## Practice Attendance and Interviews

All practices are open to the media, and interviews may be conducted 15 minutes prior to or at the completion of practice. The Hawkeyes practice daily from 3:45-6 p.m. at the Field House Pool. All interviews should be coordinated by James Roe in the sports information office. Please contact him at (319) 335-9411 so that he may set up an interview time that does not interfere with the student-athlete's academic or practice schedules.

## University of Iowa Athletic Department Mission Statement

The mission of the Department of Athletics is to provide the administrative and coaching support, facilities, resources and equipment necessary for student-athletes to graduate from The University of Iowa while participating in broad-based championship-caliber athletic competition. The overall well-being of the participant and the integrity of the program will be paramount in all that we do.

## **Garland O'Keeffe**

**Head Coach  
Fourth Season  
Indiana University, 1994**

Garland O'Keeffe enters her fourth season as the head coach of the Iowa women's swimming team. In her first three seasons, O'Keeffe has compiled an 18-16 dual record, going 6-12 in the Big Ten. She has coached six all-Americans, six NCAA qualifiers and a Big Ten Champion. The Hawkeyes have also shattered 24 school records in the last three years.

O'Keeffe and the Hawkeyes had outstanding success in 2002-03. The team placed 20th with 41 points at the NCAA Championships - its highest finish and point total at that meet in school history - and crowned three all-Americans in Jennifer Skolaski, Lisette Planken and Nancilea Underwood. It was the first time during her tenure that O'Keeffe had three NCAA qualifiers, and all three came home all-Americans - the most crowned by the Hawkeyes at one national meet since 1986. Iowa posted an 8-4 overall season record, which was the first winning season under O'Keeffe, and the first for the program since 1999-2000.

During her first two seasons, O'Keeffe, coached Melissa Loehndorf and Allison Lyle to all-America status. Loehndorf earned her second all-America honor in 2001, placing 16th in the 200-yard butterfly after winning a Big Ten title that event. She earned her first all-America honor in the 1,650-yard freestyle in 1999-2000. Lyle was

O'Keeffe's first two-time all-American, earning honors in the 100-yard breaststroke in 2001 and in the 200-yard breaststroke in 2002. Skolaski became the third NCAA qualifier of O'Keeffe's career, competing in the 100 and 200-yard backstroke, and the 500-yard freestyle at the 2002 NCAA Championships her freshman year.

If there is any area where O'Keeffe wants more improvement for the team, it is at the Big Ten Championships. While the Hawkeyes have recorded 20 top-five finishes at the conference meet in the past three seasons - including 10 in 2002 - they have not placed higher than seventh as a team and have only crowned one individual champion. Two of O'Keeffe's season goals are an upper-division finish at the Big Ten meet, and to have more Hawkeyes atop the winner's stand at the end of competition.

Under O'Keeffe, Iowa's success in the classroom has matched its success in the pool. In three seasons, there have been 23 academic all-Big Ten selections, including 12 in 2002-03, and two academic all-Americans. The team has earned CSCAA academic all-America honors twice during O'Keeffe's tenure.

Prior to becoming head coach of the Hawkeyes, O'Keeffe served one season (1999-2000) as Iowa's assistant coach and recruiting coordinator, in charge of the sprint and breaststroke groups. The team enjoyed a very successful season with the help of O'Keeffe, as she coached two athletes to record-breaking performances in the 50-yard freestyle and three swimmers to NCAA consideration times.

Before coming to Iowa City, O'Keeffe was the head women's swimming and diving coach at St. Bonaventure University (1998-99). O'Keeffe coached the Bonnies to their third consecutive Atlantic 10 title in 1998 and a runner-up finish in 1999.

Prior to becoming the head coach at St. Bonaventure, O'Keeffe was the associate swimming coach at Villanova University (1996-97). She served as the Wildcat's recruiting and travel coordinator, and founded and coached Villanova's Masters Swim Team.

### **O'Keeffe in USA Swimming**

- United States National Team Member
- Placed fifth in the 400 IM at the 1988 Olympic Trials
- Silver medalist at the 1987 Pan Pacific Games in the 400 IM
- Runner-up in the 400 IM at the 1986 and 1987 Spring and Summer Nationals
- Swam world ranking performances in the 400 IM and 1,500-meter freestyle
- United States swimming all-American in the 200 and 400 IM, and the 1,500-meter freestyle
- Coached 2001 National Team Distance Camp

O'Keeffe also served as an assistant swimming coach at Eastern Michigan from 1994-96. While with the Eagles, she received her Master of Arts degree in College Student Personnel.

A 1994 graduate of Indiana University with a bachelor's degree in English, O'Keeffe's collegiate swimming career began at the University of Texas, where she was a member of the NCAA Champion Longhorns in 1990.

The next fall she transferred to Indiana, where she was selected to the all-Big Ten team for three-consecutive seasons. She was also a Big Ten finalist in 1992-94 and was the team's High Point Swimmer in 1990. In 1992, O'Keeffe set an Indiana school record in the 200-yard backstroke, which remained until 1999. In each of her three years with the Hoosiers, O'Keeffe served as the swimming team's co-captain.

