

Kumulani Keiki COVID-19 Guidelines

June 16, 2020

Cleaning and Sanitizing

- ❑ Prior to reopening, complete a thorough and detailed cleaning of entire facility. Clean and sanitize before Sunday, between groups and after Sunday School.
- ❑ Frequent hand washing is preferred over hand sanitizers for children, but use hand sanitizers if there is no access to running water.
- ❑ Ensure adequate supplies to minimize sharing of high touch materials to the extent possible (art supplies, equipment etc.) or limit use of supplies and equipment by one group of children at a time and clean and disinfect between use.

Physical Distancing

- ❑ Create groups of 10, by age/grade, up to 50 indoors and 100 outdoors.
- ❑ Volunteer staff will meet families/children outside the facility as they arrive, Parents will not be allowed inside facilities (waiting families separate by six-feet as possible)
- ❑ We will not provide snacks at this time....

Health and Safety

- ❑ Conduct daily temperature checks and visual well checks for all children, staff and visitors upon entrance to the facility. Keep a log of temperature checks. CDC considers a person to have a fever when measured temperature is at least 100.4°F.
- ❑ All volunteers must wear face masks or shields as much as possible.
- ❑ All visitors (including parents) must wear masks when on site, including drop-off and pick-up of their children, and practice six-foot distancing from others who are not their children.
- ❑ Masks for kids is optional, parents must provide masks. Wearing of masks is appropriate only if the child can safely and reliably wear, remove, and handle the masks following CDC guidance throughout the day.
- ❑ Train all volunteers and children (as appropriate for their age) on the importance of frequent hand washing, proper sneezing/cough etiquette, the use of hand sanitizers with at least 60% alcohol content, and give clear instructions to avoid touching hands to face. Organize routine hand washing breaks and always wash hands before and after meals, indoor play, and outdoor play, and after using the restroom.
