DRESSING ROOM QUOTES BY PEPPER RODGERS OF UCLA

Was this the real UCLA football team? I don't know. I know we played a very good football game and that our especially good defensive game was the key to tonight's victory.

I've said from all along that it's real hard to get ready for a good Washbone team in 4 days of practice and I see no reason to change that opinion now.

I was glad to be able to work both Harmon and Sciarra as much as we were tonight. Those two have a very good competitive thing going between them. When I told Mark I was going to use John in the second half again he said, "Go ahead, Coach, if you think that is the best thing for the team."

I was happy to see Raymond Burks catch that TD pass after he had dropped one. He is a very good freshman tight end and it will do a lot for his confidence.

One of the reasons we played with such intensity tonight was that the team was angry at all the criticism we got for losing to a very fine Nebraska team two weeks ago.

I put all the letters I'd been getting on the bulletin board so everyone could get a good look at them.

As for our passing game, I thought we threw pretty well tonight. We dropped some passes it's true, but our passing game will continue to improve. The quarterbacks called the plays tonight and I told them to pass whenever they thought the situation warranted it.

DRESSING ROOM QUOTES BY COACH LAUTERBUR OF IOWA

UCLA has an excellent running team and they've got the backs that you need to have in order to control the ball the way they did. They did a heckuva job tonight. But we did not tackle well and whether it be the Washbone or any other offense you are not going to win when you don't tackle.

Johnson and McAlister are both excellent runners. I felt both UCLA quarterbacks did a fine job tonight. Sciarra especially was a surprise. We knew he was an excellent ball player but we didn't think he was a good a runner as he showed. And believe me he showed it.

UCLA had men open on the long passes all night because we were overplaying their running man game. They dictated the play of tonight's game and for the first three quarters controlled the tempo of the game. To beat a team like UCLA or Michigan which we played last week you must control the tempo of the game.

I changed quarterbacks at the start of the second half hoping to give new life to our offense. You can't throw interceptions and fumble the ball away the way we did and hope to beat a team as good as UCLA.

We are going to have a good team. I feel it, the players feel it and hopefully we can prove it next week (vs. Penn State).
