

Community Led Art Classes at Harbour House

Please contact the teachers directly to book classes and check suitability of classes.

<p>Life Drawing Group</p> <p>The session is from 10.30-1pm with a 30 minute coffee break.</p> <p>This untutored group is for adults of all ages. We have several models who are on a rota system and each week the model does either a variety of short, medium or long poses.</p> <p>Easels, chairs and boards are available, as well as A1, A2 paper at cost price.</p>	<p>Watercolour Classes (Rob & Sian Dudley)</p> <p>For us a day without creativity is a day without a smile. We live to paint. We paint to live.</p> <p>Delight in your own creativity. Join us. Learn with us.</p> <p>We take great pleasure in helping aspiring artists exceed their own expectations. We teach by techniques rather than by subject, so that those with us acquire a skill set that they are then able to apply to their own choice of subject matter.</p> <p>Applying skills as you learn them to a subject matter that you find truly inspiring is so much more exciting than applying those same techniques to a set exercise.</p> <p>If you are interested in joining our classes or would like more information please do not hesitate to get in touch.</p>
