

SRSR Series

SLIDING RAIL SYSTEM

pulls out and rotates 90° to provide convenient rear access to wiring and components

FEATURES:

- Pulls out and rotates for equipment servicing
- Detachable rack frame allows for off-site integration
- Simplifies equipment installation in cabinet
- Shortens installation & service time
- Available from 12 space (21") to 30 space (52-1/2")
- Available in 19" and 23" useable depths
- Rack locks in extended and rotated positions
- Integral cable management system provided
- Ball bearing slides allow smooth rollout
- Locks closed with included hardware
- Black brushed and anodized finish

SPECIFICATIONS:

EIA compliant 19" rotating slide-out equipment rack shall be Middle Atlantic Products model #SRSR-___ (refer to chart). Overall dimensions of rack shall be 19.09" W x ___" H x ___" D with ___ useable rackspaces and a ___lb. weight capacity (refer to chart). Rack shall pull out (19" or 23", refer to chart) on integrated ball bearing slides and rotate 90° for equipment servicing. Detachable rack allows for off-site integration. Front mounted tab shall be used to rotate rack and lock into position. Front mounted lever shall lock rack in extended position. When rotating rack, locking detent shall allow rack to lock in place at 0°, 60° and 90°. Rackrail shall be 11-gauge steel with tapped 10-32 holes in universal EIA spacing. Rackrail shall be finished in black e-coat with marked rackspaces. SRSR rough-in pan shall be steel. Finish on SRSR assembly shall be a durable flat black powder coat. Trim/locking panel shall lock SRSR in closed position and be aluminum with a black brushed and anodized finish. SRSR shall be GREENGUARD Gold Certified. SRSR shall comply with the requirements of RoHS EU Directive 2011/65/EU compliant. SRSR shall be manufactured by an ISO 9001 and ISO 14001 registered company. SRSR shall be warranted to be free from defects in material or workmanship under normal use and conditions for a period of 3 years.
