

Google Pixel
for Business

Pixel 11

The smart, secure, and helpful phone for your business.

The phones engineered by Google to bring Gemini Intelligence to your teams, delivering helpful and personal experiences during the workday. □

Introducing Pixel 11, the Pixel phone designed to deliver a smart, secure, and productive mobile experience. Featuring helpful AI, powerful processing and enhanced security, your teams can spend less time on routine tasks. Pixel 11 is built to help make workdays easier for your entire workforce.

AI-driven Productivity

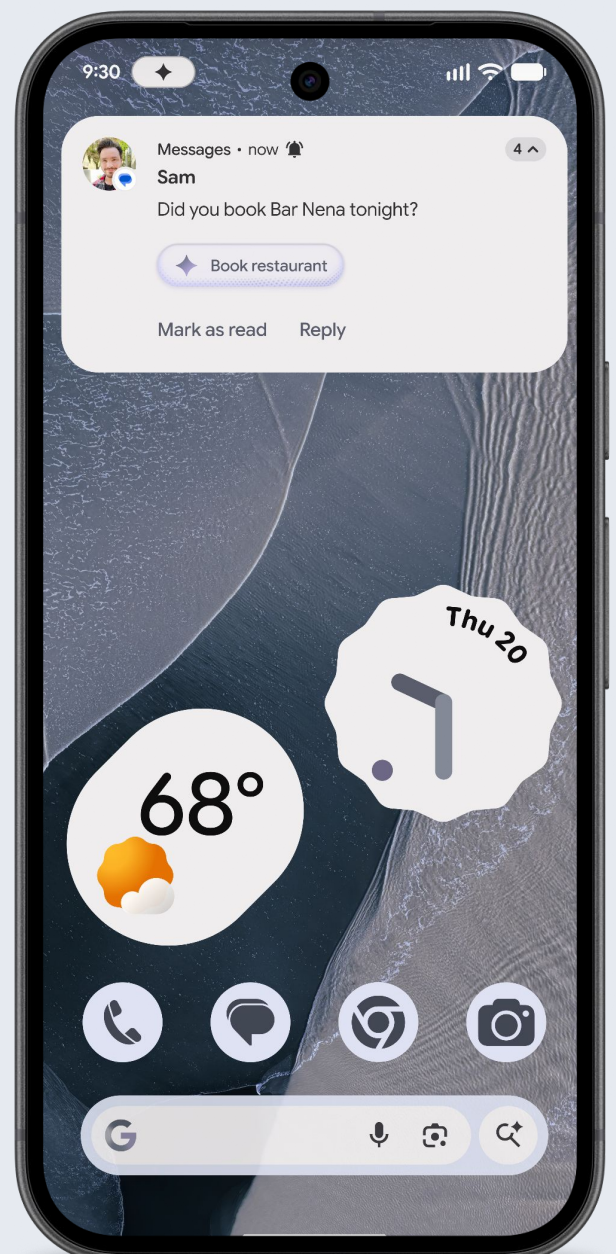

Help teams optimize
their workday with
helpful AI.

Streamline routine tasks.

Gemini Intelligence is a fundamental shift in how you work. By infusing AI at the operating system level, Pixel helps proactively manage and connect the dots across your apps during your day, freeing you to focus on the business that matters. □

For example, **Task assistance** is designed to help you delegate digital chores like booking rides or preparing orders. You stay in control with progress updates directly on your screen. ^{III}

Safety, Privacy & Security

Help protect sensitive business data with robust security layers.

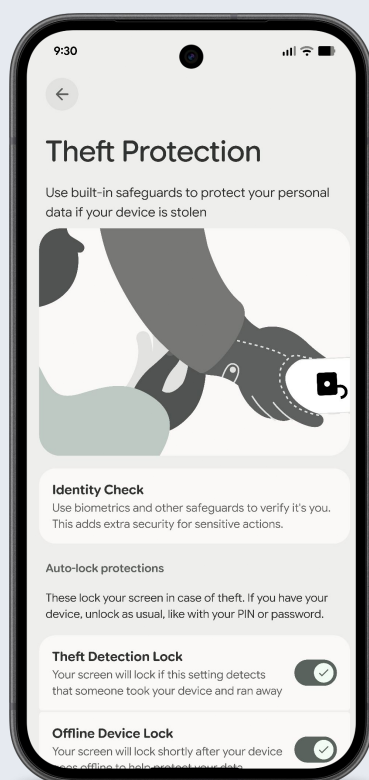

Comprehensive protection against sophisticated hardware-level attacks.

Google Tensor G6 works alongside the new **Titan M3™ security chip** to help protect your sensitive data using post-quantum cryptography, making your device resilient to attacks even as digital threats evolve. It has been tested to the same international gold standard used for identity, SIM, and bank cards, so you can be confident it meets the same rigorous protection guidelines trusted by governments and carriers.¹

Help protect corporate data even when devices are stolen.

