

Dr. David Skorton

University President

David J. Skorton was appointed the 19th president of The University of Iowa on March 1, 2003. He has been a faculty member at the University since 1980. He holds joint appointments at the rank of professor in the Departments of Internal Medicine, Electrical and Computer Engineering, and

Biomedical Engineering. President Skorton was appointed vice president for research in 1992 and, additionally, interim vice president for external relations in 2000. He served as vice president for research and external relations from March 2002 until he assumed the presidency. As vice president, he oversaw more than 30 administrative units and headed a research and development program that ranks among the nation's top 20 public research universities in obtaining external funding. He also continued his role as a physician, caring for adolescents and adults with inborn heart disease.

Co-founder and co-director of the UI Adolescent and Adult Congenital Heart Disease Clinic at the University of Iowa Hospitals and Clinics, President Skorton has focused his research on congenital heart disease in adolescents and adults, cardiac imaging, and computer image processing. He has published numerous articles, reviews, book chapters, and two major texts in the areas of cardiac imaging and image processing. He has served in a variety of administrative positions at The University of Iowa, including director of the Cardiovascular Image Processing Laboratory (1982-1996), director of the Division of General Internal Medicine (1985-1989), and associate chair for clinical programs in the Department of Internal Medicine (1989-1992).

A national leader in research ethics, President Skorton is charter president of the Association for the Accreditation of Human Research Protection Programs, Inc., the first entity organized specifically to accredit human research protection programs. He has served on the boards and committees of many national organizations, including the American College of Cardiology, the American Heart Association, the American Institute of Ultrasound in Medicine, the American Society of Echocardiography, the Association for the Accreditation of Human Research Protection Programs, the Association of American Universities, the Council on Competitiveness, and the Korea America Friendship Society. He has traveled widely in Europe and Asia on behalf of both academic and community projects.

President Skorton is actively engaged in service to the community and to the state of Iowa, particularly in regional and state economic development. He serves on and chaired the Iowa City Area Development Group, and currently serves on the Cedar Rapids Chamber of Commerce Priority One Advisory Committee, the Technology Corridor Committee, and the Cedar Rapids Symphony Orchestra Board of Directors. He has also served on committees of the Iowa Business Council, the Iowa Department of Economic Development Board, the Governor's Life Sciences Advisory Committee, and the Iowa Research Council, of which he was president from 1999-2001.

President Skorton earned his bachelor's degree in psychology in 1970 and an M.D. in 1974, both from Northwestern University. Following a medical residency and cardiology fellowship at The University of California, Los Angeles, he came to The University of Iowa in 1980 as an instructor. He was named assistant professor of internal medicine in 1981 and assistant professor of electrical and computer engineering in 1982. He was promoted to associate professor in 1984 and to professor in 1988.

Robert Bowsby

Director of Athletics

Bob Bowsby, in his 13th year as director of athletics at The University of Iowa, heads a team of coaches and athletic staff members that has merged men's and women's programs to form one department that continues to rank among the nation's best. The combined entity encompasses

24 varsity sports and an annual budget in excess of \$34 million.

As the chief administrator for Iowa's athletic department Bowsby has earned a reputation as one of the most respected, energetic and ambitious athletic administrators in the nation. His hiring of new head coaches in football, men's and women's basketball and wrestling, all in the past five years, will enable Iowa to maintain its standing as one of the most visible and successful Division I athletic programs.

The National Association of Collegiate Directors of Athletics (NACDA) named Bowsby in 2001-02 as Central Region Athletic Director of the Year. Bowsby was one of only four athletic directors selected in the Division I-A category. The award highlights the efforts of the athletic directors for their commitment and positive contributions to campuses and their surrounding communities.

A Waterloo native, Bowsby became Iowa's 10th Athletic Director in June, 1991 after serving in the same role at the University of Northern Iowa since 1984. He previously served as Assistant Athletic Director for Facilities at Northern Iowa.

Bowsby earned his bachelor's degree from Moorhead State University (Minnesota) in 1975 and his master's degree from the University of Iowa in 1978.

