (battery)

The battery-powered Nest Doorbell works at almost any home, from houses to apartments. It has built-in intelligent alerts for people, packages, animals, and vehicles, plus up to 3 hours of event video history – no subscription required.[9]

Nest Cam Outdoor (wired, 2nd gen)

The most pro-friendly Nest Cam yet, with 2K HDR video, a wider, taller field of view, and flexible wiring options.[7,8] The Pro SKU includes a 4-foot captive cable to 2 wires for easier, cleaner custom installs (Jasco 7.5V adapter recommended, sold separately). And Google Home Premium with Gemini unlocks cutting-edge home security features like detailed alerts and searchable video history.[2]

Three-year extended warranty with professional installation.

Nest Cam with floodlight

Nest Cam with floodlight automatically lights up when it spots a person, animal, or vehicle.[9] The two LED lights with a total of 2400 lumens and 180° motion detection add brightness and flexibility.

Three-year extended warranty with professional installation.

Nest Cam Indoor (wired, 3rd gen)

With 2K HDR video and Gemini, Nest Cam Indoor helps customers know even more about what's happening at home.[2,7,8] It's quick to set up and works seamlessly with other products in the Google Home ecosystem, so keep a few on your truck for easy bundling.

Three-year extended warranty with professional installation.

6 Pro assistance is only available in eligible areas. Nest Pros are independent third-party contractors who provide HVAC installation, maintenance, and repair services. 7 Compared to earlier Nest Cam and Nest Doorbell models. 8 Availability of 2K resolution is dependent on Wi-Fi and network strength, and requires connectivity speed of at least 3.3Mbps. 9 Some features, including mobile notifications, remote control, video streaming, and video recording, require working internet and Wi-Fi. 10 Requires Google Home Premium subscription (sold separately, but included for first 6 months), Google Home app, Wi-Fi, and internet connection. Features subject to change; available in select countries and languages. Gemini features work independently of Gemini apps. Check responses for accuracy; results may vary.

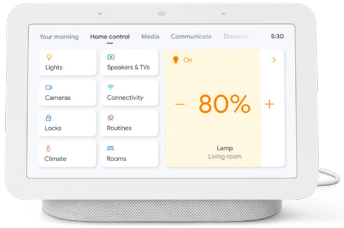

Google Home Speaker

Give your customers a more helpful home with the Google Home Speaker, the smart speaker with 360° sound and Gemini.[10] They can get expert help, chat naturally, and brainstorm ideas with Gemini Live, a more helpful voice assistant.[10]

Nest Hub (2nd gen)

Nest Hub makes it easy for customers to control compatible smart devices like lights, locks, and thermostats from a single dashboard.[11] They can also play music, watch shows, and see personalized calendars.[12]

Google TV Streamer (4K)

Bring your customers their favourite entertainment, with fast streaming in up to 4K HDR.[13] They'll get personalized recommendations from all their subscriptions – including movies, shows, live TV, Netflix, and more – all in one place. And they can control connected devices with the home panel or voice remote, or watch their Nest Cam feed on their TV.[11]

Nest Wifi Pro

Nest Wifi Pro delivers super fast, reliable Wi-Fi 6E coverage for the entire home.[14,15] It automatically adjusts your customers' network performance to keep things running smoothly. So customers can get more out of their devices, like a stronger live connection to Nest Doorbells and Nest Cams and faster streaming with the Google TV Streamer (4K).[11,16,17]

11 Compatible devices required, sold separately. 12 Subscriptions may be required for certain content. 13 Google TV Streamer (4K) requires a TV with an HDMI port, HDMI 2.1 cable, a Wi-Fi network, a Google Account, a nearby electrical outlet, and a compatible mobile device. Minimum OS requirements are available at g.co/cast/req. To view content in 4K, a 4K-capable TV and reliable broadband internet connection are also required. 14 Wi-Fi 6E specifications are based on use of a Wi-Fi 6 or later generation client device that supports 160 MHz channels. Actual speeds depend on your internet service provider, network conditions, connected device, local regulations, and environmental factors. 15 Router placement and home size, materials, and layout can affect how Wi-Fi signal travels. Poor router placement and larger homes or homes with thicker walls or long, narrow layouts may require extra Wi-Fi routers for full coverage. 16 A Wi-Fi 6E client device is needed to directly access the 6 GHz band, which is limited to indoor use only.

Nest Temperature Sensor (2nd gen)

Customers can easily manage hot and cold spots throughout their home with Nest Temperature Sensors (2nd gen). They can set a sensor in a preferred room to maximize comfort and control it in the Google Home app.[18]

Compatible with the Nest Learning Thermostat (4th gen).[19]

Nest Power Connector

The Nest Power Connector is the fast and easy C wire substitute for homes that need one to power their Nest thermostat. Keep a few on hand for simple installation.

Google Home Premium with Gemini

Google Home Premium unlocks more home security features for Nest Cam and the Nest Doorbell, a more helpful voice assistant on Nest speakers and displays, and easier home automations.[2,20]
