

## Appendix 13: Network Utilities and the Electricity National Grid Corridor

### 13-1 Areas with Historic Heritage Values or Visual Amenity Values

**Note**

*In terms of the National Environmental Standards for Telecommunications Facilities (2008), this schedule identifies areas with historic heritage values or visual amenity values. Rules in this appendix make the installation of telecommunications facilities (mainly telecommunications masts, antennae, and cabinets) located within the Transport Corridor Zone within these areas a restricted discretionary activity.*