Bowsby has served as chair of the Big Ten Championships and Awards committee, as a member of the league's Conference and National Structure committee and was appointed as one of two Big Ten representatives to the NCAA Management Council. Bowsby was elected to chair the Management Council for the first two years of its existence.

Bowsby managed five NCAA Wrestling Championships as chair of the Wrestling Committee and has served on NCAA committees on Financial Aid and Amateurism, the Special Committee to Review Amateurism Issues and the Special Committee to Review Financial Conditions in Athletics. Bowsby is in the second year of a four-year term on the NCAA Division I Basketball Tournament Committee.

Bob has served as an Executive Committee member with both the National Association of Collegiate Directors of Athletics and the Division I-A Athletic Directors Association and currently serves as President of the I-A Directors group.

Bowsby was also elected chair of the NCAA Olympic Sports Liaison Committee and represented the NCAA as one of two voting members on the United States Olympic Committee. Bowsby also was appointed by former United States Olympic Committee President LeRoy Walker to the NCAA/USOC Liaison Committee, chaired by George Steinbrenner and NCAA Executive Director Cedrick Dempsey. Bob has also served as a member of the Board of Governors for the National Wrestling Hall of Fame.

Bowsby is a charter member of the Iowa Olympics Committee and a current member of the Board of Directors of the Iowa Games. Bob is a board member of the Iowa Scholarship Fund, Inc. and a Board member on the Honda Awards program, which recognizes our nation's top female collegiate athletes each year.

He and his wife, Candice, have four children, Lisa, Matt, Rachel and Kyle. Bowsby was born Jan. 10, 1952.

The University of Iowa Athletic Department, under the direction of Athletic Director Bob Bowsby for the past 12 years, is regarded as one of the top intercollegiate programs in the nation.

The men's and women's departments, operating separately for over 25 years, merged in 2001 under Bowsby's direction. It combined nationally recognized programs for both genders into one successful and progressive athletic program.

Combining their successes on the playing fields with continued success and recognition in the classroom, UI student-athletes practice and perform in some of the best facilities in the nation, while knowing the support of their efforts and attendance by Hawkeye fans ranks among the best in the country.

While the Hawkeyes continue to compete with the best in the nation in a variety of sports, Iowa continues to boast some of the most impressive athletic facilities in the nation, operated by one of the most respected departments.

Several new projects are underway on the Iowa campus. The goal is to improve all areas of the collegiate experience for Hawkeye student-athletes. One of the latest additions to the UI campus is the Roy G. Karro Athletics Hall of Fame and Visitors Center. The Hall of Fame and a varsity soccer complex make up the first phase of a \$37 million project.

Phase two of the project includes new swimming and diving pools, and indoor and outdoor tennis facilities, in addition to bicycle and walking paths. More than \$15 million of the total cost will be generated through private giving.

Additional priorities for the Iowa program include the establishment and development of endowments for all sports

Big-time athletics is a staple of student life at the University of Iowa.

programs, the continued enhancement of graduation rates, and the implementation of a long-range plan to ensure Iowa's financial, academic and competitive future. As an example, all of Iowa's 13 scholarships for men's basketball are fully endowed.

The graduation rate of Iowa's student-athletes has improved in each of the past 10 years and has consistently ranked above the graduation rate of all UI students. Hawkeye athletes have garnered more than 50 academic All-America honors since 1992. In 1998-99 Iowa led the Big Ten in academic all-Big Ten selections and Iowa ranked second in 1999-00. In 2002-03, over 140 male and female Iowa athletes earned academic all-Big Ten recognition.

Iowa athletes have been recognized as all-Americans in their sport on more than 175 occasions during the past 12 years.

Iowa's athletic teams during the 2002-03 athletic year continued their trend of success.