Before college, O'Keeffe was a U.S. National Team member from 1986-88. She placed fifth in the 400 individual medley at the 1988 Olympic trials. At one time, O'Keeffe cracked the world rankings in four different events, including a top 10 ranking in the 400-yard individual medley.

O'Keeffe, a native of St. Louis, swam for the Sugar Creek Swim Club and the Clayton Shaw Park Swim Club.

The former high school all-American sports medals from the 1986 and 1987 spring and summer Senior Nationals (silvers in the 400-IM) and the 1987 Pan Pacific Games (silver in the 400-IM). Each time, O'Keeffe touched the wall just behind United States swimming legend Janet Evans.

Her brother, Dan O'Keeffe, is still an elite swimmer. He competed in the 2000 Sydney Summer Olympics for Guam, where both he and his sister were born. Dan swam the 100-yard butterfly.

O'Keeffe and her husband, Jay Wilson, have a son, Bailey.

**O'Keeffe is a founding member of SUMMIT, an annual meeting of elite women's swimming coaches from across the country.**

## **Marc Long**

**Assistant Coach  
Second Season  
University of Iowa, 1990**

Marc Long is in his second season as the assistant coach for the Iowa women's swimming team.

Last season, Long helped Iowa to its highest placing and point total (20th, 41) at the NCAA Championships in school history. Iowa posted an 8-4 overall season record, which was the first winning season for the program since 1999-2000.

Prior to joining the Hawkeye women's swimming team, Long served as Iowa's assistant men's swimming coach from 1998-2001. He has also served as head coach of the Iowa City Eels Swim Club (ICE) and the COHO Swim Club (Deerfield, IL). During his coaching tenure, Long has helped produce numerous state champions, record holders, and NCAA and USS national qualifiers.

As a Hawkeye swimmer, Long was a two-time Big Ten champion and NCAA finalist in the 100-yard butterfly (1988, 1989). He was also a member of the 1988 conference champion and NCAA finalist 400-yard freestyle relay team. Long was a two-time first team all-Big Ten selection and a six-time all-American. In addition, Long was a member of the 1987 Senior National Champion 400-meter freestyle relay team from San Jose (CA) Aquatics, part of Iowa's 200-yard freestyle relay that set Big Ten and NCAA records in that event and a 1988 Olympic Trials participant.

Long earned his B.S. in sports management from Iowa in 1990.

The Iowa women's swimming and diving team enters the 2003-04 season with a squad of four seniors, nine juniors, nine sophomores and five freshmen. Head Coach Garland O'Keeffe has high hopes for her team.

"If we could move up in the Big Ten standings, it would be phenomenal," said O'Keeffe. "Our bigger goal is to qualify more athletes for the NCAA Championships."

The Hawkeyes lose only two seniors from last year's squad that placed 20th at the NCAA Championships - the highest placing in school history - on the all-America performances of juniors Lisette Planken, Jennifer Skolaski and Nancilea Underwood. Skolaski and senior Christie Hooper will serve as team co-captains this season.

"I'm excited about the leadership for this season," said O'Keeffe.

The senior class is comprised of Michelle Bagi, Lisa Haunz, Hooper and Jackie Molzahn. Hooper looks to build on an impressive 2002-03 season, where she had 30 top-five finishes, including 10 wins. Her strengths will include middle distance freestyle and the butterfly. Bagi and Haunz will continue to bring strength to the backstroke and butterfly. Molzahn will add depth to the sprint freestyle events.

The large junior class will continue its strong efforts from last season. Skolaski is expected to build upon last season, where she broke school records in the 100 backstroke and

400 individual medley. Skolaski earned second team all-Big Ten honors for taking second in the 200 backstroke at the Big Ten Championships and also earned all-America honors for her eighth place NCAA finish in the 100 backstroke. She notched 33 top-five finishes, including 18 wins.

Other returning juniors are Erin Cochran, Kristen Eide, Katelyn Eustis, Molly Gable, Caitlin Girdley, Katie Haeger and Abby Van Maaren. The juniors will be a force in sprint freestyle events, with Cochran, Gable, Girdley, Haeger and Van Maaren competing. Eustis and Girdley will also add depth to the middle distance freestyle. The breaststroke events will be led by Eide, Haeger and Kunnemann, while the backstroke will look to Eustis and Van Maaren.

The sophomore class is returning Andrea Hemphill, Karen Kelly, Katie Koenig, Erica Noah, Jeni Sanderson and Kelly Werner.

**Junior Co-Captain &

**Junior Kristen Eide**

Werner led the team last season in the 100 butterfly and looks to strengthen her times not only in the butterfly, but also in the backstroke and sprint freestyle. Hemphill led the Hawkeyes in the 200 butterfly last season. Joining her in the individual medley will be Koenig. The team should also get strong performances from Koenig and Noah in middle distance freestyle. Sanderson and Kelly will compete for the Hawkeyes in the sprint freestyle events.

