Coach Paterno quotes:

(what is the problem offensively?) I won't know until I see the movies. Iowa's just a tough team to run against. They're a real good defensive team. Maybe we're not as good ~~and~~ offensively as some people think we are.

(Natale touchdown pass) It was a pass all the way off a play-action. Huffy just couldn't find him right away in the crowd.

(Cappelletti and bad hands) No, no. Cappelletti and Hayman have fine, great hands.

(did you consider a field goal if the third down play hadn't worked) We would have gone for a touchdown if we had had a fourth-and-eight play. I might have thought about it if Huffy had been dropped for a loss and we had a fourth-and-15 play. It would have been kinda stupid to go for a touchdown with a fourth-and-20 situation. Then we probably would have gone for a ~~and~~ field goal.

(turnovers) Hayman dropped a perfect pitch and Cappelletti dropped a perfect pitch. We've run that play a thousand times in practice and we've never ~~and~~ dropped it. It has nothing to do with the kids; it's just something that happens.

(1st half offensive problems) It's a combination of things. Some things are circumstances that we can't control and some things are just a matter of coincidence. And then people are playing so well against us.

(Iowa) Frank Lauterbur and his staff are doing a fantastic job. It's ~~unbelievable~~ unbelievable the improvement they have made. But they played everything against us that we expected.

(boos) No, I don't think anyone heard it.

coach Lauterbur quotes:

(play against ranked team) It just proves we can play ⁹ with people; we thought we would win it.

(intentional grounding) It was a judgement call. I have not comment on those.

(~~miss~~ Cross catch juggled) It was a judgement call. Again, I have no comment on those.

(officiating) I thought it was a well-^oofficiated game overall.

(missed assignment on Penn State TD?) No, it was a ~~miss~~ well-executed play. It was a man-for-man coverage and we could have lost him (Natale) on the outside.

(Rollins~~s~~ the primary receiver on the Iowa TD?) Definitely. It was a down-and-out pattern.

(defenses of both teams) Both teams^f had real fine defenses.

(Td after intentional grounding call if the play had succeeded) No, we would have gone for the the field goal. There wasn't enough time left.

(did defense tire in the fourth quarter) I don't know. They possibly could have. I think they (Penn State) also tired. We didn't think they'd come back. Give Joe Paterno and his^d football team a lot of credit.

(on the Penn State team) Their ^ddefense was very strong. Their offense has some problems^v which I hope we had something to do with.