The Hawkeye football team posted a perfect 8-0 Big Ten record in winning the league title. Iowa participated in the 2003 Orange Bowl and ended the season ranked eighth nationally in both major polls. Iowa's men's and women's basketball teams have advanced to post-season play in each of the last three seasons, while Iowa's wrestling and gymnastics teams continue to rank among the best in the nation. Iowa has won six of the last nine NCAA wrestling titles and nine of the last 13 championships.

Iowa's men's gymnastics team placed sixth in the nation, while the women's gymnastics squad also advanced to the team competition at the NCAA championships. The women's softball team earned both the Big Ten regular season and post-season tournament titles, advancing to NCAA regional action for the eighth time in 10 seasons.

Iowa's field hockey squad was ranked in the top 15 in the nation throughout the 2002 season, while individual performers in track and field and women's tennis also qualified for NCAA championship competition.

From the rankings on the courts and playing fields, to the rankings in the classroom, to the rankings in fan and community support, to the ranking as a program that boasts some of the best athletic facilities in the nation, it's easy to understand why Iowa fans everywhere truly believe, "It's Great to be a Hawkeye."

The University of Iowa student body is a fixture at all Hawkeye athletic events, making Iowa City a very difficult place for opposing teams to visit.

Since its inception in 1979, Athletics Student Services has evolved from a two-person, academic support service to a broad-based, nationally prominent student support services operation. Its purpose is to assist student athletes to become tomorrow's leaders by offering academic and personal support services to assist them in making timely and satisfactory progress toward their degrees.

Athletic Student Services focuses on four important areas — academic counseling and monitoring, educational and support programs, retention programs and compliance services — when working with student-athletes. Following are descriptions of some of the programs, services and opportunities available to student-athletes in those areas.

Athletics Learning Center

The \$4.6 million Russell A. and Ann Gerdin Athletics Learning Center, scheduled to open in August of 2003, will give all Iowa student-athletes a state of the art facility to help them with their educations.

The Athletics Learning Center is a multi-level, 20,000 square foot facility which will provide a computer center, study areas, classes and meeting places for all Hawkeye student-athletes.

The Learning Center will feature an auditorium that converts into two classrooms, separate study rooms for under and upper-class student-athletes that feature 28 study carrels, a computer lab, five tutorial rooms, the book loan repository, office space for Iowa's Student Services staff and a display area to recognize the academic accomplishments of Iowa's student-athletes.

Academic Counseling and Monitoring

Athletics coordinators work closely with student-athletes and their university-assigned advisors from the time they arrive on campus until the time they leave the University. Along with focusing on academic planning matters such as goal-setting, plans of study, choosing majors and degree requirements, athletics coordinators also help student-athletes understand NCAA, Big Ten and University academic policies. They also solicit feedback from instructors on academic progress made by student-athletes.

Tutoring

Tutoring is available free of charge to all student-athletes. Tutors, who are post-graduates and teachers, help with course content as well as study strategies and are available in virtually all general education program subjects.

Retention

A full-time staff member directs the retention program, which identifies student-athletes who may need tailored academic assistance and structure, and implements individualized learning plans to help them succeed. Such plans may include daily and weekly planning sessions with athletics coordinators and retention staff, tutoring, study groups, mainstreaming into on-campus services like the writing center, math labs and services for students with learning disabilities.

Transition Seminar

All new student-athletes attend an eight-week transition seminar during the fall semester that is geared toward helping them make the transition from high school to college successfully. Seminar topics include time management skills, learning and study strategies, the culture and rules of the university, and life skills concerning alcohol and other substances, relationships and intimacy, diversity, tolerance, values and character.

CHAMPS/Life Skills

Life skills programs are conducted throughout the year with and for student athletes on quality of life issues critical to personal growth, such as personal accountability, responsible use and nonuse of alcohol, diversity and gambling.

Career Guidance and Development

Planning a meaningful career and a fulfilling life is an ongoing process of expanding and narrowing choices, beginning when student-athletes arrive on campus and continuing throughout their college career and lifetime. The professional staff works with other career development professionals on campus to offer individual consultation, career development seminars, workshops, referrals to other campus offices and special events like the Senior Recognition Banquet for graduating student-athletes.

