Success After Swimming

"My experience at Iowa was exceptional. I'm extremely proud to be a Hawkeye (and to have married one). I hope that one day our kids will follow in their parents' footsteps. While at Iowa not only did I receive a first rate education and compete on an elite level, I had the time of my life. I made lifelong friends and always look forward to returning to Iowa City. The University of Iowa prepared me well for medical school and a rewarding career."

Katy (Ketoff) Fethke, M.D.

B.S., Exercise Physiology, 1992

Ophthalmologist/Ophthalmic Surgeon in Boise, ID

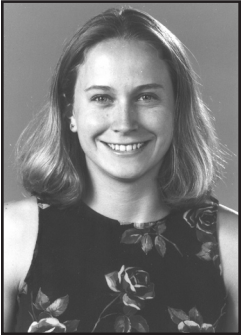

"I will always view the years I spent within the academic and athletic facilities of the University of Iowa as some of the most rewarding and enjoyable times of my life. Looking back, I now realize how valuable the skill sets provided to me by the coaches and educators at Iowa have become in my daily activities. Acting as the managing partner of an engineering firm that operates in the City of Chicago's most demanding and competitive construction market, requires that I continuously push the

limits of my physical and intellectual abilities. I am convinced the foundation for this commitment level was built during the pursuit and award of both my engineering degree and four-year letterman recognition at the University of Iowa."

Ronald G. Kaminski

President, HBK Engineering, LLC

Chicago, IL

"Memories and opportunities, both personally and professionally, are the greatest gifts that I took with me from the University of Iowa. I formed friendships that will last a lifetime and have memories that will keep me laughing and smiling for even longer. The dedication, determination and drive that I developed as a student-athlete have opened doors for me as I pursue my career as an engineer. Attending a

university as an athlete develops skills and teamwork that are priceless in the workforce and will pay off in endless opportunities. It's great to be a Hawkeye!"

Beth Katz

B.S. Engineering, 2001

Associate Engineer in the Assembly & Logistics Group at the Caterpillar Technical Center

"The University of Iowa and the Hawkeye swimming program opened the doors to the world, which I continue to walk through as I interact with colleagues and friends around the globe almost daily. I am proud of my tenure as a Hawkeye swimmer because of all the quality people I developed friendships with that continue today. As a high school student athlete from Iowa, I once naively thought I might need to leave the state of Iowa to obtain a high quality and unique student athlete experience.

The 17 years since I became a Hawkeye has proven that I could not have been more wrong.

As a close friend and former teammate of Coach Long, I am excited about the future of Hawkeye swimming. Marc's unique passion for the University of Iowa and the swimming programs in particular will provide an outstanding experience for all involved in the future of Hawkeye Swimming. It is truly an exciting time to be a Hawkeye."

University of Iowa Varsity Club Hall Of Fame

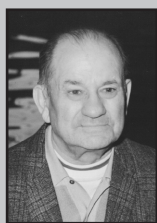

University of Iowa Varsity Club Hall of Fame & Awards

Inductees are selected by a vote of all dues-paying members of the National Iowa Varsity Club. All former Hawkeyes who have won at least one major letter and completed their eligibility at least 10 years prior to selection are eligible for the Hall of Fame. A coach or administrator must have retired or left the university at least five years prior to selection. A maximum of seven inductees may be selected to the Hall of Fame each year. Listed below each name is the individual's years of participation at Iowa and the year they were inducted into the Hall of Fame.

Iowa Field House Pool and Swimming Tradition

Iowa Swimming History & Tradition

Since 1917, the University of Iowa swimming and diving program has been rich in tradition. Iowa was one of the first schools in the nation to compete on a collegiate level, and competed at the first NCAA Championship. From 1937 to 1960, Iowa placed in the NCAA top 10 18 times, crowning nine NCAA and 22 Big Ten champions.

Iowa's facility, the Field House Pool, was the world's largest indoor pool when it was dedicated in January 1927. Head Coach Dave Armbruster, who founded the team in 1917 and coached until 1957, designed the facility. Iowa hosted the NCAA Championships that year.

The Field House pool was the birthplace of the butterfly stroke. Armbruster and swimmer Jack Sieg collaborated in its development in the 1930s. The acceptance of the new stroke encountered considerable controversy and was first used February 25, 1935, in Iowa City in the medley relay in a dual against Wisconsin. The relay included Dick Westerfield, Jack Sieg and Adolph Jacobsmeyer. Sieg's time was five seconds faster than the existing 100-yard world record.

The Iowa men's team has produced 17 Olympians, 26 NCAA champions, 382 all-Americans and 163 Big Ten champions in its 92-year history. Three Hawkeye men's teams have won the Big Ten team title and have a dual meet record of 375-296-4. The women's team boasts 111 NCAA qualifiers, 39 all-Americans and 16 Big Ten champions in its 34-year history. The women's team has a dual meet record of 168-146-2.

Field House Pool

Iowa's Field House Pool was built in 1927 and was, at the time, the world's largest indoor swimming pool. The pool has been the site of many national and international meets.

In 1979, the pool underwent a \$400,000 renovation, making it one of the fastest competitive pools in the midwest. Diving platforms were added in 1980.

The pool is 150 feet long and 60 feet wide and has eight lanes (7-foot-3 wide) with a one-foot buffer lane on each side. The lanes in the competition end of the pool are separated by two Kiefer nonturbulent lines, and all four walls have recirculating gutters which make for very fast conditions.

The competitive end of the facility is separated from the shallow section by a four-foot wide Whitten bulkhead. The bulkhead allows 30 percent of the water to flow through, contributing to the calm water surface. Each lane is equipped with a Whitten starting block, which can be adjusted to permit competition at 25 meters or yards or long-course training. Diving facilities include a pair of one- and three-meter springboards, plus five- and ten-meter platforms. Automatic timing equipment is used in all eight lanes and a large readout board posts times for each swimmer.

Campus Recreation and Wellness Center

Campus Recreation and Wellness Center

The University of Iowa Athletic Department and the University of Iowa Recreational Services have partnered together to construct a new Campus Recreation and Wellness Center (CRWC), which will serve as the new home of the Hawkeyes. The facility, which is expected to cost \$69 million, will be located at the corners of Burlington and Madison streets. Construction began in the fall of 2007 and is to be completed in the fall of 2009.

The CRWC will include a 50-meter competition pool, a separate diving well, a leisure pool with lap lanes and 24,000 square feet of fitness space.