Newcomers for the Hawkeyes are Emmy Haeger, Katie Martin, Erin Petty, Robin Samples, Jaclyn Sarna and Joyce VanKeulen. Petty and Samples were co-champions in the 50 freestyle at the state meet last year, and will help fill the sprint freestyle events. Haeger will join them in adding depth to the sprint freestyle. Martin, a sophomore transfer from Wisconsin, is expected to bring strength to the sprint and middle distance freestyle. VanKeulen, the second athlete to hail from the Netherlands, will also add depth to the middle distance freestyle.

O'Keeffe is expecting much from the freestyle events, and especially the freestyle relay teams this year. "I'm most excited about the 800 free relay because we are very strong in the 200 free. I believe we have a good chance of qualifying for the NCAA Championships," said O'Keeffe.

As always, diving will be a strength for the Hawkeyes, although all-American Nancilea Underwood has opted not to compete this season as she has been invited to train with the US National team in preparation for Olympic trials.

**Junior All-American  
Lisette Planken**

Lisette Planken returns from an outstanding '02-03 season and an even more impressive summer. Planken finished fourth in one-meter diving and ninth in the three-meter event. She also managed to set the one-meter diving championship record at 314.90 points. Planken represented her native country, the Netherlands at the World Championship games this summer where she placed eighth in the one-meter and twenty-third in the three-meter. She also competed at the World University Games in South Korea, placing eighth in the one-meter and 10th in the three-meter. Katie Bures will help add some depth to the diving squad after sitting out last year.

"Our team continues to move in the right direction. The entire coaching staff is looking forward to building on the successes we experienced last season," said O'Keeffe.

### NCAA Championships

*March 21-23, 2003 -- Auburn, AL*

**Skolaski, Planken** and **Underwood** qualified for the 2003 NCAA Championships in Auburn, AL, and all three came away with all-America honors. Skolaski placed eighth in the 100 back (55.44) after setting a school-record 54.34 in the prelims. She also placed 20th in the 200 back (1:59.10) and 30th in the 500 free (4:50.30). Planken placed fourth in one-meter (314.90) and ninth in three-meter (499.555), while Underwood placed 11th in three-meter (491.85) and 24th in one-meter (247.25) diving. As a team Iowa placed 20th with 41 points - its highest finish in school history.

### 2002-03 Hawkeyes Enter the Field House Pool

### Records Continue to Fall

The Hawkeyes continued their record-breaking performances under Head Coach Garland O'Keeffe, setting five school and one pool record during the 2002-03 season. Jennifer Skolaski continued to smash records, breaking her own 100 backstroke time from last season (55.93) in the preliminaries of the NCAA Championships, swimming a 55.38. She also broke the 400 individual medley time in the finals of the Iowa Senior Championships with a 4:20.14. Melissa Loehndorf previously held the record, with a 4:20.65 from 1999.

Nancilea Underwood topped the records for dual and championship three-meter diving. She scored a 326.93 in the three-meter against Iowa State to break the previous record of 315.60, set in 1990 by Katy Ketoff. At the Big Ten Championships, Underwood scored 564.60 to break the record of 494.65 set in 1986 by Kelly Johnson. Underwood also broke the pool record for three-meter championship diving while competing against Truman State, scoring a 556.20. Kelly Johnson set the previous record of 491.94 in 1985.

Lisette Planken topped the one-meter championship record for six dives, scoring 314.90 points at the NCAA Championships.

### Success in the Classroom

The Hawkeyes also had success in the classroom during the 2002-03 season. Twelve Hawkeyes were named to the academic all-Big Ten team, including Kristen Eide, Katelyn Eustis, Caitlin Girdley, Katie Haeger, Lisa Haunz, Sara Kunnemann, Jackie Molzahn, Lisette Planken, Michele Schmerbauch, Jennifer Skolaski, Nancilea Underwood and Abby Van Maaren. The school record for number of academic all-Big Ten honorees is 15, set in 1991-92.

*"The best part about being a Hawkeye is the people you meet and become friends with. You are exposed to so many individuals who all have the same goal. I love the team atmosphere and the idea that everyone takes care of each other. We are like a family."*

*"Memories and opportunities, both personally and professionally, are the greatest gifts that I took with me from the University of Iowa. I formed friendships that will last a lifetime and have memories that will keep me laughing and smiling for even longer. The dedication, determination and drive that I developed as a student-athlete have opened doors for me as I pursue my career as an engineer. Attending a University as an athlete develops skills and teamwork that are priceless in the workforce and will pay off in endless opportunities. It's great to be a Hawkeye!"*

## Dr. David Skorton

### University President

David J. Skorton was appointed the 19th president of The University of Iowa on March 1, 2003. He has been a faculty member at the University since 1980. He holds joint appointments at the rank of professor in the Departments of Internal

Medicine, Electrical and Computer Engineering, and Biomedical Engineering. Skorton was appointed vice president for research in 1992 and, additionally, interim vice president for external relations in 2000. He served as vice president for research and external relations from March 2002 until he assumed the presidency. As vice president, he oversaw more than 30 administrative units and headed a research and development program that ranks among the nation's top 20 public research universities in obtaining external funding. He also continued his role as a physician, caring for adolescents and adults with inborn heart disease.