Minority Enrichment Program

This program offers a culturally supportive environment in which minority student-athletes have the opportunity to develop friendships and a support network in the university. A core focus group of students and staff coordinate programs such as guest speakers, holiday celebrations, community service activities with the local neighborhood centers, events with Cultural Centers and networking with minority faculty, staff, professional and business leaders.

Compare the Numbers

Iowa's student-athletes have outperformed the University's entire student population each year since the NCAA started requiring a report of student-athlete graduation rates.

When student-athletes consider their future, they should consider prospects beyond athletics. A list of all University of Iowa alumni who have distinguished themselves professionally would be difficult to assemble and could never be complete. However, some are truly outstanding in their area of expertise.

Business

Leland C. Adams, Former president, Amoco Production Co.

John J. Balles, former president, Federal Reserve Bank of San Francisco

Tennessee Williams, 1948, *A Streetcar Named Desire*; 1955, *Cat on a Hot Tin Roof*

Strength and Conditioning

The University of Iowa has two 2,000-square-foot facilities for strength and conditioning training of Olympic sport athletes. One facility is located in Carver-Hawkeye Arena and the other is located in the Recreation Building. Each facility has eight squat racks, eight Olympic platforms, multiple physio- and medicine balls, padded plyometric boxes and over 10,000 pounds of free weights. Iowa Strength and Conditioning staff Bill Maxwell, Paul Longo and Chad Bower oversee the programs.

The major goals of the University of Iowa strength and conditioning program are the enhancement of athletic performance while reducing the risk of injury through a progression of free weight, multi-joint exercises. Those goals are achieved through Olympic lifts, squats, plyometrics, medicine ball and physioball exercises. These multi-joint movements improve synchronization of movement, intramuscular coordination and stabilizer muscle groups.

Carver-Hawkeye Arena Weight Room

Athletic Training

Continuing to set the standard in Sports Medicine Service, The University of Iowa provides the student-athlete with the most up-to-date and highest-quality medical care available.

Services from the UI Hospitals and Clinics, among the world's largest university-owned teaching hospitals, support the efforts of a dedicated sports medicine staff. Located next to Kinnick Stadium, the hospital creates an environment where staff physicians, interns, and residents can care for student-athletes with cutting edge outcomes. Dedicated research and education result in outstanding care.

Athletic Training Services connect student-athletes to the various resources and specialty areas. Iowa's staff of 10 full-time athletic trainers are committed to providing quality health care, injury rehabilitation programs, and prevention programs. With physical conditioning as one of the major components of a prevention program, the athletic trainers work closely with strength coaches to pave the way for safe and effective participation.

Carver-Hawkeye Arena Training Room

The recently remodeled Carver-Hawkeye Arena (CHA) training room is one of the most modern, respected facilities in the nation. Traditional therapies include whirlpools, hot and cold units, rehabilitation weights, pulleys, and machines. Other therapeutic equipment available for athletes include ultrasound, electrical stimulation, traction, and external compression units. Also available are such state-of-the-art equipment as the CYBEX 6000 (isokinetic exercise and testing device). Preparation activities, medical care and rehabilitation are provided for the basketball, softball, field hockey, soccer, volleyball, golf, wrestling, track and cross country teams.

Jacobson Training Room

Jacobson training room is used primarily by the football team for rehabilitation, conditioning and team preparation. The facility features a lap pool, treadmill, CYBEX weight equipment, Biodex isokinetic machine, Fastex, slide board, partial basketball floor, two stairmasters, five bikes and six whirlpools.

The Field House Training Room

The Field House training room is used by the Hawkeye swimming and diving, gymnastics, and rowing teams. It supports medical care with ultrasound, whirlpools, hot and cold packs, high-voltage galvanic stimulation, electrical stimulation, and T.E.N.S.

