1 Operating instructions

1.1 Philosophy

Dear user,

With our high-quality home theater seats, we create a connection between outstanding comfort and sophisticated design.

Our goal is to provide our customers with a special home cinema experience through innovative design, selected materials and master craftsmanship.

A young generation of European designers, adhering to stringent German quality and manufacturing standards, provide you a 100% handmade chair. All of this will ensure the uniqueness of our products because nothing can replace the expertise of diligent and experienced master craftsmen.

1.2 Preliminary note

Our hometheater seats are designed for indoor use only.

Please read carefully and pay close attention to these operating instructions before installing, setting up and using your moovia home theater seats. In case of inattention, installation and application errors are not excluded. It is an integral part of our home theater. Keep these operating instructions ready for use.

Repairs and adjustments requires special technical knowledge and may only be carried out a qualified professional.

In the event a repair or adjustment is needed, please contact the moovia. The contact data can be found on page 2 of this operating and installation manual.

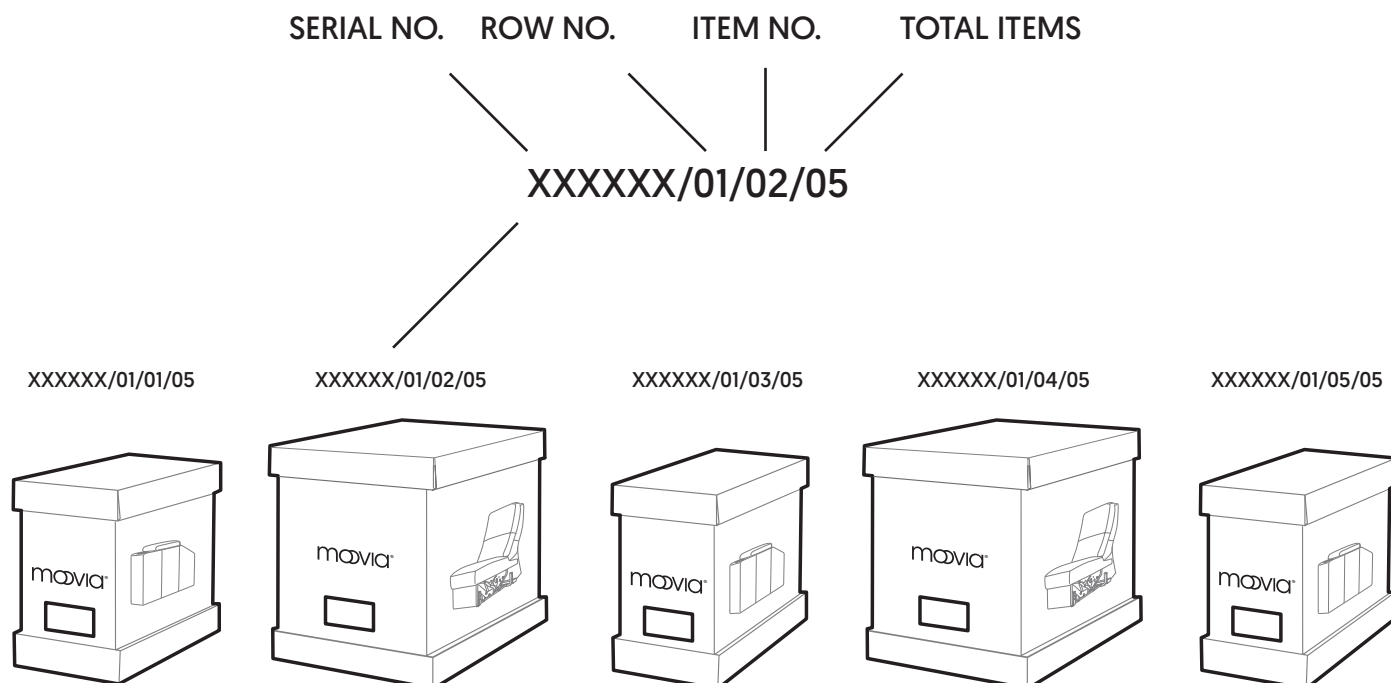

1.3 Safety instructions

- Moovia's seats are intended exclusively for the use of one person. Do not let other people sit on the armrests or the footrests.
- Only use your moovia seat for its intentional use, sitting. Do not sit on the armrest this is not designed for such loads.
- Never lean with your entire body weight on the footrest.
- Before operating the leg support or the backrest, make sure that nothing is under or behind the chair, children, pets, or anything else that could obstruct your seat.
