50	40	Waiwherowhero Drive	Sandwich Road to Bryant Road	September 2023

#### 7. Hamilton Speed Management Plan review - Submissions and Hearings report

<u>Donna Barraclough</u> spoke to her submission which objected to amendments to the Speed Management Plan and outlined her experiences as an ambulance officer.

<u>Phil Evans</u> (Bike ACTION Hamilton) spoke to their submission in support of the proposed amendments to the Speed Management Plan and outlined the positive impact that it could have for the community.

<u>Liam Carter</u> (Ride your Trike NZ) spoke to their submission and thanked Council for the work that had been undertaken.

Jordan Jamieson provided a verbal submission to the Speed Management Plan in support of safer speed areas and noted the large number of incidents that he has seen due to speed.

<u>Peter H Bos</u> spoke to his submission in support of the amendments to the Speed Management Plan in particular Bader street being a high priority.

<u>John Butler</u> spoke to his submission in support of the amendments to the Speed Management Plan and suggested that all suburban streets should be reduced to 40km.

<u>Vaughan</u> (via Zoom) spoke to his submission which was in support of the decreased speed limit on residential streets but not in commercial and central areas.

<u>Bill McMaster</u> (Automobile Association – Waikato District) spoke to their submission in strong support of the amendment to the Speed Management Plan, suggested some additional changes in relation to arterial routes, signage, and road markings. He responded to questions from Members concerning the number of members which he represented which was 70,000.

Melissa Smith (Bike Waikato) spoke to their submission noting the points that could be strengthened regarding proactive measures to increase walking and cycling.

Members asked questions concerning the consultation process. Members asked that the following matters are addressed in the deliberations report:

- financial plan for infrastructure changes;
- how specific feedback was to be addressed in future changes;
- what infrastructure measure could be put in place in areas of high incidents;
- how to consult with emergency service providers;
- data;
- use of variable speed limits;
- communication of changes.

**Resolved:** (Cr Donovan/Cr Hutt)

That the Traffic, Speed Limit and Road Closure Hearings Panel:

- a) receives the report;
- b) hears and considers public submissions regarding the consultation process that was held from 7 June to 5 July 2023 on the draft 2024 Hamilton Speed Management Plan; and
- c) notes that a Deliberations and Adoption Report that includes feedback from the consultation and hearings will be brought to the Infrastructure and Transport Committee meeting on 21 September 2023.

#### 5. Parking Restrictions and Traffic Bylaw Changes

Mr Dileep Rajendran gave a verbal submission regarding the proposed bus stop at 51 St James Drive and addressed his concerns of privacy with its placement. A copy of his presentation is attached to these minutes as Appendix 1.

The Network & Systems Operations Manager then introduced the report and noted in particular the actions undertaken by staff concerning Liverpool Street since the last meeting. Staff responded to questions from Members concerning the locations of other bus stops on St James Drive, the consultation that would occur prior to the next meeting regarding parking on Liverpool Street, and the number of additional mobility parking spaces added to the central city and Hamilton East area.

**Resolved:** (Cr Wilson/Cr Donovan)

That the Traffic, Speed Limit and Road Closure Hearings Panel does not approve the installation of 15m bus stop outside #51 St James Drive.

Those for the Motion: Cr Donovan, Councillors O'Leary and

Wilson

**Those against the Motion:** Councillors Casey-Cox, Hutt and van

Oosten

# The Motion was declared equal. The Chair casting vote and the motion was declared CARRIED.

**Resolved:** (Cr Wilson/Cr Donovan)

That the Traffic, Speed Limit and Road Closure Hearings Panel:

a) receives the report; and

b) approves the changes to parking restrictions and controls as set out in the table below:

Location	Amendments to current restrictions

c) approves the following changes to the Traffic Bylaw 2021 registers:

i. Cycle Path Register

Location	Description
Collins Road	(i) Cycle Path beginning from the intersection with Deanwell
	Avenue, progressing 40 metres in West direction.
<u>Deanwell Avenue</u>	(i) Cycle Path beginning from the intersection with Collins Road,
	progressing 25m in South direction.
	(v) Cycle Path on the Western side of Grey Street from the
	intersection of Naylor Street, progressing 30m in South direction.
	(vi) Cycle Path on the Eastern side of Grey Street from the
	intersection of Naylor Street, progressing 30m in South direction.
Grey Street	(vii) Cycle Path on the Western side of Grey Street from the
	intersection of Naylor Street intersection, progressing 40m in
	North direction.
	(viii) Cycle Path on the eastern side of Grey Street from the
	intersection of Naylor Street, progressing 15m in North direction.
<u>Hukanui Road</u>	(i) Cycle Path on Western Side of Hukanui Road from the