The Jacobson Training Room

MARV (Mobile Athletic Repair Vehicle)

MARV, a large white medical facility on wheels, can be seen during such events as track meets and golf and softball tournaments. MARV allows Hawkeye athletic trainers to provide full first aid, taping, and treatment services. It is also utilized throughout the year as a portable training room and indoor shelter for the Iowa field hockey team.

An Exceptional Choice

Since 1847, The University of Iowa has distinguished itself as a leader among public universities. Today its programs in health, business, engineering, education, law, the arts, communications, and the sciences are known worldwide for their excellence and innovation.

Outstanding Academic Opportunities

Iowa offers degrees in 11 colleges: Business, Dentistry, Education, Engineering, Law, Liberal Arts and Sciences, Medicine, Nursing, Pharmacy, Public Health, and the Graduate College. Undergraduates can choose from more than 100 areas of study.

A Fun Place to Call Home

Iowa City is a classic university town where learning and creating truly matter. The city blends the vibrant University campus and the natural beauty of the Iowa River with nearby shopping, entertainment, and residential areas.

Commanding Resources

The University operates one of the largest research library systems in the country. Iowa equips its classrooms and laboratories with the latest in computer technology. Students benefit from this technology-rich environment coupled with the high personal attention of University faculty and staff. Visit the University's web site at www.uiowa.edu to take a virtual campus tour or find out more about its programs of study.

More Than a Taste of the Arts

Hancher Auditorium, the University's outstanding arts showplace, presents an amazing array of world-renowned performers, and students may purchase tickets to performances at reduced rates. Premier works of art are displayed not only at the Museum of Art but in most University buildings and plazas throughout campus. Students may participate in theater, music, and dance groups.

Time and Space to Play

Every year about 90 percent of Iowa's students make use of the University's recreational

Time Magazine placed The University of Iowa in an elite group of seven schools recognized as the "Best School for You".

facilities. Each season offers a full schedule of intramural and club sports, ranging from rugby, tennis, and golf to volleyball, soccer, and swimming. Individual workouts are a part of many students' daily routines. Students also make use of campus walking and running trails, bikeways, ski trails, golf courses, and canoe and sailboat rentals to relax and enjoy leisure time.

What Distinguishes an Iowa Education?

Success. Iowa's philosophy is that if students meet the entrance requirements, the University is going to do everything it can to help students to graduate. An Iowa degree spells success in the job market, giving students the skills to continue learning and growing throughout their careers.

Excellence. The faculty is stellar. Students are amazed not only at how much they know but at how enthused they are about sharing that knowledge and getting students excited about their subject.

Comfortable class sizes

Here are average class sizes for some typical first-year courses:

Rhetoric — 22 in class

Biology — 600 in lecture; 24 in lab

Western Civilization — 260 in lecture; 22 in discussion group

Calculus — 25 in class

German — 15 in class

First-year seminar — 12 in class

Consider Iowa's Advantages:

- ♦ In 1999, Iowa City was named as the best place to live among metropolitan areas in the United States by *Editor and Publisher Market Guide*.
- ♦ Iowa celebrates diversity—the University attracts students from 100 countries and all 50 U.S. states.
- ♦ Iowa's students and faculty have an enthusiasm for learning and for having fun.
- ♦ Iowa is part of the Big Ten Conference, sharing academic and athletic traditions among a group of America's leading universities.
- ♦ Iowa's faculty members not only offer a full range of academic offerings for students, they actively engage in innovative research projects within their specialty areas.
- ♦ Students can easily travel a half day by car to a number of large American cities, including Chicago, Minneapolis/St. Paul, Kansas City, St. Louis, and Omaha.
- ♦ Iowa City holds a cosmopolitan charm all its own as a gathering place for the world's writers, for world-renowned artists, and for noted visiting lecturers.
- ♦ The University's 389 student organizations include fraternities, sororities, and many professional and cultural societies.
- ♦ The University's career and placement services match students with companies for internships and other professional experiences throughout their education.
- ♦ The University's graduates excel in their careers, often holding leadership positions within their professions and communities.

