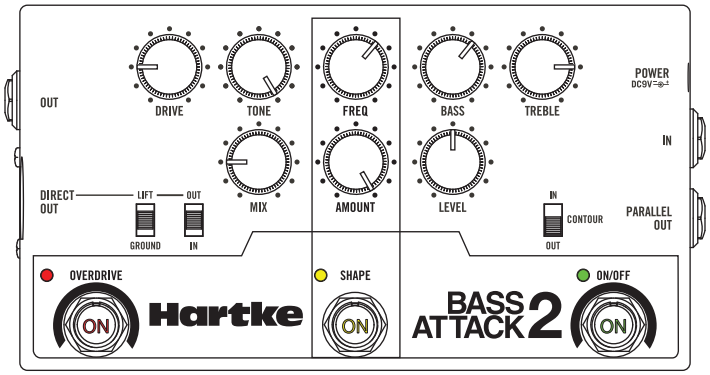
BASS ATTACK 2

Sample Settings

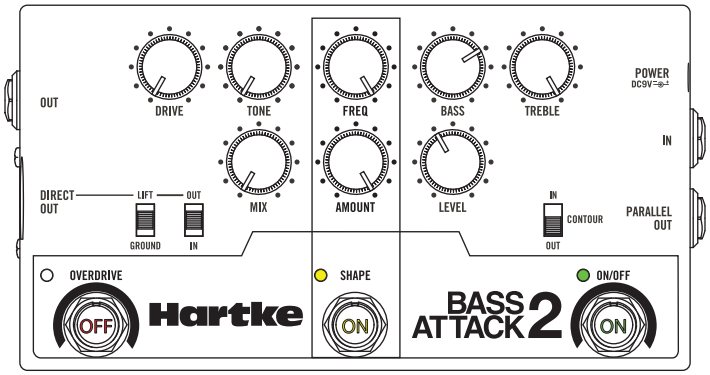
The following are some sample settings for dialing in some great classic bass sounds. The sample settings range from just a little drive to warm up your tone, all the way to over-the-top fuzz.

Use these as a starting point, then use your ears to adjust the control knobs to find the sounds that are best fit your instrument and playing style.