Co-founder and co-director of the UI Adolescent and Adult Congenital Heart Disease Clinic at the University of Iowa Hospitals and Clinics, Skorton has focused his research on congenital heart disease in adolescents and adults, cardiac imaging, and computer image processing. He has published numerous articles, reviews, book chapters, and two major texts in the areas of cardiac imaging and image processing. He has served in a variety of administrative positions at The University of Iowa, including director of the Cardiovascular Image Processing Laboratory (1982-1996), director of the Division of General Internal Medicine (1985-1989), and associate chair for clinical programs in the Department of Internal Medicine (1989-1992).

A national leader in research ethics, President Skorton is charter president of the Association for the Accreditation of Human Research Protection Programs, Inc., the first entity organized specifically to accredit human research protection programs. He has served on the boards and committees of many national organizations, including the American College of Cardiology, the American Heart Association, the American Institute of Ultrasound in Medicine, the American Society of Echocardiography, the Association for the Accreditation of Human Research Protection Programs, the Association of American Universities, the Council on Competitiveness, and the Korea America Friendship Society. He has traveled widely in Europe and Asia on behalf of both academic and community projects.

President Skorton is actively engaged in service to the community and to the state of Iowa, particularly in regional and state economic development. He serves on and chaired the Iowa City Area Development Group, and currently serves on the Cedar Rapids Chamber of Commerce Priority One Advisory Committee, the Technology Corridor Committee, and the Cedar Rapids Symphony Orchestra Board of Directors. He has also served on committees of the Iowa Business Council, the Iowa Department of Economic Development Board, the Governor's Life Sciences Advisory Committee, and the Iowa Research Council, of which he was president from 1999-2001.

President Skorton earned his bachelor's degree in psychology in 1970 and an M.D. in 1974, both from Northwestern University. Following a medical residency and cardiology fellowship at The University of California, Los Angeles, he came to The University of Iowa in 1980 as an instructor. He was named assistant professor of internal medicine in 1981 and assistant professor of electrical and computer engineering in 1982. He was promoted to associate professor in 1984 and to professor in 1988.

## Robert Bowsby

### Director of Athletics

Bob Bowsby, in his 13th year as director of athletics at The University of Iowa, heads a team of coaches and athletic staff members that has merged men's and women's programs to form one department that continues to rank among the

nation's best. The combined entity encompasses 24 varsity sports and an annual budget in excess of \$34 million.

As the chief administrator for Iowa's athletic department Bowsby has earned a reputation as one of the most respected, energetic and ambitious athletic administrators in the nation. His hiring of new head coaches in football, men's and women's basketball and wrestling, all in the past five years, will enable Iowa to maintain its standing as one of the most visible and successful Division I athletic programs.

The National Association of Collegiate Directors of Athletics (NACDA) named Bowsby as 2001-02 Central Region Athletic Director of the Year. He was one of four athletic directors selected in the Division I-A category. The award highlights the efforts of the athletic directors for their commitment and positive contributions to campuses and their surrounding communities.

A Waterloo native, Bowsby became Iowa's 10th Athletic Director in June, 1991 after serving in the same role at the University of Northern Iowa since 1984. He previously served as Assistant Athletic Director for Facilities at Northern Iowa.

He earned his bachelor's degree from Moorhead State University (Minnesota) in 1975 and his master's from the University of Iowa in 1978.

Bowsby has served as chair of the Big Ten Championships and Awards committee, as a member of the league's Conference and National Structure committee and was appointed as one of two Big Ten representatives to the NCAA Management Council. He was elected to chair the Management Council for the first two years of its existence.

Bowsby managed five NCAA Wrestling Championships as chair of the Wrestling Committee and has served on NCAA committees on Financial Aid and Amateurism, the Special Committee to Review Amateurism Issues and the Special Committee to Review Financial Conditions in Athletics. Bowsby is in the second year of a four-year term on the NCAA Division I Basketball Tournament Committee. He has served as an Executive Committee member with both the National Association of Collegiate Directors of Athletics and the Division I-A Athletic Directors Association and currently serves as President of the I-A Directors group.

Bowsby was also elected chair of the NCAA Olympic Sports Liaison Committee and represented the NCAA as one of two voting members on the United States Olympic Committee. Bowsby also was appointed by former United States Olympic Committee President LeRoy Walker to the NCAA/USOC Liaison Committee, chaired by George Steinbrenner and NCAA Executive Director Cedrick Dempsey. Bob has also served as a member of the Board of Governors for the National Wrestling Hall of Fame.

Bowsby is a charter member of the Iowa Olympics Committee and a current member of the Board of Directors of the Iowa Games. Bob is a board member of the Iowa Scholarship Fund, Inc. and a Board member on the Honda Awards program, which recognizes our nation's top female collegiate athletes each year.

He and his wife, Candice, have four children, Lisa, Matt, Rachel and Kyle. Bowsby was born Jan. 10, 1952.

The University of Iowa Athletic Department, under the direction of Athletic Director Bob Bowlsby for the past 12 years, is regarded as one of the top intercollegiate programs in the nation.

The men's and women's departments, operating separately for over 25 years, merged in 2001 under Bowlsby's direction. It combined nationally recognized programs for both genders into one successful and progressive athletic program.