THE COLLEGES

Almost all freshmen who enroll at The University of Iowa are admitted to the College of Liberal Arts and Sciences. General Education Program Requirements (GER) allow students to sample courses in over 100 areas of study. At Iowa, students are required to take electives, major courses, and GER's.

LIBERAL ARTS & SCIENCES - Enrollment - 16,276

Degrees Awarded - Bachelor of Arts (B.A.) and Science (B.S.) in 58 major fields; Bachelor of Fine Arts (B.F.A.) in Music (B.M.) and of Liberal Studies (B.L.S.).

Admission - Freshmen and transfer students are to meet the college's admissions requirements.

ENGINEERING - Enrollment - 1,159

Degrees Awarded - Bachelor of Science in Engineering (B.S.E.) in six majors- biomedical, chemical, civil, electrical, industrial, and mechanical engineering.

Admission - Students must meet the college's high admissions requirements.

BUSINESS - Enrollment - 1,553

Degrees Awarded - Bachelor of Business Administration (B.B.A.) in six majors: accounting; economics; finance; management and organizations; management science; and marketing.

Admission - Students must satisfactorily complete two years of pre-business study in the College of Liberal Arts and Sciences.

EDUCATION - Enrollment - 818

Teacher Education Programs - Elementary education, health occupations, art, communication studies, English, foreign languages, journalism, mathematics, music, physical education, science education, and social studies.

Admission - Students must satisfactorily complete one year of appropriate course work in the College of Liberal Arts and Sciences.

NURSING - Enrollment - 554

Degrees Awarded - Bachelor of Science in Nursing (B.S.N.)

Admission - Students must satisfactorily complete three to four semesters of pre-nursing course work in the College of Liberal Arts and Sciences.

PHARMACY - Enrollment - 426

Degrees Awarded - Six-year Pharm.D. degree.

Admission - Students must successfully complete pre-pharmacy course work in the College of Liberal Arts and Sciences. As well, students must take the PCAT (Pharmacy College Admission Test) during October of their freshman year.

GRADUATE AND PROFESSIONAL DEGREES

Many student-athletes who have attended The University of Iowa and completed their undergraduate degrees continue their education at the University.

Student-athletes who attend graduate or professional school must first complete course work toward a bachelor's degree in their field of study. The University also offers undergraduates the opportunity to participate in research and overseas study programs, as well as internships that will help prepare them for graduate school.

The state-of-the-art Pappajohn Business Building

The University Museum of Art houses 9,000 permanent works of art.

The University of Iowa Dental Science Program is one of the oldest in the nation.

The University of Iowa College of Law is one of the best and most respected law schools in the country.

RESIDENCE

Ninety percent of freshmen choose to live in one of the University's ten residence halls. Each team has its own rules regarding residence of incoming freshmen. Most student-athletes live at least two years on campus.

The University residence halls provide students full-service dining rooms, study lounges, laundry facilities, recreational facilities, as well as vending and bank machines. Residence hall rooms currently have high-speed ethernet connections that give you e-mail and Internet access in your room.

SAFETY

*11:55 p.m. - 2:25 a.m.: Free SafeRide buses take students home Fridays and Saturdays.

*15 special telephones with blue lights are a direct link to the Department of Public Safety and are situated throughout the Iowa campus.

*During summer orientation, campus security personnel educate students on safety.

*Rape Victim Advocacy Program cooperates with the Department of Public Safety and participates in Sexual Crime Awareness Week.

LIBRARIES

The University of Iowa's library system is the largest in the state and has over 4 million volumes. Students also have access to the collections of other libraries throughout the Big Ten Conference via computer network. Besides the Main Library, The University has 12 departmental libraries: Art Library, Biological Sciences Library, Business Library, Chemistry-Botany Library, Engineering Library, Geology Library, Hardin Library for the Health Sciences, Mathematical Sciences Library, Rita Benton Music Library, Physics Library, Psychology Library and Law Library.

COMPUTERS

There are 26 Instructional Technology Centers all over the campus which are filled with thousands of computers. These facilities are open at least 50 hours a week. Some are open 24 hours. Also, the Information Arcade in the Main Library provides a variety of specialized computing tools.