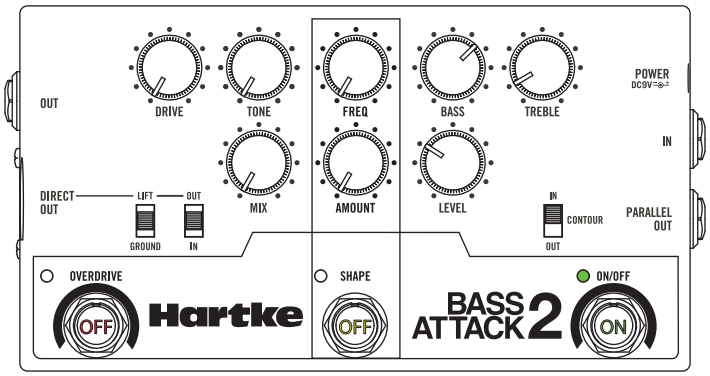
Jaco-ish



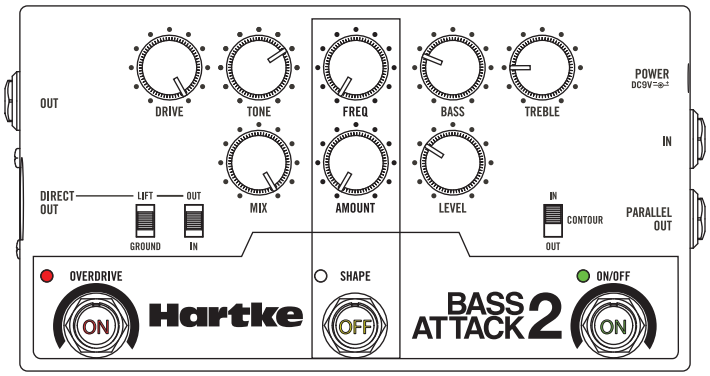
9-Volt Preamp Emulation



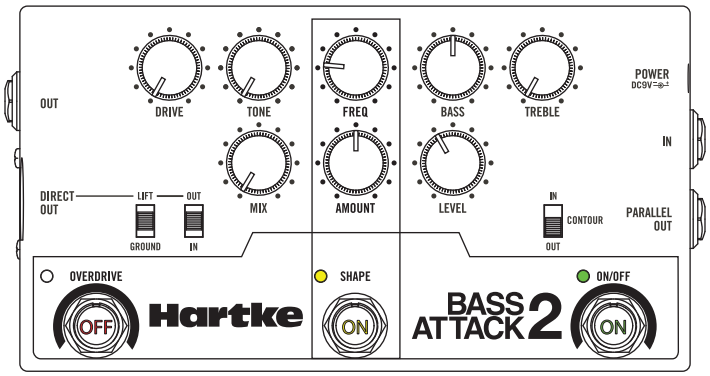
Motown



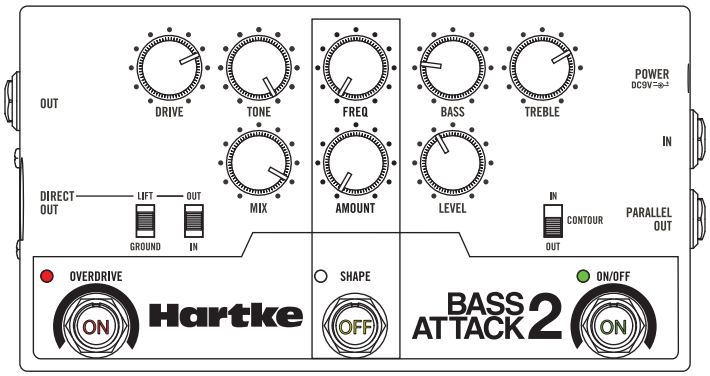
Sabbath Fuzz



Stand Up Bass

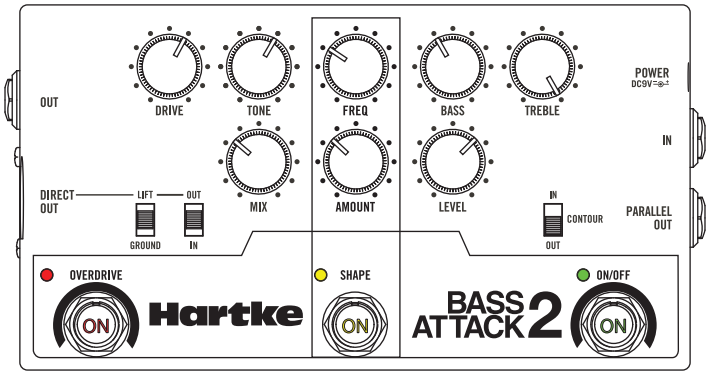


Burton Solo