Combining their successes on the playing fields with continued success and recognition in the classroom, UI student-athletes practice and perform in some of the best facilities in the nation, while knowing the support of their efforts and attendance by Hawkeye fans ranks among the best in the country.

While the Hawkeyes continue to compete with the best in the nation in a variety of sports, Iowa continues to boast some of the most impressive athletic facilities in the nation, operated by one of the most respected departments.

Several new projects are underway on the Iowa campus. The goal is to improve all areas of the collegiate experience for Hawkeye student-athletes. One of the latest additions to the UI campus is the Roy G. Karro Athletics Hall of Fame and Visitors Center. The Hall of Fame and a varsity soccer complex make up the first phase of a \$37 million project.

Phase two of the project includes new swimming and diving pools, and indoor and outdoor tennis facilities, in addition to bicycle and walking paths. More than \$15 million of the total cost will be generated through private giving.

Additional priorities for the Iowa program include the establishment and development of endowments for all sports

**Big-time athletics is a staple of student life at the University of Iowa.**

programs, the continued enhancement of graduation rates, and the implementation of a long-range plan to ensure Iowa's financial, academic and competitive future. As an example, all of Iowa's 13 scholarships for men's basketball are fully endowed.

The Iowa's student-athlete graduation rate has improved in each of the past 10 years and has consistently ranked above the graduation rate of all UI students. Hawkeye athletes have garnered more than 50 academic all-America honors since 1992. In 1998-99 Iowa led the Big Ten in academic all-Big Ten selections and ranked second in 1999-00. In 2002-03, over 140 Hawkeye athletes earned academic all-Big Ten recognition.

Iowa athletes have been recognized as all-Americans in their sport on more than 175 occasions during the past 12 years.

Iowa's 2002-03 athletics teams continued their trend of success. The Hawkeye football team posted a perfect 8-0 Big Ten record in winning the league title. Iowa participated in the 2003 Orange Bowl and ended the season ranked eighth nationally in both major polls. Iowa's men's and women's basketball teams have advanced to post-season play in each of the last three seasons, while Iowa's wrestling and gymnastics teams continue to rank among the best in the nation. Iowa has won six of the last nine NCAA wrestling titles and nine of the last 13 championships.

Iowa's men's gymnastics team placed sixth in the nation, while the women's gymnastics squad also advanced to the team competition at the NCAA championships. The women's softball team earned both the Big Ten regular season and post-season tournament titles, advancing to NCAA regional action for the eighth time in 10 seasons.

Iowa's field hockey squad was ranked in the top 15 in the nation throughout the 2002 season, while individual performers in track and field and women's tennis also qualified for NCAA championship competition.

From the rankings on the courts and playing fields, to the rankings in the classroom, to the rankings in fan and community support, to the ranking as a program that boasts some of the best athletic facilities in the nation, it's easy to understand why Iowa fans everywhere truly believe, "It's Great to be a Hawkeye."

**The University of Iowa student body is a fixture at all Hawkeye athletic events, making Iowa City a very difficult place for opposing teams to visit.**

Since its inception in 1979, Athletics Student Services has evolved from a two-person, academic support service to a broad-based, nationally prominent student support services operation. Its purpose is to assist student athletes to become tomorrow's leaders by offering academic and personal support services to assist them in making timely and satisfactory progress toward their degrees.

Athletic Student Services focuses on four important areas — academic counseling and monitoring, educational and support programs, retention programs and compliance services — when working with student-athletes. Following are descriptions of some of the programs, services and opportunities available to student-athletes in those areas.

### **Athletics Learning Center**

The \$4.6 million Russell A. and Ann Gerdin Athletics Learning Center, scheduled to open in August of 2003, will give all Iowa student-athletes a state of the art facility to help them with their educations.

The Athletics Learning Center is a multi-level, 20,000 square foot facility which will provide a computer center, study areas, classes and meeting places for all Hawkeye student-athletes.

The Learning Center will feature an auditorium that converts into two classrooms, separate study rooms for under and upper-class student-athletes that feature 28 study carrels, a computer lab, five tutorial rooms, the book loan repository, office space for Iowa's Student Services staff and a display area to recognize the academic accomplishments of Iowa's student-athletes.

### **Academic Counseling and Monitoring**

Athletics coordinators work closely with student-athletes and their university-assigned advisors from the time they arrive on campus until the time they leave the University. Along with focusing on academic planning matters such as goal-setting, plans of study, choosing majors and degree requirements, coordinators also help student-athletes understand NCAA, Big Ten and University academic policies. They also solicit feedback from instructors on a student-athlete's academic progress.

### **Tutoring**

Tutoring is available free of charge to all student-athletes. Tutors, who are post-graduates and teachers, help with course content as well as study strategies and are available in virtually all general education subjects.

### **Retention**

A full-time staff member directs the retention program, which identifies student-athletes who may need tailored academic assistance and structure, and implements individualized learning plans to help them succeed. Such plans may include daily and weekly planning sessions with athletics coordinators and retention staff, tutoring, study groups, mainstreaming into on-campus services like the writing center, math labs and services for students with learning disabilities.