Android Theft Protection keeps devices safe if lost or stolen. Theft Detection Lock uses machine learning to auto-lock if theft is detected, Offline Device Lock secures it if disconnected from the network, and Remote Lock lets employees lock their device from anywhere at android.com/lock using just their phone number.²

Android 

Continuous security protection across corporate and employee-owned devices.

Android Enterprise Device Trust allows businesses to continuously verify device security posture before granting access to sensitive company data.³ This reduces risks from outdated patches or on-device malware on both managed and unmanaged phones.

Built To Last

A smart business experience with Pixel 11.

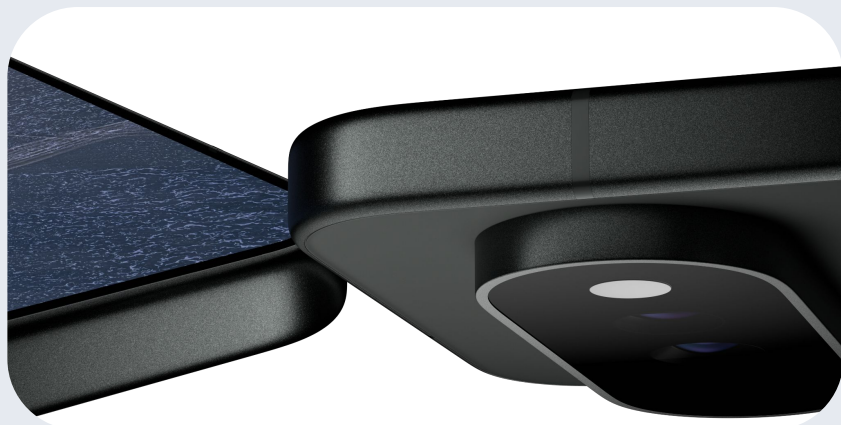

Stay productive with reliable connectivity and battery life.

Help eliminate downtime with an all-new modem. It's the most power-efficient modem ever on a Google Pixel, delivering a reliable connection and strong signal reception at fast speeds. And with a 30+ hour battery life.^{†*} When power is needed fast, reach 55% in about 30 minutes with ultra-fast wired charging.[‡] Or ditch the cables entirely and use Pixelsnap to get a 25% faster charge wirelessly to help keep your team operational.[Ⓜ]

Durable hardware and regular Pixel Drops keep costs down.

Premium Design & Industrial Durability ensure Pixel 11 is built to last. With an **IP68 rating and Corning® Gorilla® Glass Victus® 2**, it can withstand everyday accidents while staying updated with 7 years of Pixel Drops, OS, and security updates.^{ΔΥΛ}

Take work outdoors with high-quality screens and camera.

Pixel 11's 6.3-inch Actua display with up to 3,000 nits peak brightness gives you better readability outdoors.[Ⓟ] This viewing experience is paired with **Magic Capture**, which allows Pixel 11 to automatically find and enhance images and videos for high-quality visual documentation of store conditions or site visits without the user needing to focus on the shot.

Technical Specs

Colors

- Frost, Pistachio, Hibiscus, Obsidian

Dimensions and weight^{vi}

- 6.0 in (height) x 2.8 in (width) x 0.3 in (depth)
- 152.8 mm (height) x 72.0 mm (width) x 8.6 mm (depth)
- 6.9 oz (197 g)

Security

- Multi-layer hardware security with Tensor core, Titan M3™, and post-quantum cryptography
- Anti-malware, anti-phishing, and automatic spam/scam protection^{pi, b}
- 7 years of OS, security, and Pixel Drop updates^a

AI Assistant

- Gemini^q

Materials

- Corning® Gorilla® Glass Victus® 2 cover glass and polished back^l
- IP68 dust and water resistance^u
- 100% recycled aluminum housing enclosure^{tb}

Battery and charging

- 30+ hour battery life^t
- Typical 4,985 mAh^d
- Pixelsnap wireless charging (Qi2-certified) up to 25W^{fb}
- Extreme Charging Mode: Turn on to focus phone performance on powering up for an ultra-fast battery boost using 30W USB-C® PPS or higher^f

Processor

- Google Tensor G6
- Titan M3™ security chip

Display

- 6.3-inch (160 mm) Actua display⁺
- 1080 x 2424 OLED at 422 PPI
- 60–120 Hz adaptive refresh^{viii}
- Up to 2,000 nits (HDR) and up to 3,000 nits (peak brightness)^v