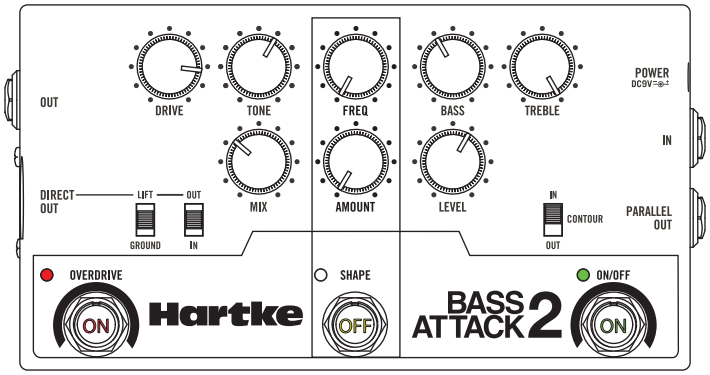


Hartke

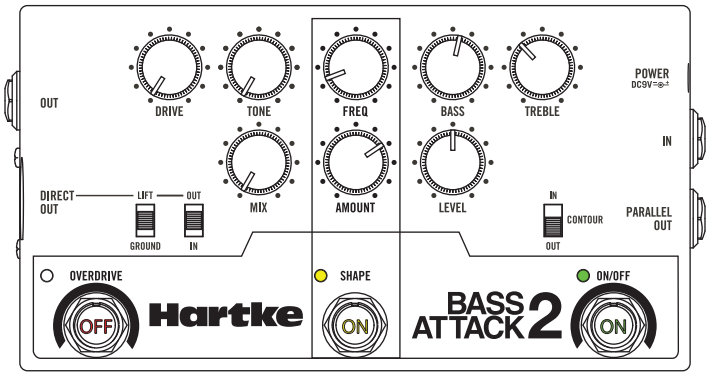
90s Grunge



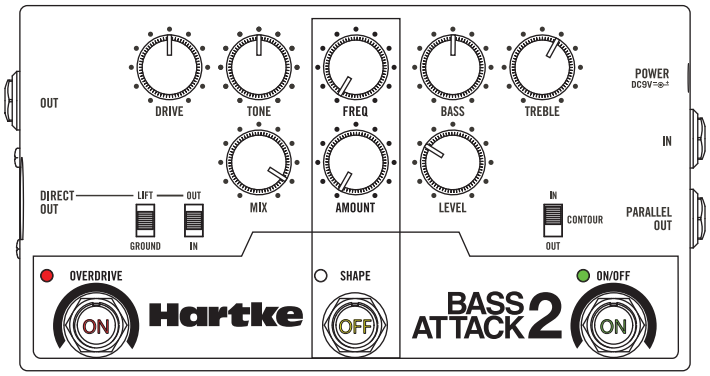
Rap Core



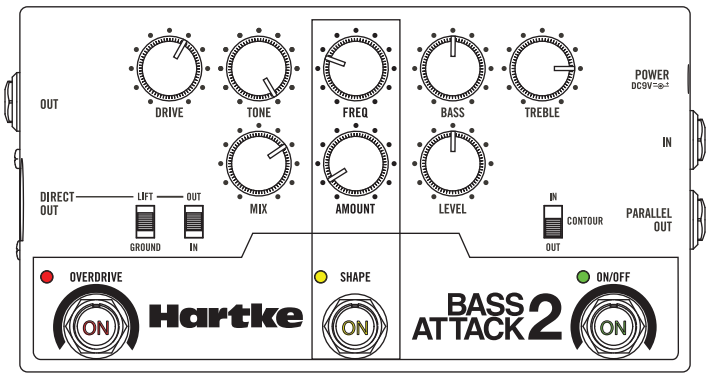
That 70s Song

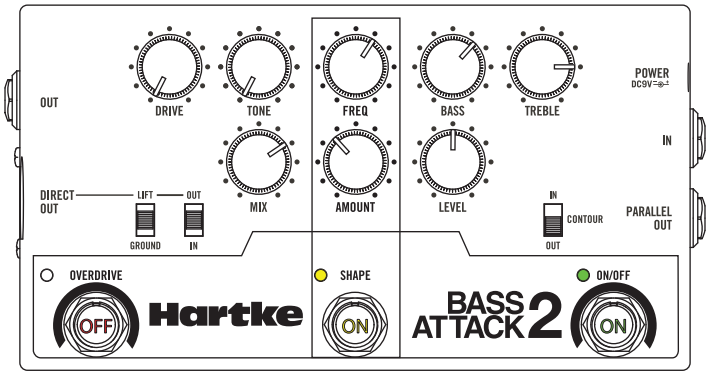


Fat Tube



King's Ex





Slap