### **Transition Seminar**

All new student-athletes attend an eight-week transition seminar during the fall semester that is geared toward helping them make the transition from high school to college successfully. Seminar topics include time management skills, learning and study strategies, the culture and rules of the university, and life skills concerning alcohol and other substances, relationships and intimacy, diversity, tolerance, values and character.

### **CHAMPS/Life Skills**

Life skills programs are conducted throughout the year with and for student athletes on quality of life issues critical to personal growth, such as personal accountability, responsible use and nonuse of alcohol, diversity and gambling.

### **Career Guidance and Development**

Planning a meaningful career and a fulfilling life is an ongoing process of expanding and narrowing choices, beginning when student-athletes arrive on campus and continuing throughout their college career and lifetime. The professional staff works with other career development professionals on campus to offer individual consultation, career development seminars, workshops, referrals to other campus offices and special events like the Senior Recognition Banquet for graduating student-athletes.

### **Minority Enrichment Program**

This program offers a culturally supportive environment in which minority student-athletes have the opportunity to develop friendships and a support network in the university. A core focus group of students and staff coordinate programs such as guest speakers, holiday celebrations, community service activities with the local neighborhood centers, events with Cultural Centers and networking with minority faculty, staff, professional and business leaders.

### **Compare the Numbers**

Iowa's student-athletes have outperformed the University's entire student population each year since the NCAA started requiring a report of student-athlete graduation rates.

When student-athletes consider their future, they should consider prospects beyond athletics. A list of all University of Iowa alumni who have distinguished themselves professionally would be difficult to assemble and could never be complete. However, some are truly outstanding in their area of expertise.

## Strength and Conditioning

The University of Iowa has two 2,000-square-foot facilities for strength and conditioning training for Olympic sport athletes. One facility is located in Carver-Hawkeye Arena and the other is located in the Recreation Building. Each facility has eight squat racks, eight Olympic platforms, multiple physio- and medicine balls, padded plyometric boxes and over 10,000 pounds of free weights. Bill Maxwell and Chad Bower oversee the programs.

The major goals of the University of Iowa strength and conditioning program are the enhancement of athletic performance while reducing the risk of injury through a progression of free weight, multi-joint exercises. Those goals are achieved through Olympic lifts, squats, plyometrics, medicine ball and physioball exercises. These multi-joint movements improve synchronization of movement, intramuscular coordination and stabilizer muscle groups.

## Athletic Training

Continuing to set the standard in Sports Medicine Service, The University of Iowa provides the student-athlete with the most up-to-date and highest-quality medical care available.

Services from the UI Hospitals and Clinics, among the world's largest university-owned teaching hospitals, support the efforts of a dedicated sports medicine staff. Located next to Kinnick Stadium, the hospital creates an environment where staff physicians, interns, and residents can care for student-athletes with cutting edge outcomes. Dedicated research and education result in outstanding care.

Athletic Training Services connect student-athletes to the various resources and specialty areas. Iowa's staff of 10 full-time athletic trainers are committed to providing quality health care, injury rehabilitation programs, and prevention programs. With physical conditioning as one of the major components of a prevention program, the athletic trainers work closely with strength coaches to pave the way for safe and effective participation.

The recently remodeled Carver-Hawkeye Arena (CHA) training room is one of the most modern, respected facilities in the nation. Traditional therapies include whirlpools, hot and cold units, rehabilitation weights, pulleys, and machines. Other therapeutic equipment available for athletes include ultrasound, electrical stimulation, traction, and external compression units. Also available are such state-of-the-art equipment as the CYBEX 6000 (isokinetic exercise and testing device). Preparation activities, medical care and rehabilitation are provided for the basketball, softball, field hockey, soccer, volleyball, golf, wrestling, track and cross country teams.

### Jacobson Training Room

The Jacobson training room is used primarily by the football team for rehabilitation, conditioning and team preparation. The facility features a lap pool, treadmill, CYBEX weight equipment, Biodex isokinetic machine, Fastex, slide board, partial basketball floor, two stairmasters, five bikes and six whirlpools.

### Field House Training Room

The Field House training room is used by the swimming and diving, gymnastics, and rowing teams. It supports medical care with ultrasound, whirlpools, hot and cold packs, high-voltage galvanic stimulation, electrical stimulation, and T.E.N.S.

### MARV (Mobile Athletic Repair Vehicle)

MARV, a large white medical facility on wheels, can be seen during such events as track meets and golf and softball tournaments. MARV allows Hawkeye athletic trainers to provide full first aid, taping, and treatment services. It is also utilized throughout the year as a portable training room and indoor shelter for the Iowa field hockey team.

### An Exceptional Choice

Since 1847, The University of Iowa has distinguished itself as a leader among public universities. Today its programs in health, business, engineering, education, law, the arts, communications, and the sciences are known worldwide for their excellence and innovation.

### Outstanding Academic Opportunities

Iowa offers degrees in 11 colleges: Business, Dentistry, Education, Engineering, Law, Liberal Arts and Sciences, Medicine, Nursing, Pharmacy, Public Health, and the Graduate College. Undergraduates can choose from more than 100 areas of study.

### A Fun Place to Call Home

Iowa City is a classic university town where learning and creating truly matter. The city blends the vibrant University campus and the natural beauty of the Iowa River with nearby shopping, entertainment, and residential areas.

