

THE UNIVERSITY OF IOWA

Intercollegiate Athletics

Office of the Director
Athletic Office Building
IOWA CITY, IOWA 52240

July 5, 1973

It's again time to drop a note your way to keep you up-to-date on the latest in Iowa City.

When you receive this letter, we should be close to the start of moving our baseball stadium to a new location west of the recreation building. This will be a beautiful baseball field and will greatly improve parking conditions for football and basketball.

As we look back at the 1972-73 year, our coaches seem to be satisfied that progress was made toward building over-all championship teams. As you know, all of our teams were young and inexperienced, but will return for the '73-'74 season more mature and proficient athletes and the foundation to a sound program is set with great days ahead. Our coaches also feel that they have recruited some outstanding young men to fill the areas needing help. You will, of course, receive letters from Coaches Frank Lauterbur and Dick Schultz, with the complete resumes of the new recruits and the contributions you may expect from them in the coming year.

We are much encouraged and pleased by your enthusiasm toward our scholarship program and wish to thank each and every one of you who have contributed for your great help. Although contributions continue to come in daily, we should like to encourage those of you who have not yet responded, to do so through your local contact or other regular channels. It is your interest and support that will speed the University of Iowa HAWKEYES to VICTORY.

Hope to see you this summer and please let me know if I can be of assistance to you in any way.

Sincerely,

C. W. Elliott
Director