Memory and storage

- 12 GB RAM
- 256 GB / 512 GB with Zoned UFS configuration options^{ce}

Authentication

- Fingerprint Unlock, Face Unlock, VPN by Google^{iv}, and standard PIN/Pattern

Disclaimers

- Works with compatible accounts and some features may not be available based on corporate account settings and other factors. Available for select countries and languages to users 18+. Check responses.
- ▮ Available on Gemini app. Works with compatible accounts and some features may not be available based on corporate account settings and other factors. Available for select countries and languages to users 18+. Check responses.
- ⌵ Theft Detection Lock, Offline Device Lock and Remote Lock requires Android 10+ and an internet connection. Android Go devices are not supported. Support may vary based on your device model. The user must be using the phone while it is unlocked.
- ✱ Device Trust from Android Enterprise solutions are built and offered by third-party providers integrating into the Android Management API. Exact features may vary depending on third-party integrations. Access on unmanaged devices requires user consent to use the Android Device Policy app. Device Trust from Android Enterprise is supported on Android 10 and above.
- † Battery life depends upon many factors and usage of certain features will decrease battery life. Actual battery life may be lower. Over time, Pixel software will manage battery performance to help maintain battery health as your battery ages. See g.co/pixel/battery-tests and g.co/pixel/batteryhealth for details.
- ┐ Wired charging rates are based upon use of the Google 45W USB-C® Charger plugged into a wall outlet. Actual results may be slower. Adapters sold separately. See g.co/pixel/battery-tests and g.co/pixel/batteryhealth for details.
- ㄣ Designed to comply with dust and water protection rating IP68 under IEC standard 60529 when each device leaves the factory but the device is not water or dust proof. The accessories are not water or dust resistant. Water resistance and dust resistance are not permanent conditions and will diminish or be lost over time due to normal wear and tear, device repair, disassembly or damage. Phone is not drop/tumble proof and dropping your device may result in loss of water/dust resistance. Damage from drops, tumbles, and other external forces are not covered under warranty. Liquid damage voids the warranty. See g.co/pixel/water for details.
- △ Pixel updates for 7 years from when the device first became available on the Google Store in the US. See g.co/pixel/updates for details.
- Ⓜ Compared to Pixel 10. Peak brightness measured at 5% on-pixel ratio.
- ⊥ CORNING, GORILLA and VICTUS are registered trademarks of Corning Incorporated.
- * Average based on internal data using pre-production devices in lab-controlled conditions. Actual results may vary.

Disclaimers

- [†] Wired charging rates are based upon use of the Google 45W USB-C® Power Charger plugged into a wall outlet. Actual results may be slower. Wireless charging with Pixelsnap requires a Qi 2.0-certified wireless charger. Adapters sold separately.
- [‡] Screen has rounded corners. When measured diagonally as a rectangle, screen is 6.3 inches (for Pixel 11 and Pixel 11 Pro) and 6.8 inches (for Pixel 11 Pro XL). Actual viewable area is less. Dimension may vary by configuration and manufacturing process.
- [✓] HDR brightness measured at 100% on-pixel ratio. Peak brightness measured at 5% on-pixel ratio.
- [¶] Feature availability may vary by country. See g.co/pixel/scam-detection-help for more details. Scam Detection is not 100% accurate and scammers constantly change tactics. Always use caution when answering calls from unknown numbers.
- ^{IV} Restrictions apply. Some data is not transmitted through VPN. Not available in countries. Use of VPN may increase data costs depending on your plan. See g.co/pixel/vpn for details.
- ^{VI} Dimensions and weight vary by configuration and manufacturing process.
- ^{VIII} Not available for all apps or content.
- [⌵] Storage specifications refer to capacity before formatting. Actual formatted capacity will be less.
- [↓] Estimate of typical capacity based upon testing and expected cell behavior.
- [⌋] Common Criteria certification for hardware and cryptographic library (CC PP0084 EAL4+, AVA_VAN.5 and ALC_DVS.2). See g.co/pixel/certifications for details.
- [✕] Compared to Pixel 10 using Google Pixelsnap charger with 45W USB-C Power Charger (sold separately) as power source.
- [⌚] Compatible with Pixel 11, Pixel 11 Pro, Pixel 11 Pro XL, Pixel 11 Pro Fold and Pixel 10 Pro XL for charging rates of up to 25W, and a rate of up to 15W for Pixel 10, Pixel 10 Pro, and Pixel 10 Pro Fold . See g.co/pixel/pixelsnap for more details.
- [ⓑ] Availability of features may vary by market and device." disclaimer to your assets depending on the region. Scam Detection is available on Pixel 9 and later devices in Australia, Canada, France, Germany, India, Ireland, Italy, Japan, Mexico, Spain, and the United Kingdom.
- ^ℋ Recycled aluminum is at least 11% of product based on weight.