### Commanding Resources

The University operates one of the largest research library systems in the country. Iowa equips its classrooms and laboratories with the latest in computer technology. Students benefit from this technology-rich environment coupled with the high personal attention of University faculty and staff. Visit the University's web site at [www.uiowa.edu](http://www.uiowa.edu) to take a virtual campus tour or find out more about its programs of study.

### More Than a Taste of the Arts

Hancher Auditorium, the University's outstanding arts showplace, presents an amazing array of world-renowned performers, and students may purchase tickets to performances at reduced rates. Premier works of art are displayed not only at the Museum of Art but in most University buildings and plazas throughout campus. Students may participate in theater, music, and dance groups.

### Time and Space to Play

Every year about 90 percent of Iowa's students make use of the University's recreational

**The University of Iowa College of Law is one of the best and most respected law schools in the country.**

## RESIDENCE

Ninety percent of freshmen choose to live in one of the University's ten residence halls. Each team has its own rules regarding residence of incoming freshmen. Most student-athletes live at least two years on campus.

The University residence halls provide students full-service dining rooms, study lounges, laundry facilities, recreational facilities, as well as vending and bank machines. Residence hall rooms currently have high-speed ethernet connections that give you e-mail and Internet access in your room.

## SAFETY

\*11:55 p.m. - 2:25 a.m.: Free SafeRide buses take students home Fridays and Saturdays.

\*15 special telephones with blue lights are a direct link to the Department of Public Safety and are situated throughout the Iowa campus.

\*During summer orientation, campus security personnel educate students on safety.

\*Rape Victim Advocacy Program cooperates with the Department of Public Safety and participates in Sexual Crime Awareness Week.

## LIBRARIES

The University of Iowa's library system is the largest in the state and has over 4 million volumes. Students also have access to the collections of other libraries throughout the Big Ten Conference via computer network. Besides the Main Library, The University has 12 departmental libraries: Art Library, Biological Sciences Library, Business Library, Chemistry-Botany Library, Engineering Library, Geology Library, Hardin Library for the Health Sciences, Mathematical Sciences Library, Rita Benton Music Library, Physics Library, Psychology Library and Law Library.

## COMPUTERS

There are 26 Instructional Technology Centers all over the campus which are filled with thousands of computers. These facilities are open at least 50 hours a week. Some are open 24 hours. Also, the Information Arcade in the Main Library provides a variety of specialized computing tools.

The Computer Demo Center provides information for students who want to purchase computers and software.

## CAREER DECISIONS

Finding and pursuing a career takes careful planning. The Career Center is extremely valuable for student-athletes. The program suggests a time line each student-athlete may follow throughout her stay at Iowa. The components of the program include:

- \*Individualized career counseling
- \*Career information programs
- \*Summer job/ internship opportunities
- \*Resume and cover letter writing
- \*Portfolio development
- \*Preparing for life after college athletics

## SKILLS LABS

The University provides Skills Labs to help students improve a variety of skills necessary to succeed at Iowa: writing, reading, speaking, science, note taking, time management, test taking and foreign languages.

## HEALTH SERVICES

The University of Iowa provides the student-athlete with the most up-to-date and highest-quality medical care available. Students at Iowa can go to Student Health Services, which is open six days a week. Student Health Services is supported by a fee paid by all full-time students. It offers students unlimited free office visits (there is a charge for other procedures done in the office such as blood tests).

## CULTURAL CENTERS

There are three houses on campus that offer students from different ethnic backgrounds a place to congregate, the Latino and Native American Cultural Center, the Afro American Cultural Center and the Asian Pacific American Cultural Center.

## CAMBUS

There are six bus routes throughout the Iowa campus. The University Cambus provides over four million free rides to class and to the dorms for students each year. Some routes run seven days a week, and some run until 2:30 a.m. Cambus also operates a specialized transportation service for persons with disabilities.

## The Iowa City Community

Iowa City is a diverse, highly cosmopolitan community of 60,000 set in the natural scenic beauty of Iowa's rolling hills and woods along the tree-lined banks of the Iowa River. Iowa City has all the art galleries, ethnic foods, historic architecture and vibrant atmosphere of a much larger city, but with the compactness and friendly feeling of a small town.

As a place to live, Iowa City keeps winning awards and accolades - Named one of the ten most enlightened towns in the country by *Utne Reader*, listed in the book *The 100 Best Small Art Towns in America* and selected the number-one place to live in the nation by *Editor & Publisher* magazine.

Economically, businesses such as Rockwell Collins, American College Testing and Procter & Gamble help keep the city booming. In Coralville, a branch office of Geico Auto Insurance has provided many residents with employment opportunities.

Culturally, Iowa City is alive with concerts, art exhibits, readings, plays and art events of all kinds. Located on the University of Iowa campus, Hancher Auditorium is a nationally-known performance center that brings in the best of Broadway, classical and jazz music, dance and other performances. The University of Iowa Theater Arts department also produces a full schedule of plays each year, featuring the work of student performers and directors. So whether you enjoy the arts as a spectator or as an outlet for your own creativity, Iowa City has the opportunities.