The Computer Demo Center provides information for students who want to purchase computers and software.

CAREER DECISIONS

Finding and pursuing a career takes careful planning. The Career Center is extremely valuable for student-athletes. The program suggests a time line each student-athlete may follow throughout her stay at Iowa. The components of the program include:

- *Individualized career counseling
- *Career information programs
- *Summer job/ internship opportunities
- *Resume and cover letter writing
- *Portfolio development
- *Preparing for life after college athletics

SKILLS LABS

The University provides Skills Labs to help students improve a variety of skills necessary to succeed at Iowa: writing, reading, speaking, science, note taking, time management, test taking and foreign languages.

HEALTH SERVICES

The University of Iowa provides the student-athlete with the most up-to-date and highest-quality medical care available. Students at Iowa can go to Student Health Services, which is open six days a week. Student Health Services is supported by a fee paid by all full-time students. It offers students unlimited free office visits (there is a charge for other procedures done in the office such as blood tests).

CULTURAL CENTERS

There are three houses on campus that offer students from different ethnic backgrounds a place to congregate, the Latino and Native American Cultural Center, the Afro American Cultural Center and the Asian Pacific American Cultural Center.

CAMBUS

There are six bus routes throughout the Iowa campus. The University Cambus provides over four million free rides to class and to the dorms for students each year. Some routes run seven days a week, and some run until 2:30 a.m. Cambus also operates a specialized transportation service for persons with disabilities.

Iowa City is a diverse, highly cosmopolitan community of 60,000 set in the natural scenic beauty of Iowa's rolling hills and woods along the tree-lined banks of the Iowa River. Iowa City has all the art galleries, ethnic foods, historic architecture and vibrant atmosphere of a much larger city, but with the compactness and friendly feeling of a small town.

As a place to live, Iowa City keeps winning awards and accolades - Named one of the ten most enlightened towns in the country by *Utne Reader*, listed in the book *The 100 Best Small Art Towns in America* and selected the number-one place to live in the nation by *Editor & Publisher* magazine.

Economically, businesses such as Rockwell Collins, American College Testing and Procter & Gamble help keep the city booming. In Coralville, a branch office of Geico Auto Insurance has provided many residents with employment opportunities.

Culturally, Iowa City is alive with concerts, art exhibits, readings, plays and art events of all kinds. Located on the University of Iowa campus, Hancher Auditorium is a nationally-known performance center that brings in the best of Broadway, classical and jazz music, dance and other performances. The University of Iowa Theater Arts department also produces a full schedule of plays each year, featuring the work of student performers and directors. So whether you enjoy the arts as a spectator or as an outlet for your own creativity, Iowa City has the opportunities.

Residents of Iowa City are not only economically and culturally enriched, they also take advantage of the numerous recreational facilities offered around town. The area's more than 30 parks provide opportunities for year-round activities including boating, hiking, swimming, fishing and skiing.

The city's greatest charm, however, remains the sincere friendliness of its citizens, the cosmopolitan atmosphere and the successful partnership built between the community and the University.

Iowa City is located in eastern Iowa and is an easy trip to such cities as Des Moines (the capital of Iowa), Chicago, St. Louis, Kansas City, and Minneapolis. Also, Cedar Rapids, a city of more than 150,000, is just a short drive north of Iowa City. The Eastern Iowa Airport, which links residents to every major airport in the Midwest, nation and world, is only 20 minutes away.

The "Ped Mall" is a relaxed, no-cars-allowed outdoor plaza in the heart of downtown Iowa City which has cafes, boutiques, outdoor food vendors and street performers.

The Coral Ridge Mall is the largest shopping mall in Iowa.

OLD CAPITOL

One of the most recognizable sites in Iowa City is the gold dome of the Old Capitol which is situated in the heart of downtown. Built in 1840, it is Iowa City's most historic building. The Old Capitol was the site of the first governor inauguration as well as the first six Iowa General Assemblies. It is also where the state's Constitution was drafted. When the capital was moved to Des Moines in 1857, the Old Capitol was dedicated to The University of Iowa, becoming the first building owned by the University.