	intersection of Wairere Drive, progressing 60m in North direction.
	(ii) Cycle Path on Eastern side Hukanui Road from the intersection
	of Wairere Drive, progressing 75m in North direction.
	(iii) Cycle Path on Western side of Hukanui road from the
	intersection with Wairere Drive, progressing 25m in South
	direction.
	(i) Cycle path on the Western side of Quentin Drive from the
Quentin Drive	intersection with Kahikatea Drive, progressing 20m in North
	direction.
	(i) Cycle Path on Northern side of Naylor Street from the
	intersection of Grey Street, progressing 45m in East direction.
	(ii) Cycle Path on Southern side of Naylor Street from the
	intersection of Grey Street, progressing 25m in East direction.
Naylor Street	(iii) Cycle Path on Northern side of Naylor Street from the
	intersection of Grey Street, progressing 30m in West direction.
	(iv) Cycle Path on Southern side of Naylor Street from the
	intersection of Grey Street, progressing 40m in West direction.
	(i) Cycle path on the Western Side of Taiatea Drive from the
	intersection of Te Wetini Drive, Progressing 105m in South
	direction.
Taiatea Drive	(ii) Cycle Path on the Eastern Side of Taiatea Drive from the
	intersection of Te Wetini Drive, Progressing 105m in South
	direction.
<u>Te Wetini Drive</u>	(i) Cycle Path on Northern side of Te Wetini Drive from the
	Intersection of Taiatea Drive, progressing 245m in East Direction.
	(ii) Cycle Path on Southern side of Te Wetini Drive from the
	Intersection of Taiatea Drive, progressing 245m in East direction.
	1

ii. Special Vehicle Lanes Register – Part 1: Cycle Lanes Register

Location	Description
	(i) Westbound Cycle Lane from the intersection with Pukenga
	Avenue, progressing 60m to the intersection with Te Wetini Drive.
<u>Taiatea Drive</u>	(ii) Eastbound Cycle Lane from the intersection with Pukenga
	Avenue, progressing 105m m to the intersection with Te Wetini
	<u>Drive.</u>
<u>Te Wetini Drive</u>	(i) Northbound Cycle Lane from the intersection with Taiatea Drive,
	progressing 175m to the intersection with Akoranga Road.
	(ii) Southbound Cycle Lane from the intersection with Taiatea
	Drive, progressing 175m to the intersection with Akoranga Road.

The meeting was declared closed at 11:53am.

#### Appendix 1

## **Overview**

- Lack of consideration of privacy and safety of residents.
- Poor planning | Safety issues.
- Poor responses from HCC | Misinformation | Incomplete | Deflection.

# Lack of consideration of resident's privacy

# Property front doors

Back to top

To maintain privacy, try to avoid positioning bus stops outside the front door of residential properties.

Identify opportunities to use existing hedges or fences of private properties to give occupants privacy, without unduly compromising appropriate bus stop spacing or requiring customers to wait in secluded locations.

Traffic, Speed Limit and Road Closure Hearings Panel 8 AUGUST 2023 - OPEN

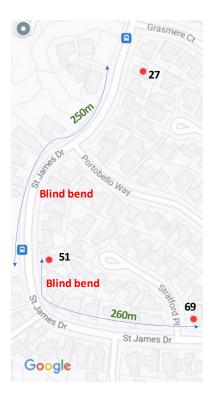

# **Safety Issues**

- Compounding factors:
  - On a blind bend on both sides— Have seen many close encounters.
  - Directly opposite another bus stop.
  - Very close to my steep driveway which requires reversing a car onto the road.
  - Spoken with neighbours

## My Submission

 "I would also like to address the close proximity of our house to two other planned stops at 27 and 69 St James Drive.
 Could you please provide the rationale for establishing three stops in such proximity to each other?"

### **HCC Urban Mobility Assistant Engineer Response**

• "In regards to the distance for each stop, we're following the required guidelines set by Waka Kotahi (NZTA) BUS STOP SPACING GUIDANCE. Recommended spacing is amaximum distance of 400m. You can see the existing bus stops on the map spaced out accordingly we are simply following the same layout as per the guidelines with the new bus stops. This is done to ensure optimal spacing and to create a balance between the passenger need and the bus operator's requirement to run an efficient service. Most people in the bus service catchment area have about a 5-minute walk to or from the nearest bus stop. For buses to offer a real alternative to private cars, they must be within a comfortable walking distance from people's origins and destinations."

## **Waka Kotahi Guidelines Summary**

- Spacing: 250-800m or more
  - 400m general recommendation in the range for very densely populated areas.
  - 400m is not a maximum.
  - Should be no less than 250m(minimum).
  - More frequent stopping pattern around major trip generator (cityentre / community facilities).
  - Five-minute walk to bus stop.

 $\frac{https://www.nzta.govt.nz/walking -cycling-and-public-transport/public-transport/public-transport/gublic-transport/gublic-transport/public-transport/public-transport/public-transport/public-transport/public-transport/public-transport/public-transport/public-transport/public-transport/gublic-transport/public-$ 

## **Summary**

- Lack of consideration of privacy and safety of residents.
- Poor responses from HCC Misinformation | Incomplete | Deflection.
- Poor planning and safety issues:
  - Bus stop spacing for citycentre or major trip generator (250260m).
  - Bus stop can be removed—Well within Waka Kotahi guidelines.
  - Blind bend on each side.
  - Near a steep driveway.
  - Directly opposite another bus stop
  - · Better safe than sorry