Residents of Iowa City are not only economically and culturally enriched, they also take advantage of the numerous recreational facilities offered around town. The area's more than 30 parks provide opportunities for year-round activities including boating, hiking, swimming, fishing and skiing.

The city's greatest charm, however, remains the sincere friendliness of its citizens, the cosmopolitan atmosphere and the successful partnership built between the community and the University.

**Iowa City is located in eastern Iowa and is an easy trip to such cities as Des Moines (the capital of Iowa), Chicago, St. Louis, Kansas City, and Minneapolis. Also, Cedar Rapids, a city of more than 150,000, is just a short drive north of Iowa City. The Eastern Iowa Airport, which links residents to every major airport in the Midwest, nation and world, is only 20 minutes away.**

**The "Ped Mall" is a relaxed, no-cars-allowed outdoor plaza in the heart of downtown Iowa City which has cafes, boutiques, outdoor food vendors and street performers.**

**The Coral Ridge Mall is the largest shopping mall in Iowa.**

**OLD CAPITOL**

One of the most recognizable sites in Iowa City is the gold dome of the Old Capitol which is situated in the heart of downtown. Built in 1840, it is Iowa City's most historic building. The Old Capitol was the site of the first governor inauguration as well as the first six Iowa General Assemblies. It is also where the state's Constitution was drafted. When the capital was moved to Des Moines in 1857, the Old Capitol was dedicated to The University of Iowa, becoming the first building owned by the University.

**CORALVILLE LAKE**

Just north of Iowa City is Coralville Lake, an outdoor recreational area that offers a variety of opportunities for the public. Coralville Lake offers picnic shelters, biking, hiking, fishing, boating, swimming, hunting, camping, snowmobiling, cross country skiing, golf and disc golf.

**PEDESTRIAN MALL**

Located downtown and in walking distance of many of the University's dormitories is the Pedestrian Mall. It is a perfect place to sit outside and study or hang out with friends. During the fall, spring and summer months there are concerts and art festivals in the Pedestrian Mall.

**CORAL RIDGE MALL**

The Coral Ridge Mall is a 1.2-million-square-foot shopping center located just minutes from the UI campus. The center combines a mix of over 120 specialty shops and strong department stores including Dillards, JC Penney, Sears, Target and Youngers. Coral Ridge also offers entertainment features such as an NHL-regulation-sized indoor ice arena, state-of-the-art 10-screen movie theatre and a large carousel along with a 1,000-seat food court with sit-down restaurants. Specialty stores include Abercrombie & Fitch, Barnes & Noble, Gap, Old Navy, Scheels All Sports and Pier 1 Imports.

## THE HAWKEYE NICKNAME

The University of Iowa borrowed its athletic nickname from the state of Iowa many years ago.

The name Hawkeye was originally the name of the hero in the fictional novel, *The Last of the Mohicans*, written by James Fenimore Cooper. Cooper had the Delaware Indians bestow the name on a white scout who lived with them.

In 1838, 12 years after the book was published, people in the territory of Iowa acquired the nickname, chiefly through the efforts of Judge David Rorer of Burlington and James Edwards of Fort Madison.

Edwards, editor of the *Fort Madison Patriot*, moved his paper to Burlington in 1843 and renamed it the *Burlington Hawkeye*. The two men continued their campaign to popularize the name, and territorial officials eventually gave it their formal approval.

## HERKY THE HAWKEYE

The Hawkeye nickname gained a tangible symbol in 1948 when a cartoon character, later to be named Herky the Hawkeye was hatched. The creator was Richard Spencer III, instructor of journalism at Iowa.

The impish Hawk was an immediate hit and acquired a name through a statewide contest staged by the athletic department. John Franklin, a Belle Plaine alumnus, was the man who suggested Herky.

Since his birth more than 45 years ago, Herky has symbolized Iowa athletics and epitomized University life. He even donned a military uniform during the Korean War and became the insignia of the 124th Fighter Squadron.

During the mid-1950s, Herky came to life at a football game as the Iowa mascot. Since that time, Herky has been a familiar figure at Iowa athletics events.

## SCHOOL FIGHT SONG

The Iowa Fight Song was written in 1950 by Mason City, Iowa, native Meredith Willson. Best known as the creator of Broadway's "The Music Man," Willson was awarded a 1963 University of Iowa Alumni Association Distinguished Service Award for "setting the spirit of Iowa to music." The lively cheer is sung hundreds of times during Iowa athletics events the year around.

*The word is Fight, Fight,  
Fight for IOWA  
Let every loyal Iowan sing;  
The word is Fight, Fight  
Fight for IOWA  
Until the walls and  
rafters ring  
(Go Hawks!)  
Come on and cheer,  
cheer, cheer  
for IOWA  
Come on and cheer until you hear  
the final gun.  
The word is Fight, Fight, Fight for IOWA  
Until the game is won.*

## SCHOOL COLORS

For 40 years Iowa was without school colors, but in 1887 a group of 50 seniors met on the steps of the Old Capitol to decide what are now the school official colors. They chose Old Gold, the color of Iowa's vast corn fields and Black, the color of the rich soil.