CORALVILLE LAKE

Just north of Iowa City is Coralville Lake, an outdoor recreational area that offers a variety of opportunities for the public. Coralville Lake offers picnic shelters, biking, hiking, fishing, boating, swimming, hunting, camping, snowmobiling, cross country skiing, golf and disc golf.

PEDESTRIAN MALL

Located downtown and in walking distance of many of the University's dormitories is the Pedestrian Mall. It is a perfect place to sit outside and study or hang out with friends. During the fall, spring and summer months there are concerts and art festivals in the Pedestrian Mall.

CORAL RIDGE MALL

The Coral Ridge Mall is a 1.2-million-square-foot shopping center located just minutes from the UI campus. The center combines a mix of over 120 specialty shops and strong department stores including Dillard's, JC Penney, Sears, Target and Younger's. Coral Ridge also offers entertainment features such as an NHL-regulation-sized indoor ice arena, state-of-the-art 10-screen movie theatre and a large carousel along with a 1,000-seat food court with sit-down restaurants. Specialty stores include Abercrombie & Fitch, Barnes & Noble, Gap, Old Navy, Scheels All Sports and Pier 1 Imports.

Information: Iowa City/Coralville Convention & Visitors Bureau, 408 First Ave, Riverview Square, Coralville 52241; 319/337-6592 or 800/283-6592

THE HAWKEYE NICKNAME

The University of Iowa borrowed its athletic nickname from the state of Iowa many years ago.

The name Hawkeye was originally the name of the hero in the fictional novel, *The Last of the Mohicans*, written by James Fenimore Cooper. Cooper had the Delaware Indians bestow the name on a white scout who lived with them.

In 1838, 12 years after the book was published, people in the territory of Iowa acquired the nickname, chiefly through the efforts of Judge David Rorer of Burlington and James Edwards of Fort Madison.

Edwards, editor of the *Fort Madison Patriot*, moved his paper to Burlington in 1843 and renamed it the *Burlington Hawkeye*. The two men continued their campaign to popularize the name, and territorial officials eventually gave it their formal approval.

HERKY THE HAWKEYE

The Hawkeye nickname gained a tangible symbol in 1948 when a cartoon character, later to be named Herky the Hawkeye was hatched. The creator was Richard Spencer III, instructor of journalism at Iowa.

The impish Hawk was an immediate hit and acquired a name through a statewide contest staged by the athletic department. John Franklin, a Belle Plaine alumnus, was the man who suggested Herky.

Since his birth more than 45 years ago, Herky has symbolized Iowa athletics and epitomized University life. He even donned a military uniform during the Korean War and became the insignia of the 124th Fighter Squadron.

During the mid-1950s, Herky came to life at a football game as the Iowa mascot. Since that time, Herky has been a familiar figure at Iowa athletics events.

SCHOOL FIGHT SONG

The Iowa Fight Song was written in 1950 by Mason City, Iowa, native Meredith Willson. Best known as the creator of Broadway's "The Music Man," Willson was awarded a 1963 University of Iowa Alumni Association Distinguished Service Award for "setting the spirit of Iowa to music." The lively cheer is sung hundreds of times during Iowa athletics events the year around.

*The word is Fight, Fight,
Fight for IOWA
Let every loyal Iowan sing;
The word is Fight, Fight
Fight for IOWA
Until the walls and
rafters ring
(Go Hawks!)
Come on and cheer,
cheer, cheer
for IOWA
Come on and cheer until you hear
the final gun.
The word is Fight, Fight, Fight for IOWA
Until the game is won.*

SCHOOL COLORS

For 40 years Iowa was without school colors, but in 1887 a group of 50 seniors met on the steps of the Old Capitol to decide what are now the school official colors. They chose Old Gold, the color of Iowa's vast corn fields and Black, the color of the rich soil.
