Wagon Road, Indiana:

We're back to looking at the defense. The defense played very well and well. The offense looked good in the first half, but didn't do anything after that. We might have played it a little bit close to the end on offense in the second half.

When they played well, they were good and did something they haven't done before. When they lined up, they put us in the zone. When they came, we might have had a run on the way through.

It's a great relief to win. I was particularly impressed by our pass rush. It was excellent. That might be an eye-opener for the offense. We were certainly pleased with it.

Now, it's about time. We've had a great game and we've had a great game. We've had a great game and we've had a great game.

(Bill says injured his knee, unfortunately, however, we expect to get out of it just as soon as possible. He's in his room, and he's a real guy.)

Frank Leuterich, Tom:

Bill's been out for a while. He's been out for a while. He'll be alright next week.

Mr. Leuterich is a real guy. He's been out for a while. He's been out for a while. He'll be alright next week.

Indiana's new offense is a little bit of the same.

The offense is a little bit of the same. The offense is a little bit of the same. The offense is a little bit of the same.

Leuterich will remain in the hospital. He's still in the hospital. He's still in the hospital. He's still in the hospital.
